East Coast Maritime Tieup Ends

Workers In Favor Of Truce

Accept 13-Cent Boost In Pay

NEW YORK — (AP) — President John P. Ryan of the AFL International Longshoremen's association last night announced the end of his union's east coast strike.

"The men will be back on the piers Sunday morning for anyone who asks them to work," Ryan said.

Ryan made his announcement the moment enough returns were in to show the 65,000 striking east coast longshoremen had voted to accept a compromise agreement for a 13-cents-an-hour raise.

Acceptance of the terms ended a walkout started 18 days ago when they voted to reject a previous compromise on a 10-cent raise.

The stoppage added up to more than a million man-days on strike, besides thousands of railway, trucking and other workers laid off by the paralysis of business.

It was a paralysis that gripped New York harbor — the world's large seaport—and the coast from Maine to Virginia.

The strike immobilized the world's mightiest liners, and blocked mails and trade.

On the west coast, 27,000 dock workers in the CIO union headed by Harry Bridges were taking part in the voting but their balloting will not be completed until today.

The only announced opposition to the new Atlantic coast pact came from a group of Brooklyn longshoremen who staged a mass meeting of protest Friday and called another meeting for last night.

TIEUP LENGTHY

The shipping shutdown has lasted 87 days on the Pacific coast, one of the longest maritime tieups in history, and 18 days in the east.

More than 500 ships have been tied up and estimated losses have been huge.

Pacific coast shipowners place the cost of the tieup there at about $344,000,000. At the Atlantic ports, $30,000,000 worth of Marshall plan goods and millions of dollars worth of commercial cargo are jammed up.

Thousands of employes of steamship lines, railroads, trucking firms and cargo companies have been laid off in the strikes.

A return to work on the east coast also will end the snarl in transatlantic passenger travel, which has caused many liners to be diverted to Halifax and others to cancel voyages entirely.

The America, queen of the U. S. passenger fleet, is booked to sail for Europe next Wednesday. The Queen Elizabeth, world's largest liner, is scheduled to sail from Southhampton for New York today.

Under the east coast settlement worked out with the help of federal mediators, the dock workers will get a 13-cent boost in basic pay of $1.75 an hour and a 19½ cent increase in the night and overtime rate of $2.62½.

The agreement rejected by the longshoremen two weeks ago called for a 10-cent hike in the basic rate.

The new contract being voted on by west coast dock workers provides for a 15-cent increase in the $1.67 basic hourly rate.

Both settlements also carry other benefits.

Detention Problem Grows

The possibility that Richland county will be without a juvenile detention home after Dec. 31 loomed today.

County probate court was told several months ago it would have to give up its detention quarters in the Salvation Army after the first of the year.

Probate Judge Stuart H. Cramer said yesterday he had searched in vain for suitable quarters elsewhere, and a renewed request for use of the Salvation Army rooms has been rejected.

He said a letter from George Smith, president of the Salvation Army board, informed him that the board members "all insist that the Salvation Army should be relieved of the detention home, and it also has been requested by the Army headquarters in Cleveland."

Smith pointed out that some of the young people sent to the detention home must be guarded and under constant care, and he emphasized that the facilities there make that impossible.

OFFERS SUGGESTIONS

He proposed that a detention home bet set up at the county jail or Richland County Children's home.

Judge Cramer said the idea of using the city or county jails as a detention home was "unthinkable." He said the search for a suitable place was continuing.

Judge Cramer said there is a constant demand for a detention home. He cited the case of a 17-year-old Indiana girl, apprehended here last Wednesday as a runaway, as emphasizing the need for a detention home. He said a home was a definite need in the community program of the juvenile court.

In a letter to Smith, Judge Cramer said he felt "the services rendered by the Salvation
(Continued on Page 8)

Blizzard Heads East

A western blizzard is headed toward Ohio, but it probably will be rain by the time it gets here this afternoon or tonight, the weatherman indicated.

The blizzard struck the Texas and Oklahoma Panhandles and southwestern Kansas yesterday with winds up to more than 50 miles an hour piling snow in huge drifts.

The storm was reported moving eastward, and diminishing in intensity. It is expected to reach Ohio, Kentucky and Tennessee today but the snow will have changed to rain and the winds will have decreased in velocity, the weather bureau said.

Winds of near hurricane force yesterday whipped a raging forest and brush fire on a high southern California mountain, threatening the Camp Baldy resort area. More than 200 fire fighters aided rangers in sub-freezing temperatures in an effort to keep the flames from roaring down San Antonio canyon on several hundred cabins.

Meanwhile, in Alabama, rivers continued to rise after unusually heavy rains. They were reported spilling over their banks into some low areas. However, the weather bureau at Montgomery said only minor flood damage is expected, unless another rainstorm strikes almost immediately.

$172,000 Gone; Banker Arrested

ROCHESTER, N. Y. —(AP)— A Rochester bank executive was under arrest Saturday on charges of falsifying bank records for 15 years to cover an alleged deficiency in bank accounts. Investigators said the alleged deficiency might reach $172,000.

Henry P. Schlenker, 52, was arrested Friday night. He is comptroller of the Union Trust company and has been a bank executive more than 30 years.

READY TO ROLL..These new 27-passenger Ford buses were hauling passengers in Mansfield today. They are the last of 15 placed in service during the past year. Howard Maier, maintenance superintendent for Mansfield Rapid Transit, Inc., points out some of the new features to Mechanic Lloyd Howell.

New Buses In Service

Last of 15 Ready Today

Five shiny, new buses went into operation in Mansfield this morning.

They are the last of 15 new vehicles purchased by Mansfield Rapid Transit, Inc., to replace equipment destroyed by fire a year ago.

Three of the new buses were placed in service on the Park avenue west line and the others on the Hedges-Fairground line.

The city transportation system now has 24 new or reconditioned buses ready to serve Mansfield, C. M. Ross, superintendent of Mansfield Rapid Transit, said yesterday. The new buses cost $190,000.

Thirteen buses are used on regular runs, with seven extras added during rush hours, making a total of 20 buses actually used in daily operations, Ross said.

The seating capacity of the new Ford buses is 27 passengers. Delivered fully equipped, the buses need only the installation of fare boxes and a few incidentals.

'Comic Book' Slayers Guilty

DAWSON CREEK, B. C.—(AP) —Convicted of the "comic book" murder of a 65-year-old farmer, two boys, 11 and 13 years old, were committed Saturday to the care of juvenile authorities.

They admitted imitating comic book-inspired desperadoes in the fatal shooting of James Watson, Kilkerran district farmer. He was shot while riding home in an automobile Nov. 12, and died in a hospital four days later. The boys were found guilty of murder.

At the inquest the jury recommended "steps be taken . . . to censor the more lurid type of comic which is apt to encourage crime."

Election Action Still Stirring

Republicans Want Vote Checkup Made

SAN FRANCISCO—(AP)—A study of the California presidential ballot at the precinct level was asked of Republican county chairmen Saturday to determine if there is a basis for a vote recount.

The study was requested by National Committeeman McIntyre Fairies, who informed a meeting of the Republican state central committee it had been asked in a letter from the Republican national chairman, Hugh Scott, Jr.

Fairies said similiar requests had been made on GOP party officials in Ohio and Illinois, although leaders there said they had not received them.

In Chicago, however, Illinois GOP Chairman Paul C. Rosenquist said he would meet with state committee members to discuss the situation and probably look into possible need for a review.

Fairies said he understood a review of the Nov. 2 vote, in which President Truman carried California, Ohio and Illinois by small margins, was to determine "if the results were in accord with the vote."

It seemed unlikely, however, California Republican leaders would demand a recount although Fairies commented: "Our faces would be red if we found we had the wrong President."

In all three states, the presidential ballot was relatively close. A reversal of the electoral vote of the three states from Truman to Dewey would have given Dewey the victory. If neither candidate obtained the required majority of 266 electoral votes, the outcome would be determined by the House of Representatives.

RECONSIDER APPLICANTS

PARIS —(AP)— A big majority of the United Nations voted Saturday for reconsideration of the membership applications of six countries barred from the U. N. by Russian vetoes.

Blaze Nears Resort Area

LOS ANGELES — (AP) — Winds of near hurricane force whipped a raging blaze on one of Southern California's highest peaks Saturday, threatening the picturesque Camp Baldy resort area.

Rangers directed more than 200 fire fighters in sub-freezing temperatures, seeking to make a stand before the fire roars down San Antonio canyon on several hundred cabins.

Winds as high as 70 miles an hour were reported on 10,800-foot Mt. Baldy, as the fire blazed through 800 acres of Jeffery and Lodgepole pine and chapparel, dry as tinder from desert winds and two of the driest years on record.

San Antonio canyon is in the San Gabriel mountains about 30 miles east of here. The blaze itself is burning in both Angeles and San Bernardino National forests.

CONNEAUT SETS RECORD

CONNEAUT—Conneaut Harbor set a new peacetime record for iron ore receipts yesterday when the D. M. Clemson of the Pittsburgh Steamship company unloaded 12,026 tons to bring the season total to 10,939,500 tons.

2 Nations Disagree On Unity

French, British Programs Differ

PARIS — (AP) — France and Britain last night presented rival plans to a five-nation unity committee attempting to lay the foundation for a European federation.

The French foreign ministry announced in a communique that Britain proposed a "Council of Europe." France put forward a plan for a "European Consultative Assembly." Belgium, the Netherlands and Luxembourg are also represented at the conference.

The communique did not give details of the proposals. Britain is known to favor regular meetings of a kind of European cabinet composed of ministers appointed by and responsible to each of the governments.

British sources have criticized as "just another talking shop" a French plan for a "Parliament of Europe."

Both the British and French plans would give the proposed European political organization only advisory powers.

SESSIONS SECRET

The unity committee is meeting in closed sessions here until January when its recommendations will go to the foreign ministers of the five countries.

The British proposal was presented by Hugh Dalton, a minister in the British government who heads his country's delegation. Dalton made it clear that additions and changes to his plan are to be expected.

The French plan was expounded by former Premier Paul Reynaud and Guy Mollet, secretary of the French Socialist party, who is deputizing for elder statesman Leon Blum.

Delegates from the other three countries represented asked for and got additional information—but the communique did not specify what it was.

CIO Smacks Leftwingers

PORTLAND, Ore. —(AP)—The CIO smacked down one of its left-wing unions Saturday.

Its executive board ordered the Farm Equipment Workers union to give up its identity and join the United Auto Workers.

This was the first action growing out of the CIO convention which established the right wing in full control, determined upon a big nationwide organizing "crusade" and adjourned Friday.

The United Auto Workers (UAW), which has more than 900,000 members, and the Farm Equipment Workers (FE), which has perhaps 42,000, have been battling for years over the organizing of people in farm equipment factories.

Police Hold Ex-Railroader At Willard

(By Staff Correspondent)

WILLARD—A 78-year-old retired railroad engineer confessed to police last night he beat his wife, 65, to death with a hammer because "we have argued for 20 years and I got tired of it."

William Bonnett, a stab wound in his chest and cuts on his hands and arms, was found at 6 p.m., Saturday sitting beside the blood-spattered body of his wife, Maude, in their tiny apartment a half block from the Willard police station.

Police said Mrs. Bonnett apparently had been dead for eight hours, her husband remaining beside the body in the living room. He was seated near the telephone and appeared dazed, officers said.

The Bonnetts' son-in-law, Milo Simpson, stumbled onto the gruesome scene when he went to the home to visit the elderly couple.

Mayor Ray A. Snook said Bonnett readily confessed the slaying, in the presence of three Willard police officers. The police were summoned by Simpson's small son who was with his father when the body was found.

Police said a bloody hammer, butcher knife and a broken glass vase were found in the living room which showed evidence of a desperate struggle.

They said Bonnett apparently was stabbed and slashed by his wife as she attempted to fight off his attack. Mrs. Bonnett used the knife, which had been obtained from the kitchen, and the vase as weapons, officers believe.

Deputy Coroner Charles Edel of Huron county said there were bruises over most of Mrs. Bonnett's body.

TAKEN TO HOSPITAL

Bonnett was taken to Willard Municipal hospital where he was held last night under police guard. His wounds were not believed serious.

"He has confessed; it's a plain case of murder," Sheriff Harry Broome said at Norwalk. He said a murder charge would be drawn up in the Willard mayor's court.

Bonnett will be arraigned before Mayor Snook as soon as the aged man's condition permits, the sheriff added.

Bonnett was employed by the B. and O. railroad before his retirement a number of years ago.

Hundreds of Saturday shoppers passed the scene of the slaying unaware of the tragedy. The Bonnett apartment is over the Wilcox market at 14 Myrtle avenue in the business district.

Police were amazed that no one heard screams in the apartment during the attack.

Mrs. Bonnett's body was taken to the Fink funeral home. Arrangements for services had not been made late last night.

Bride Can't Decide Who's 'Best Man'

CHICAGO — (AP) — Claude Koch, 30, was a somber best man Saturday at the wedding of his ex-wife, Millicent, 28, who divorced him Friday.

Twice the bride had divorced Koch, an unemployed baker. Yesterday's marriage was her second to the groom, Raymond Oberg, 41, an office credit manager. She had divorced Oberg once — between her periods of marriage to Koch.

All three of Mrs. Oberg's divorces were granted on grounds of cruelty.

Charge Due Monday In Shooting

Victim's Condition Called Satisfactory

Charges will be filed Monday against Orland T. Champion, 54, of 235 Wood street, who is held in connection with the shooting of his son-in-law, Henry F. Byrd, police said last night.

Byrd, 27-year-old Mansfield musician, is in General hospital where his physician, Dr. R. E. Wharton, reported his condition was "satisfactory." Byrd was shot Friday night.

Police said he was shot twice in the chest, once in the right hand and once in the left wrist. The second shot struck his chest, pierced his left wrist as he clutched at his chest.

CONFER WITH LUTZ

It has not been decided what charge will be filed against Champion, Police Capt. E. E. Hartnett said. That will be determined, he added, after a conference with Prosecutor Theodore Lutz, who could not be contacted yesterday.

Police said Byrd went into Champion's room at 235 Wood street after the former's five-year-old son reported that Champion had called Byrd a "bad name."

Champion was lying on a bed in the room which served as a den and fired at Byrd during the argument, police said. Champion has admitted to police that he shot Byrd, officers reported.

Police said the records showed they had been called to the Champion home, where Byrd lives with his wife and son, to answer a "trouble" call on a previous occasion.

Fair Skies Bring Out Yule Shoppers

Sparkling weather yesterday served as a lure to Christmas shoppers who created a pedestrian and motor traffic jam in the Mansfield downtown area.

Thousands moved in and out of stores to get their choice of gifts, and parking places within easy walking distance from the downtown stores were hard to find.

A spokesman for the Retail Merchants association said the amount of shopping during the past two days was at least equal to business on the corresponding two days last year. Rain Friday tended to keep gift buyers at home.

The Mansfield Credit Rating Bureau reported a rushing business yesterday and Friday, and spokesmen said that means stores are busy.

Footballers Bowing Out

Mansfield's high school footballers of 1948 will take their final cheers of 1948 tomorrow night at the 13th annual News-Journal grid banquet at the Richland Recreation Center at 6:45 p.m.

Every effort has been made to give the young gridders of Senior and Madison high schools a "four star" show. Heading the speaking talent will be K. L. Tug Wilson, the commissioner of athletics of the Western Conference.

There'll be comedy and many awards for the players. The latter include gold footballs to the graduating seniors and trophies to the "most valuable players" and "best lineman" on each squad. The vocal spotlight will shine on the "Humdingers," a fine barbershop-style quartet.

A few tickets will be available from 8 a.m. until 12 noon tomorrow at the News-Journal information desk. Indications point to a crowd of 450 persons.

Iowa Youths Win Awards

CHICAGO — (AP)— Two Iowa youths proudly swept two of the top honors Saturday at the International Livestock exposition.

Bob Schmidt, 18, of Delmar, won the top award in the junior grand championship steer competition when his 1,125-pound Aberdeen Angus calf, "Black Boy," was acclaimed best of the junior show.

Glenn Mommsen, 20, of Miles, a neighbor of Schmidt's, took the second highest award, reserve junior grand champion, with a 975-pound Aberdeen Angus, "Pea-

Director Sees Need for More Homes for Veterans

Housing Authority Swamped With Applications

By GEORGE COMINOS

The Mansfield Metropolitan Housing authority has more than 400 applications for housing units, and the demand is greater now than ever, Edward R. Friday, executive director of the authority, said yesterday.

There have been but five turnovers since the first veterans' housing project was set up 17 months ago. In the light of these figures, Friday said "there is an absolute need for more permanent public housing projects in Mansfield." Friday pointed out that the present projects are temporary units, good only for an indefinite period.

A state examiner's report on the authority, just released, shows that from May 21, 1946, to Sept. 30, 1948, the projects have had a net income of $1,941, which was turned over to the government's Public Housing authority.

Receipts totaled $127,153, including $21,475 from rents, $20,628 contributed by the City of Mansfield for developing the ground sites, and $85,049, advanced by the government to build the Grace street project.

Expenditures totaled $123, 928, including the $85,049 paid for construction of the Grace street project, and money spent for repairs and maintenance.

Expenses included management, $4,670; operation, $184; utilities, $4,558; repair maintenance, $3,105; commercial service, $1,159; liability insurance, $484; rent of land, $1,140; and repair maintenance and replacement, $1,653. These totaled $16,957.

The report was made by State Examiner John M. Casserly.

The authority is composed of five members. The members and the appointing authority include: W. B. Ford, and George C. Kyle by Mayor Roy W. Vaughn, Earl A. McFarland, by county commissioners, Henry G. Brunner, by Probate court, and Carl H. Stander, by Common Pleas court.

The examiner made a finding for recovery of $108 in state sales taxes from seven firms here. Under the Ohio Sales tax law, a local authority is not required to pay sales tax. All but one firm has returned the tax money to the authority.

Another finding held that fire insurance should not have been purchased for the temporary projects. The agreement with the government specifies that fire and extended coverage insurance shall not be purchased for temporary veteran projects.

The fire insurance cost was $1,985. The insurance was cancelled the same day the examiner pointed out that the insurance could not be carried. A total of $1,309 was returned since the insurance was carried for one and one-half years.

Art Benefits By Austerity

LONDON — (AP) — Owners of many of Britain's finest are collections are lending their pictures to public galleries throughout the country to escape increasing maintenance costs. Some of the collections contain masterpieces never before seen by the public.

One of the reasons for this new trend is that owners, unable to face increasing maintenance charges for their mansions, have moved to smaller quarters where suitable hanging space is not available.

Others have found that fuel allocations are too small to provide a correct temperature for the pictures. Rather than store them and risk deterioration, they prefer to have them properly rehung in the galleries.

The Duke of Devonshire is one of the latter group.

"We are faced with the problems of light and heat," his assistant at Chatsworth House said. "The pictures would be better off in galleries because in a few years of conditions here they would deteriorate seriously." About 20 of the Chatsworth collection are already on loan to museums. Another 60 the best, will be exhibited here soon, then rehung in museums. They will include Holbein's cartoon of Henry VIII, never before publicly exhibited.

The Earl of Ellesmere recently sold Bridgewater House, Picadilly. Part of this magnificent collection has been loaned to the Scottish National Gallery, Edinburgh. Tapestries from two valuable sets, loaned by the Duke of Buccleuch to the ministry of works, are now hanging in the official residence of Foreign Secretary Ernest Bevin. Four others are at the British Embassy in Rome. The remainder, now being repaired, will be allocated shortly.

Tight Windows In Basement

An often-overlooked precaution for winter home comfort is to seal all cracks and openings that permit cold air to enter the basement.

Storm-windows and weatherstrip on all basement windows, plus caulking all cracks where the house rests on the foundation, will add greatly to floor warmth, since a tight basement prevents the escape of furnace heat to the outside and the entrance of cold air to chill the floor.

Basement temperature of more than 70 degrees indicates that heat is being wasted, usually because furnace and heat pipes are not properly insulated. Equipment should be covered with batts of mineral wool or other material made for this prupose. If the basement is too cold, removing a section of pipe covering will solve the problem.

Empire Hair Styles Mean 'Short and Sweet'

By MARIAN WEST

I CAN'T do a thing with my hair," a familiar feminine complaint, might well be answered with, "Why not cut it?" And a lot of Mansfield women are doing just that.

According to a local hair stylist, more than 40 per cent of the customers have short hair cuts and the number of women adopting the short hair vogue is steadily growing. Conservative Mansfielders may have been slow to accept the casual, short hair-do, but after its current fashion tie-in, the local hairdressers are booked weeks ahead with hair shearing appointments.

"There is a short haircut for every woman," declared a Mansfield hair stylist. And she added that more women can wear short hair becomingly than long hair.

To prove her point, the stylist has been designing coiffures according to the widely differing facial types, bone structures, hair textures and general figure proportions. Age groups must also be considered when creating a hair style, she said. For example, the simplicity of the classic hair-do is more appropriate for the younger woman, while the softly molded coiffure waved back from the temples can be worn best by the mature woman.

This season's clothing and millinery are most effectively worn with the new short hair styles. Women who cling to the outdated, long shoulder length bobs or upswept hair-dos won't have to go hatless, but they'll have a great deal more trouble shopping for millinery.

There is a natural co-ordination between hats and hair-dos this year and the new short cuts, with the hair flat on the crown of the head, require hats that hug the head and help to mold the coiffure. Both the hat and the hair-do depend on each other for the most pleasing effect, the hair stylist emphasized.

"Preference for the short hair-do may lie in its practicality," she commented. "It is not only simpler to care for—easy to wash, quick drying and requiring a minimum of setting—but a loose, natural hair-do will take a good deal of buffeting without looking completely unkempt. Most short cuts do require permanent waving every three or four months unless the hair is heavy and has a natural tendency to curl, and the hair should be cut every four to six weeks depending on the rapidity of growth," she said.

EMPIRE COIFFURE

ANGEL PUFF

There are as many variations on the short haircut as there are types of faces. The basic haircut patterns can be adapted to suit each individual. If you've ever worn bangs, or even if you've never worn bangs, don't be afraid to try a variation of this popular style. The beautician says that bangs, correctly cut, are flattering to every woman. Your bangs may be just a curly fluff that covers only half of the forehead or they may be the straight, all-over bang that you wore in your childhood.

Your ears may be hidden with a close head hugging coiffure, or the ear lobes may show beneath soft curls or a wave angled upward. One side of your coiffure may be swept dramatically upward. There are angled back waves or fullness at the sides to provide an illusion of width to the face. In fact, there are so many variations on the short haircut that every woman can have a custom made creation.

Some stylists attribute the popularity of the short haircut to Ingrid Bergman, who wears a medieval page boy for her roles as Joan of Arc. Others say it is just a natural reappearance in the fashion cycle of the short windblown bob of the 1920's. Hair styles follow the changing fashion in clothes, and since the fashion cycle repeats itself about every seven years, the short hair vogue is good for another five or six years, stylists predict.

At least 35 different kinds of soup are sold in cans.

Football Swan Songs Clear Up Bowl Picture

Oregon 11 Winds Up In Cotton Bowl

NEW YORK — (AP)—The Sugar Bowl got North Carolina and Oklahoma, while Oregon accepted a bid to meet Southern Methodist in the Cotton Bowl yesterday as the New Year's day football picture began to take final shape

The smoke hardly had cleared away after the final big Saturday of college football when announcements began pouring in detailing acceptances to the rich Jan. 1 pigskin plums.

Oklahoma wound up its regular schedule by outlasting Oklahoma A. & M., 19-15, and North Carolina clipped Virginia 34-12. They meet at New Orleans in the Sugar Bowl to open the new year.

EXPECTED BID

As expected Oregon got the bid for the Dallas Cotton Bowl, after losing out to California for the Rose Bowl assignment. California tackles Northwestern in the Pasadena event. Southern Methodist closed out the season with a 7-7 tie against Texas Christian, but the Mustangs were "in" the Cotton Bowl a week ago.

Clemson, which barely squeezed past Auburn, 7-6, to remain unbeaten, accepted a bid to play Missouri in the 'Gator Bowl at Jacksonville, Fla. Baylor, in a 7-7 tie with Rice, got a bid to the Birmingham, Ala., Dixie Bowl, against Wake Forest.

Oklahoma A. & M. also got a bowl spot—the delta at Memphis, Tenn., against previously chosen William and Mary.

Here is a list of the Bowl games where at least one team has been named:

JAN. 1

Bowl	Site	Teams
Rose,	Pasadena, Calif.,	Northwestern vs. California.
Shrine,	aSn Francisco,	East All-Stars vs West All-Stars.
Sugar,	New Orleans.	North Carolina vs. Oklahoma.
Cotton,	Dallas,	Southern Methodist vs. Oregon.
Delta,	Memphis,	Oklahoma A&M vs William & Marv;
Dixie,	Birmingham, Ala.,	Wake Forest vs Baylor.
Sun,	El Paso,	Texas West Virginia vs Texas Mines;
Harbor	San Diego, Calif.,	Nevada (no opponent yet).
Salad	Phoenix, Ariz.,	Drake (non opponent yet).
Raisin,	Fresno, Calif.,	Colorado A&M vs Occidental.
Tangerine,	Orlando, Fla. (N).	Sul Ross (non opponent); Vulcan Birmingham, Ala.,
Greensboro (N. C.)	A&T vs Kentucky St.;	'Gator, Jacksonville, Fla.,
Clemson vs	Missouri.	

DEC. 29

Jr College vs	Paris (Tex.).	

DEC. 25

North-South,	Miami, Fla(N)	(All-Star Teams)
Blue-Gray	Montgomery, Ala.	(All-Star Teams).

DEC. 18

aper,	Pensacola Fla.,	Jacksonville (Ala.) Trs vs. Troy (Ala.) Trs.

DEC. 11

Little Rose,	Pasadena, Calif.,	Compton Jr College vs. Duluth Jr. College.
Texhoma,	Denison, Tex.,	no teams chosen.
Little Sugar,	Monroe, La.,	South Georgia Tr. (non opponent yet).

DEC. 5

Great Lakes,	Cleveland,	John Carroll vs. Canisius.

DEC. 4

Glass,	Toledo, Ohio.	Oklahoma City U. vs. Toledo.
Refrigerator,	Evansville, Ind.,	Missouri Valley vs. Evansville.
Salt,	Hutchinson, Kas.,	(no teams chosen).
Orange Blossom,	Miami, Fla.,	(N) Florida A&M vs. Union (Richmond, Va.)
Fish,	Norfolk, Va.,	Hampton Inst. vs. Wilberforce.

DEC. 3

Papoose	Oklahoma City,	Eastern Okla A&M (no opponent yet)

Apprentice Jock Takes 5th Triple

BOWIE, Md. —(AP)— Apprentice Jockey Clarence Picou scored his fifth triple of the Bowie meeting which closed yesterday, but he had to take a back seat in the featured Bryan and O'Hara memorial handicap.

H. L. Straus' long-winded Pilastes returned to winning form by copping the $15,250 stake by two lengths from George M. Jacobson's Big Dial. Picou wound up seventh aboard Brookmeade stable's Chains, winner of his last three starts.

Doris Hart Is Winner Of Three Tennis Titles

SYDNEY — (AP) — Doris Hart, of Miami, Fla., yesterday won three new South Wales tennis titles.

Playing in her first Australian tournament, she won the women's singles, teamed with Nancy Bolton to win the doubles and paired with Frank Sedgman to take the mixed doubles.

COLUMBIA LOU - - - By Alan Maver

NOBODY TAUGHT ME HOW TO RUN WITH THE BALL!
THE PRESENT 2-TEAM SYSTEM MIGHT BACKFIRE IF THE DEFENSIVE "11" INTERCEPTS A PASS!
WHATTA LIFE
LOU LITTLE, OF COLUMBIA, WHOSE OPINION IN THE CURRENT FOOTBALL SUBSTITUTION CONTROVERSY CARRIES PLENTY OF WEIGHT, AS HE'S ONE OF THE MOST IMPORTANT MEMBERS OF THE COACHES' RULES COMMITTEE — LITTLE FAVORS 'LIBERAL' RATHER THAN UNLIMITED SUBSTITUTION, 2 OR 3 MEN AT A TIME INSTEAD OF WHOLE TEAMS!
BASEBALL WAS AGHAST AT THE SUGGESTION OF A 10-MAN TEAM (A PINCH HITTER TO DO ALL THE PITCHER'S BATTING) BUT NO SELF-RESPECTING FOOTBALL TEAM NOWADAYS HAS ANYTHING LESS THAN A 22-MAN FIRST TEAM!

Quick Vanderbilt Scores Down Tennessee, 28 to 6

NASHVILLE, Tenn.—(AP)—The speedy Vanderbilt Commodores scored two touchdowns within 90 seconds to smash the Tennessee Volunteers, 28-6 in a thrilling Southeastern conference football game yesterday.

The victory was Vanderbilt's seventh straight. It marked the first time the Commodores had beaten their cross-state rivals since 1937. A record crowd of 24,074 fans saw the game.

Vanderbilt scored one touchdown in the first quarter, bogged down in the second and third periods, then collected three more in the final.

Tennessee's lone score came at the end of an 80-yard march after Vanderbilt was leading, 21-0, in the fourth period. Vanderbilt then bounced back to score again in the final minutes.

The Commodores' first score came when Herb Rich grabbed Bobby Berry's pass from the Tennessee 42-yard line and raced over for a six-pointer.

Lee Nalley—who holds the nation's punt return record—set up Vanderbilt's second score when he carried a punt back 67 yards to the Tennessee 30. Two passes put the ball on the four. Jamie Wade passed to Bucky Curtis for the score on the first play in the fourth quarter.

The runback upped Nalley's total to 690 yards—74 more than the previous record of 616.

Seconds later Joe Hicks intercepted a pass on the Tennessee 35 and churned back to the five. Wade scored.

Compton Juniors Get Little Rose Bowl Bid

PASADENA, Calif. — (AP) — Compton college was named yesteday as the west's representative in the Dec. 11 Little Rose Bowl game.

Five eastern teams still are in the running for the junior college classic: Duluth, Minn.; Bergen of Teaneck, N. J.; Norfolk, Neb.; Graceland of Lamoni, Ia., and Hutchinson, Kas.

Tulane Aiming for Bowl, Smashes Hapless LSU 11

BATON ROUGE, La.—(AP)—Bowl-conscious Tulane ran all over the soggy Louisiana State university stadium field yesterday to overwhelm its traditional LSU foe, 46 to 0.

It was the worst beating either one of these two old rivals had ever given the other in a 45-game series. The most one-sided previous score was a 41-0 victory for LSU in 1935.

Tulane outgained LSU, 346 to 108 yards rushing, and 78 to 0 in yards passing.

A capacity crowd of 45,000 saw the Wave roll over the LSU Bengal Tigers after a scoreless first period.

Three workhorses of the Green Wave backfield — Bill Svoboda, Bodie Price and George Kinek—started the scoring drive from Tulane's 18 early in the second period. They pushed to the Tulane 45 where a touchdown pass—Joe Ernst to Kinek—was called back for a clipping penalty. But the trio resumed the drive again and Price took the ball over from the two.

The next score was set up five plays later when a pass by LSU's Charles Pevey was intercepted by Dobby Jones on the Louisiana State 20 and returned to the four-yard line. Kinek took it over.

Tulane drove soon after the half from its own 14 to the LSU 28, where Joe Ernst tossed a pass intended for Svoboda. It bounced off him into Sheffield's hands. He juggled it, Kinek recovered and ran for the touchdown.

Another Tulane drive began almost immediately. It was climaxed when Ernst passed to Sheffield for 12 yards to LSU's four. Svoboda pushed it over the goal line in two plays.

RACES 89 YARDS

Center Homer Dedeaux intercepted a Tiger pass early in the fourth quarter, ran it from the Tulane 33 to the Bengal 30 and set up the next score. Johnny Sikora ran around left end for the touchdown.

The longest run gave the Wave its next score. Halfback Jimmy Glisson gathered in a punt on the Tulane 11-yard line and ran 89 yards for a touchdown.

A 23-yard run by Sikora helped set up the last score. Bill Bonar took the ball over from the one.

Youth Cited In Burglary

A complaint charging that he is a delinquent in connection with the breaking and entering of the Trading Post at Olivesburg Nov. 19, was filed yesterday in juvenile court against a 17-year-old Willard youth. Hearing was set for Tuesday.

Sheriff Frank E. Robinson said the youth was involved with a 23-year-old Shiloh man, Homer Brown, now being held in Morehead, Ky., on a charge of flourishing a deadly weapon.

The 17-year-old is accused in the theft of six guns and two flashlights from the Trading Post.

Brown also is held for investigation in connection with the transporting of a stolen car across the state line from Ohio into Kentucky. The FBI has been called into the case since it is a federal offense.

Sheriff Robinson said that arrest of the older man may lead to solving of three car thefts, two in Shelby and one in Olivesburg, during the past two weeks.

ESCAPES INJURY

Dean Rabal, six-year-old son of Mr. and Mrs. Henry Rabal, 268 Myers avenue, escaped injury yesterday, when he ran into the path of a truck driven by George Caton, 138 Prospect street, police said.

ANYTHING CAN HAPPEN!

MONTREAL — (AP) — Firemen called to a blaze at the Robert Mitchell company plant last night, reported that 300 fire extinguishers worth $2,000 were destroyed.

West Pointers Suffer Attack Of Dysentery

PHILADELPHIA — (AP) — The Philadelphia Sunday Bulletin said today the Army football team and the entire corps of cadets was suffering acute dysentery after a Thanksgiving day dinner at West Point.

Asked to confirm or deny the published report, Coach Earl (Red) Blaik of the Army team said: "It is true."

At the same time, Blaik emphasized that the dysentery "in no way played a part in the outcome of the game or in the play of the Army team."

Army was held to a 21-21 tie by Navy yesterday in one of the biggest football upsets in several years.

SOME DOUBT

A spokesman for the military academy, who declined the use of his name, said that because of the dysentery there was some doubt as to whether the Army team would leave West Point for Philadelphia on Friday as usual or wait until this morning.

The spokesman added that the players, however, decided to make the customary Friday trip.

The newspaper article said:

"The Thanksgiving day dinner included roast turkey and all the trimmings. In fact, many of the cadets at the big rally that night boasted of how much they ate and how appetizing was the chow.

"But first effects were noticed on Friday. Some of the classrooms were practically vacant as cadets had to go on sick call.

"It was the same way with the football team and those cadets didn't have the chance of receiving treatment before departure."

Ninth Loss In Row

TULSA, Okla. — (AP) — The University of Detroit's Titans exploded for three touchdowns in the second quarter and then withstood a second half Tulsa surge to annex a 26-22 triumph in the rain yesterday. It was the ninth defeat of a winless season for the Tulsans.

Teams Wants Games

LEESVILLE — The Leesville Reds want basketball games for the 1948-49 season. Amateur and semi-pro clubs may contact Richard B. Walker, Route 2, Crestline, Ohio.

Sunlight on Roof Brings Fire Alarm

Sunlight reflected from a wet roof sent city firemen on a wild goose chase yesterday.

The crew from Central station hurried to the "fire" at West Fourth street and Lenox avenue, only to find a woman had become alarmed at the fiery-looking roof.

Chinese Red Troops Flee

IN THE SOUTHERN SUCHOW FRONT — (AP) — The battle for this cold, dirty, Chinese government base apparently has ended.

Large Communist units are swinging south with government troops in cautious pursuit.

After what seems to be certain defeat on the east and southeast of Suchow, the Communists apparently are concentrating their forces—e stimated by Nationalist commanders at up to 400,000 men —south of here.

Lt. Gen. Tu Li-Ming, who commanded in Manchuria and was shifted south to Suchow, said the two red commanders on this front had joined forces south of Suchow.

The Communists are Gen. Liu Po-Cheng, one-eyed commander in central China, and Gen. Chen Yi, commander in east China.

Chen had directed red units in the battle east and southeast of Suchow. He apparently rolled with the punch and swung south when he was unable to crack the Suchow defense line.

2 Area Hunters Get Albino Coon

If the area hunters keep on the way they have started the 1948-49 hunting season, someone from this vicinity is going to bag an albino deer before the season ends.

Latest of unusual bags is that turned in by Loren Bookman and Ed Kauffman of Loudonville who caught an albino coon. The coon, an eight-pounder, is the first white one ever seen by Kauffman, a veteran of more than 40 years of coon hunting. The odd 'critter' came from Knox county and was treed by 'Lead', a hound owned by the two men.

U. N. Flays 3 Satellites

PARIS —(AP)— The United Nations assembly Saturday formally condemned three Soviet satellites—Albania, Bulgaria and Yugoslavia — for aiding Greek guerrillas.

The action came after a bitter debate in which John Foster Dulles, acting chairman of the United States delegation, called on the Soviet bloc countries to stop spreading communism by "force, coercion and terrorism."

The vote was 47 to 6, with only the Russian-led group voting no.

Dulles told the assembly the American people hate communistic methods, but do not hate people who believe differently from the way Americans do. He virtually disregarded an hour and 40-minute speech delivered earlier by Russia's Andrei Y. Vishinsky.

The Soviet deputy foreign minister, shouting and gesturing, attacked investigators of the U. N. special committee on the Balkans (UNSCOB) as "amateur Sherlock Holmeses" and called UNSCOB'S report "junk" and "garbage."

Burglars Invade Jail for Loot

FRESNO, Calif. — (AP) — Fresno county sheriff's officers were redfaced and bewildered yesterday.

Somebody broke into a storeroom in the basement of the county jail and took the money out of three confiscated slot machines.

Rumor Discounted By White House

WASHINGTON —(AP)— Persons close to the White House discounted last night a London report that President Truman is considering an early visit to Europe.

No official comment was forthcoming, but sources familiar with Mr. Truman's plans said there was not the slightest possibility he would leave the western hemisphere at any time in the foreseeable future.

Grain Markets Turn Higher As Dock Strike Nears End

CHICAGO—(AP)—Grains rallied Saturday after suffering a sinking spell during early dealings. Wheat led the late upturn, which pushed prices above the previous close, on buying which came in part from houses with southwestern connections. There also was a good deal of short covering prior to the week-end.

The initial sell-off, which hit corn hardest, was in response to developments in the maritime strike. Overnight Friday 2,000 Brooklyn longshoremen rejected an agreement to settle this dispute. Later, however, the entire union membership accepted the settlement.

A steamer form Fort William, Canada, was reported unloading 195,000 bushels of Canadian rye here Saturday. It was also said another steamer with a larger cargo was on the way here.

Wheat closed ¾-1¾ higher, December $2.39½, Corn was ⅜ to 1 cent higher, December $1.45-45⅛, oats were ¼-½ higher, December 84⅝-¾, Rye was higher, December $1.77¼, soybeans were 1¼-3½ higher, December $2.74½ -¾, and lard was 8 cents lower to 3 cents a hundred pounds higher, December $19.05-$19.02.

Queer Antics Predicted At Met Opening

By W. G. ROGERS
(AP Arts Reporter)

NEW YORK, — (AP) — What ladies will hist their feet up on tables in Sherry's, what gentlemen will do cartwheels and stand on their heads in the Metropolitan Opera house next Monday evening when the 64th season there opens with Verdi's "Otello"

It has happened before on "met" first nights, when also in recent years a girl fell down and lumped her head, and a woman fainted, and a $5,000 bracelet was lost (and recovered).

Jewelry at only five grand is practically five-and-ten stuff in comparison with the necklaces, rings and pins which glitter at opera openings.

"Met" first nights are distinguished no less for the show on the stage than for the occasional show-off in the audience. All the world's great opera houses have always been social as well as musical centers, and of course there have been periods and places—in Russia or Bavaria—when opera was staged solely for a ruler and the nobility.

★

NOTES

Turck & Reinfeld, Inc. (Care: Bookbinding Book Production, 50 Union Square, New York 3), offer $100 for the best book-jacket design; entries must be in by Dec. 15.....A $1,000,000 Joshua Loth Liebman (author of "Peace of Mind") memorial fund is being raised by a Boston committee to further Liebman's religious concepts...Harper's Eugene F. Saxton Memorial trust has awarded its 17 scholarship to Alice Fellows, of Tuscaloosa, Ala., for a novel in progress ..Among the six sculpture awards of the 13th Ceramic National show in Syracuse are $100 to Archipenko and $100 to Henry Rox of South Hadley, Mass., for a figure called "Young Monk."

★

RECORD BOX

Of all the albums rushed to music stores for the Christmas trade, the one with the most irresistible appeal to lovers of the new and different and experimental is an abridged "Four Saints in Three Acts," by Gertrude Stein and Virgil Thomson, with Thomson conducting nine soloists, two choruses and an orchestra.

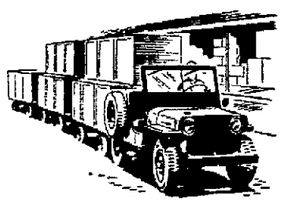
THE MODERN
4-WHEEL-DRIVE
TRACTOR
THE UNIVERSAL
'Jeep'

FOR FARMS . . . the Universal "Jeep" is ideal for tractor field work, operates most types of farm implements. It has 4-wheel-drive for tough off-road towing and hauling, and for year-'round service over "impassable" roads. With optional power take-off, the "Jeep" supplies portable power for operating all kinds of power-driven farm machinery.



FOR INDUSTRY TOO!
The Universal "Jeep" makes the ideal industrial tractor. It pulls heavy trailers . . . shunts freight cars . . . negotiates slippery pavement. It gets in and out of tight places . . . stands up under heaviest service. Optional power take-off furnishes up to 30 hp for running air compressors, generators, pumps and many other pieces of equipment.

White House to Keep 'Old Look' Despite Reconstruction

WASHINGTON—(AP)—The traditional appearance of the White House will be unchanged by the big reconstruction job estimated to cost $1,000,000.

The arrangement and simple classic style of the rooms "will not be altered one iota," says Lorenzo Winslow, White House architect.

"Contrary to some reports," Winslow says, "there will be no Hollywood touches."

Winslow says President Truman is opposed to any deviation from the historic design of the mansion, conceived originally by George Washington, who, incidentally, never got to live in it.

WORK AWAITS FUNDS

The work of strengthening the second story with steel and concrete will start as soon as funds are made available by Congress. It may take a year to complete repairs aimed at reducing the fire hazard and shoring up the second floor.

Two historic mansions, Blair House and Blair-Lee House, across Pennsylvania avenue from the White House, are being joined by a first-floor doorway to make a spacious temporary home for the President and his family.

The White House repair job will be the biggest since Theodore Roosevelt's administration. In 1902 the east terrace and almost all of the first-story floor were rebuilt, retaining George Washington's ideas.

A new office building was constructed, and the main stairway was removed from the west end of the house to just east of the main lobby. The state dining room was enlarged, and the entire main story was redecorated and refurnished.

CEILING SAGGING

The ceiling of the east room now is sagging about six inches due to rotting of old timbers supporting the second floor.

Thousands of Americans, the great and the little people, kings and queens, prime ministers and grand dukes, have walked under the east room's huge chandeliers. Abigail Adams, first mistress of the mansion, hung the family wash in the then unfinished room.

In 1865 hundreds of citizens, wearing big black badges, streamed into it to view the body of the assassinated Lincoln.

A shaky ceiling now endangers the Blue room too. During a formal reception there a few months ago President Truman noticed that the big chandelier was vibrating.

President Cleveland and pretty 22-year-old Frances Folsom stood beneath that chandelier for their wedding in 1886, the only wedding of a President in the White House.

The Blue room is considered exceptionally beautiful in its proportions and decorations. The wall covering above the white enameled wainscoting is of heavy corded blue silk. Drapes are of the same material.

HAS SEVEN BEDROOMS

The second floor has seven bedrooms and baths in addition to the President's study, the library and a wide hall extending the length of the building. Guest bedrooms above the East room have been occupied by the Prince of Wales (afterward King Edward VII), Winston Churchill and other celebrities.

The White House is the oldest public building in Washington. The corner-stone was laid Oct. 13, 1792.

The "President's palace," as it was frequently called in the early days, was burned by the British in August 1814, when Madison was President. The fire destroyed the interior and part of the walls. Reconstruction was begun in the spring of 1815, and President Monroe moved in in December 1817.

The portrait of Washington which recently has been hanging in the East room was saved from the fire by Dolly Madison. It is the only remaining White House article which was in the executive mansion before the fire.

COLOR CHANGED

The exterior of the building originally was buff, but it was painted white after the fire. People then began to refer to it as the White House, but it was not officially given that title until President Theodore Roosevelt had the name engraved on his stationery.

The home of the Presidents has had its periods of elegance and shabbiness. Monroe had some trouble when he incurred "unauthorized debts" in buying flossy French furniture, silver and glass.

In 1850 the Millard Fillmores "found the White House in a miserable condition, dirty and bare, the great room over the Blue room covered with a straw carpet made filthy by tobacco-chewers." Gaudy spittoons solved that problem during the Grant administration.

The cook who reigned in the White House kitchens was much upset when Mrs. Fillmore had a wood-burning kitchen range installed.

USED OPEN FIREPLACES

The cook had managed to prepare fine state dinners for 36 people every Thursday in the wide-mouthed fireplace with its cranes, hooks, pots and pans. Dinner in those days consisted of nine courses and was two hours in the eating.

Chester A. Arthur, New York socialite president, was said to have taken one look at the executive mansion and said he would not live in such a place. He did live in it but gave it a thorough cleaning. Twenty-four wagon loads of furniture and household articles were sold at auction.

Electric lights were installed in the White House during the Benjamin Harrison administration. Before that innovation the chandeliers, with their gas-lighting fixtures, were called gasaliers.

In 1899 the commissioner of public buildings had a grandiose plan for enlarging the executive mansion. It would have doubled its size by adding two large wings surmounted by circular towers.

Architects' societies made such a fuss that President McKinley killed the project.

Burma Finds Freedom Has Drawbacks

Trend In India Closely Watched

RANGOON, BURMA — (AP) — The Burmese are watching closely the trend of events in India, across the Bay of Bengal, for a line of their own political future.

If India elects to remain within the British Commonwealth, neutral observers predict the republic of the Union of Burma is likely to seek re-entry into the family of nations it left so enthusiastically less than a year ago.

For the Burmese the bounties of independence have not been up to expectations. It brought them riddance of 122 years of foreign rule, but it also brought strife, bloodshed and a ruined economy.

But, political sources hasten to add, any move at reunion could come only after removal of the present Socialist-dominated anti-British government. Only a general election completely free of threat and intimidation, or a coup d'etat, can achieve this.

These sources doubt whether free Burma's first elections, scheduled for March-April next year, will be held in a free atmosphere, or whether they will take place at all.

In the first place, these sources say, the rebellion movement still envelopes more than three-quarters of the country. There is a ceaseless movement of the population and it is impossible to draw up any accurate electoral roll, made further difficult by disruption of communications.

Secondly, there is the activity of private armies, backing their respective parties. Latest of these, according to confidential neutral sources, are the village levies or home guards, owing allegiance to the Socialists. Raised ostensibly to protect villages from the communists, they take orders directly from the socialists' high command.

The third factor in any election are the communists, who will not allow free voting in the areas they dominate.

The attainment of independence by Burma this year, in the words of former cabinet minister U BA PE, was a 'gamble that went wrong"

BA PE was the man behind the assassinated Nationalist leader Aung San in his struggle for power. In an interview he said that early in 1947 Aung San had realized that dominion status was more suited to Burma's position than independence, but dared not deviate from his declared policy of winning independence for fear of losing mass favor.

Slow Students Now Get Alibi

CHICAGO—(AP)—A Detroit educator said yesterday that an emotionally upset child can not learn successfully.

He called on social studies teachers to help children to adjust emotionally to the conditions of present day life.

The suggestion was made by Stanley E. Dimond of the Detroit public schools at a meeting of the national council for social studies

Electric Worker Swept to Death

Volunteers Make Progress In Annual Financial Drive

With 13 days of canvassing completed, the Volunteers of America have raised 2,715 in their annual drive to raise funds to carry on their work during the year. This year's goal has been set at $12,000 and the campaign will officially close Jan. 1.

Last year the Volunteers raised a total of $7,000, but much of the money came in after the closing date of the drive, according to Lt. Major R. L. Gutterman, commander of the Volunteers.

Gutterman said the Volunteers must raise more money this year because the need is greater. The demand for emergency relief has been very heavy this year, he said. Requests for such relief have been almost double the number received last year, he added.

Of the total amount raised to date, $595 came from house-to-house canvassing and $2,120 from business establishments and clubs

Four Volunteer workers have contacted more than 1,200 persons and delivered 2,000 pamphlets. Those who are doing the canvassing include George Cheatwood, Henry Wagner, Lt. Major R. L. Gutterman and Mrs. Gutterman.

Gutterman said that the money raised in the drive would be used not only for Christmas work, but also for aid to needy families and Volunteer projects throughout the year.

The organization already has sent out letters to Mansfield clubs asking for their help. On Dec.1 letters will be sent to individuals in Mansfield, Gutterman said.

He added that if Mansfielders are not contacted and wish to contribute, they should mail their contributions to the Volunteers of America, post office box 872, Mansfield.

The latest project of the Volunteers at a Friday night gospel hour for children. Floyd Smith, assisted by Miss Lylian Dickerson, conduct the service each Friday from 7 to 8 p. m. Seventeen children attended the last service.

Alabama River Overflows Banks

MONTGOMERY, Ala. — (AP) — Alabama rivers continued to rise slowly last night and were spilling over their banks into low areas following unusually heavy rains The weather bureau reported 6.84 inches of rain during the last 24 hours, bringing the month's total to 16 80, an all-time high locally

Unless another deluge comes right away, the bureau predicts only minor flood damage if families living in low areas take proper safeguards

Loses In Sheriff's Race, Asks Recount

LOGAN — (AP) — Democrat William J. Rafferty, who lost the race for Hocking county sheriff on a recount of ballots, yesterday filed suit contesting the election of his Republican opponent, A. J. Waldron The petition named Waldron and the Hocking county board of elections as defendants It asked that all ballots cast in 29 precincts be impounded, examined by the court and recounted.

MINNEAPOLIS —(AP)— Funeral services were held today for Leon Ames, 61, composer and arranger.

AAA Action Set Tuesday

Committeemen Will Be Elected

Richland county committeemen of the Agricultural Adjustment Administration will be elected Tuesday morning by the 18 recently-elected community committee chairmen.

Meeting at the Triple-A office, the representatives of Richland's 18 townships will nominate and elect a chairman, a vice-chairman, a member, and two alternates.

Tasks of the county committee consist of the management of the Triple-A office, overseeing the practices of conservation, signing of official papers, acting as an intermediary between the state and farmers, giving advice to farmers when requested, and checking compliance on the various regulations of crop loans.

Each elected official gets a daily salary for actual days worked, plus traveling mileage.

FUGITIVE SURRENDERS

ZANESVILLE — (AP) — De Wayne Frederick Render, 21, a fugitive from the Chelsea, Michigan, Technical school, heeded a warning shot and surrendered to police here yesterday.

Expect Decision Soon On Reformatory Hospital Project

Bids Exceed Estimate By Big Margin

Welfare Director Studies Problem

Action on the question of proceeding with a proposed 70-bed hospital at the Reformatory, despite the fact bids were over the estimates, will probably be decided next week.

O. H. Matthews, a member of the architect firm of Vernon Redding Associates, said he learned in Columbus that the matter was to presented to the director of the Department of Public Welfare next week, The Mansfield architect firm designed the proposed hospital.

Low bids submitted Friday exceeded the state's estimate for the overall construction by $133,946. Low bids totaled $464,144 while the overall estimate was $330,918.

Plans call for a three-story, 70-bed hospital to be built inside the institution's walls. Matthews said the building will be constructed to permit adding a fourth floor when more funds are available. That floor would contain expanded facilities and about 20 more beds.

The building will be constructed of brick, reinforced concrete and steel. The first floor will contain doctors' and dentists' offices, waiting rooms, lobby, kitchen and dining room. The second floor will include an operating room, X-ray and therapy rooms and two wards.

On the third floor there will be wards and rooms for utility services for those wards.

The low bidder on general construction was the Mountaineer Construction company, of Pittsburgh, which has a Mansfield branch office, with a bid of $354,233. Simon Small and Sons, Mansfield, bid $361,152. The estimate for the general construction was $254,213.

The only bidder for plumbing and heating was the Charles Hoffman company, of Mansfield, with an offering of $79,121.

Low bidder on electrical work was the Buchman Electric construction, of Mansfield, with a bid of $12,633. One other local bidder was the Richland Electric company, $15,882. There were five electrical bids submitted.

Westinghouse corporation of Cleveland, was the low bidder on elevators, with an offering of $16,156.

Opens Bids On Curtains

Bids for furnishing and installing stage curtains for three elementary schools will be opened at a special meeting of the school board tomorrow noon at John Simpson junior high school.

The curtains are to be provided for the Roseland, Newman and West Fifth street schools.

The board also will consider legislation necessary to put $2,225,000 worth of bonds on sale. The bond issue was authorized by Mansfield voters at the Nov. 2 election.

The bonds must be advertised for 30 days before bids can be opened.

BEGGARS BOOST DEMANDS

CHICAGO —(AP)—Inflation has raised its bubble head in the panhandling business. A middle-aged, neat, dignified fellow working the loop now asks the folks for the loan of a dollar so he can eat.

TOASTMASTERS GRANTED CHARTER—The Mansfield Toastmasters club is shown receiving a charter which was presented them at a ceremony recently held at the Sky club. Above, H. C. Ahl (at left) receives the charter from V. L. Blinn, governor of District 10, Toastmasters International. Others from left to right are: C. F. Coup, W. G. Reed, Ralph Martin, F. G. Connor, and S. S. Rice.

Damage Suit Against City Set for Hearing Monday

A $500 action against the City of Mansfield, contending a Mansfield boy was barred from the Liberty Park swimming pool, has been set for hearing Monday at 9 a.m. in common pleas court. It is one of four cases set for hearing during the week. Three of the four will be heard by juries.

The action was brought by Marvin Stevens, of 311 Miller street, on behalf of his step-son, Joe Davis. The petition contends that the boy, on June 24, 1944, was refused admission to the pool "without a valid reason and for no other reason than the plaintiff was a person of color and of African descent."

The city filed an answer, saying it had no knowledge or information sufficient to form a belief as to the allegations and therefore denies them. The plaintiff is represented by attorneys E. L. Watson and M. C. Hoff, of Cleveland, and the city by Solicitor C. J. Kalbfleisch.

Set for hearing Tuesday is an action filed by W. F. Bone, of Butler, against Ralph J. and Donno Beegle, of Butler. Bone claims he is entitled to possession of shelf boxes, drawers, hay forks, rakes and other merchandise, valued at $500. He seeks recovery of the property and $150 damages.

CLAIM OWNERSHIP

The defendants replied they are the owners of the property and entitled to possession. Attorneys for Bone are Charles H. Freehafer and A. S. Beach. The defendants are represented by Attorney Marshall C. Moore.

On Wednesday, an action over possession of a hog house will be argued. The case will be submitted to the court since the parties have waived trial by jury.

Lloyd Schaff, of Shelby, the defendant, has appealed the case from the court of Justice of the Peace G. W. Armstrong of Sharon township. Schaff said a writ of replevin was obtained in that court by Bernard Stivingg, of Shelby, R. D. 2, and Stiving thus obtained possession of the hog house.

Schaff, in his appeal, contends he is entitled to possession of the hog house. Schaff is represented by Attorney H. Eugeene Ryan and Stiving by Theodore Lutz.

A breach of contract action brought by Frank A. and Edna Arnold, 131 West First street, against George and Barbara Scholler, Mansfield, R. D. 4, is set for Thursday.

The Arnolds contend they sold an 80-acre farm in Monroe township with an agreement that they would be permitted to harvest eight acres of red clover grown during 1946, but the defendants used the clover.

They charge the Schollers violated the agreement by refusing to allow them to live on the farm for 60 days past the date of the sale as agreed..

In all, they ask damages of $567. The Arnolds are represented by Attorney C. H. Henkel and the Schollers by C. J. Kalbfleisch.

Champion Here Friday

Willie Ryan, claimant to the world's checker championship is coming to the Mansfield YMCA to give an exhibition Friday evening. He will accept a challenge from any Mansfield checker player.

He is willing to play any six of Mansfield's best players simultaneously—blindfolded.

The program is being sponsored by the Mansfield Checker club. George Biddle and John Fike are in charge of arrangements.

Ryan was born in New York city in 1907. He started playing checkers with a school chum at the age of 12 and five years later became a full-fledged professional.

Known to checker players everywhere as "The Bronx Comet," he has traveled more than three-quarters of a million miles in the United States, Canada and Mexico showing his prowess on the checkerboard.

Ryan is editor of the "American Checkerist," considered the foremost periodical on the subject. He is the author of six works on the pastime, his latest book being "The Modern Encyclopedia of Checkers."

Loss of Legs No Handicap, Vet Declares

WASHINGTON —(AP)— Ralph G. Neppel, legless veteran of World War II, has just harvested one of the best corn crops in Iowa, the Veterans Administration said last night.

Neppel, 25, traveled from McCloskey General hospital, Temple, Texas, to the White House several years ago to receive the medal of honor from the President. The medal was in recognition of heroism in a Birgel, Germany, engagement in 1944 in which he lost both legs above the knee.

Upon his discharge from the hospital, Neppel went to his home at Carroll, Iowa, married, and moved into a house presented to him by citizens of the state. Fitted with artificial legs, he does most of his own farm work, runs the tractor on his corn picker, operates his other farm machinery and a two-door sedan given him by the Veterans' Administration—and in his spare time sells electrical appliances and equipment to farmers throughout the state.

Firemen Find Leaves Burning

Firemen from the Central and No. 5 fire stations were summoned to Barnard and Marion avenues at 5:25 p. m. yesterday when smoke from a rubbish fire gave the impression to a nearby resident that the building was on fire.

Investigation revealed that a pile of leaves was being burned behind the building, but from the front it looked like the building was afire.

Up and Down the Street...

HAPPY BIRTHDAY—

Howard P. Wenning, Richland county clerks of courts, who is celebrating a birthday today, is proud of his Sunday school attendance record. In the seven years that he has served as treasurer of the Sunday school at St. Luke's Lutheran church, he has never missed a Sunday.

Wenning

Wenning will be the guest of honor at a birthday dinner tonight at the home of K. L. Woodman, 126 Glenwood boulevard, where a group of his friends will gather to help him celebrate.

He was born in Crestline and has lived in Mansfield since he was four years old. He recently was elected to a third term as clerk of courts.

Wenning is a member of the Masonic order, St. Luke's Lutheran church, Eagles lodge, and the University club.

He takes an active interest in the Cub Scouts, serving as chairman of Pack 2. His hobbies are football and baseball.

Married and the father of one son, he lives at 481 Woodward avenue.

Find Body Of Hunter

LOUDONVILLE—John L. Jefferies, 60, of Perrysville, R. D. 2, died of a heart attack while hunting on his nephew's farm, three miles south of Loudonville, yesterday.

He went hunting alone on the farm owned by Gaylord Black in the morning and when he failed to appear for lunch, the Blacks grew uneasy.

At 2 p. m., they began to search the woods where he was hunting and a half hour later, Mrs. Black found Mr. Jefferies' body.

Dr. A. D. Lewis, Ashland county coroner, ruled that death was caused by a heart attack.

Born Jan. 15, 1888, in Little Washington, Mr. Jefferies spent most of his life in the Loudonville area. He was employed by the Flxible company in that community.

In addition to his wife Bertha, he is survived by two sons, Harley and Virgil, and one step-son, Carl Heinrich, all of Perrysville; and three sisters, Mrs. Harry Sellers, Mrs. Fred Selles and Mrs. Annie Bridgeland, all of Loudonville.

Funeral arrangements in charge of the T. B. Gilbert funeral home, were incomplete last night.

Ambulance Driver Killed By Car Top

SHREWSBURY, Pa. —(AP)— The metal roof of an ancient automobile blew loose yesterday, ripped through the windshield of a speeding ambulance and nearly decapitated the driver, Coroner Lester J. Sell reported.

Sell said the ambulance driver, George Hutton, 27, of New Freedom, Pa., was racing through this York county town of 1,200 at full speed with his sirens screaming in an attempt to rush a critically injured hunter to the hospital.

The ambulance whipped past a car driven by Robert Thomas, 37, of York, Sell said, and the sheet metal top of Thomas's car blew off and into the ambulance.

Its driver dead, the ambulance went out of control and plowed into two service poles, cutting off all electric service in the town.

The wounded hunter, Russell L. Poe jr., 17, of Texas, Md., who was accompanied in the ambulance by his father, was not hurt in the crash. A passing motorist took the Poe couple to the York hospital eight miles north of here.

Fraternal Order Issues Race Plea

NEW YORK —(AP)— Fifty-eight college fraternities were urged yesterday to consider the "character and personality" of any prospective member "rather than his race, color, religion or nationality." This plea was made by the National Interfraternity conference in a statement to its 58 affiliates, but at the same time it affirmed the right of fraternities to determine the qualifications of their members.

County Faces Problem

(Continued From Page 1)

Army in providing a detention home for these maladjusted boys and girls is a very definite part of the services which the Army is rendering to the community. Whether or not the provision of the rooms for this purpose was definitely set out at the time of the construction of this building, it still seems to be a community service that ought not lightly to be discontinued.

"Being charged with the responsibility of caring for a great number of children whose lives are warped and twisted, I want to respectfully insist that your board reconsider their action and give an opportunity to me and to members of the county commissioners to meet with you to see whether or not a suitable arrangement can be had for the continuance of this service."

Smith replied:

"I trust that I have made myself clear in this matter and feel that you as well as the county commissioners have had ample time to find suitable accommodations. The board will be glad to meet with you and the county commissioners if you feel that it is necessary."

Pledge of Allegiance to Flag

"I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation indivisible, with liberty and justice for all."

Women Employes Seek Pay Equality

THERE will probably be some discussion of the subject brought up by women employes of the city of Mansfield in their petition to council asking for "equal consideration in any wage adjustment that may be granted."

Movement has been so steadily toward equality of pay for equality of work that any appearance of discrimination against women employes in public positions is likely to cause complaint, as in this instance, where male employes were granted a "cost of living" bonus of $25 a month, whereas the bonus of women employes was placed at $12.50 a month.

This all becomes a part of the general picture of wage and salary increases for city employes, involving larger outlays which must be provided for by looking to taxpayers for more money to meet payrolls and also to maintain and improve other essential municipal services.

As council moves to increase operating costs its members are also obligated to assure the availability of funds sufficient to meet the increases . . . which promises to present some difficulties.

May Be Loophole In Income Tax Law

WHATEVER the method may be, any manipulation of income that savors of tax-dodging will be regarded with disfavor by all small income taxpayers who are held to exactness in their returns and payments.

Present discussion centers around some of the top-bracket entertainers who have been toying with the idea of making a bulk sale of their services as a "business," rather than having their annual salary classed as taxable income—a scheme which would result in substantial reduction of required tax payments.

Several congressmen in both parties have brought up this subject for inquiry as to possibility of a loophole in the income tax law, and the internal revenue department has been asked if the treasury department has permitted professional entertainers to pay capital gains taxes as a business rather than the much higher income taxes as individuals.

As annual income of entertainers makes approach of a million dollars any subterfuge designed to reduce taxes thereon is unlikely to receive public commendation.

Penny Postcards Big Money Losers

BETTER get a one-cent government postal card and put it away as a souvenir. Likelihood is that this economical way of conveying a non-confidential message will soon be ruled out.

Reason is, according to Postmaster General Donaldson, by the end of the current fiscal year it will be costing the department about three cents to sell and handle the card for which it gets only one cent.

Trouble is that instead of being a cheap way of sending individual messages, as was originally intended, the penny postal card has come into quantity use by many big businesses and it was this class of users that the postmaster general had in mind when he said: "The point is that taxpayers shouldn't be called upon to pay the bill for the advertisers. The penny postcard is one of the most glaring examples of bargain-basement rates in the post office."

It seems entirely fair, if postal card service is to be continued, that the price should be raised to at least reasonable approach to the cost of handling.

Consider Tides as Source of Power

THERE is talk again of reviving the famous Passamaquoddy project, to harness the great tides of the Bay of Fundy for the production of electric power. The political chances of revival at this time are dubious at best. It is a severe handicap for the project to be remembered chiefly as an early venture of the Roosevelt administration which was abandoned when the anti-spending pressure in Congress became too great.

Any cost estimates which are mentioned at this time are no more than guesses. It was estimated that it would have cost some $87,000,000 to finish the plan at the time work was stopped. But time and those powerful forty-foot tides have destroyed much of the work that had been done.

The Quoddy project may sometime be brought to life again, but one thing is certain. We rely too heavily on sources of power which are limited and exhaustible, such as coal and petroleum. The tides are a source of force which, no matter how much is used, will always be renewed. Some day we must put that force to work.

Procedure In Japan Criticised

THE OCCUPATION of Japan is not accomplishing what it should, says Mark Gayn, Far Eastern correspondent and author of the newly published "Japan Diary." For fear of upsetting the country's economy, the military authorities are letting the old financial leaders and war lords retain their control, he says.

If his charge is true, it could be an inescapable fault of military administration. Military and naval science are too difficult and too engrossing to permit much time for other studies, such as government, which is a field in which only its specialists are competent.

Clear the Way For More New Words

A NEW dictionary on which work has been proceeding for the last seven years is announced. This will weed out some outmoded provincial expressions, but will more than make up for these omissions by adding terms for new inventions, new ideas, and to some extent new slang.

Slang bothers dictionary-makers more than anything else. Is the term "huckster" for an advertising man one that will last, or is it a passing fad? And what about the language of the younger generation? Just now, everything is "mellow" with them. If this trend gets into print, it may be hard to keep it out of the dictionary.

"For a happy modern life, religion is fundamental," said a students' group lately. Now who can say students aren't learning something?

Just a line left to say—Early shopping is best.

Picture of a Gentleman Reading Eisenhower's Story.

A Voice From the Country

No Reason Found for Doubts and Fears

By LOUIS BROMFIELD

RETURNING from a trip of about six thousand miles around the most crowded and active industrial parts of the nation, I can understand why Europeans regard this country as something existing almost in the realms of fantasy. Everybody seems to be busy. The hotels are as overcrowded as in wartime with baggage of newly arrived guests piled in the halls, awaiting the departure of other guests. The trains are packed and reservations of any kind are difficult to get. In the shops and department stores, the Christmas trade has already begun and you have to stand in line to be waited upon.

BROMFIELD

In New York, a woman acquaintance who opened a new shop in the fashionable district found her stock virtually sold out before the week was ended. When I saw her she was sitting up until midnight making out fresh orders to keep up with the business.

A little earlier I had been through the heart of the corn belt where I saw fields of corn stretching away to the horizon, so thick and so heavy that they looked more like fields of hay in which each stem was a stalk of corn.

The main roads were almost cluttered with shiny new automobiles and farmers were already talking of turning in their two-year-old cars for new ones.

In markets everywhere, one saw piles of fruit and vegetables of every kind. Certainly nowhere in the history of the world even in this country has there ever been such evidence of abundance and well being.

All of this leads to a good deal of thought. The oddest reaction of most people is that this abundance is somehow a thing to be frightened of rather than to be enjoyed, at least while it lasts.

Again and again I encounter people who say "Oh, it can't last! This is just a prelude to a smash-up." Some people act as if this general well-being were something to be ashamed of, as if it hurt their consciences. It is truly extraordinary especially in a wretched world to see people living in the midst of security and abundance and at the same time virtually obsessed by fear of insecurity of what the future may bring. Indeed, it seems to me that there is something wicked about such an attitude of mind.

* * *

Time to Be Thankful.

INSTEAD of being afraid of the future, it seems to me that we should be taking advantage of the fortunate present to build up our individual small personal securities.

We ought to be doing something about our schools and the pay of our school teachers. We should be doing our best to see that the disasters of the past should not happen again in the future (and each one of us as an individual can do far more about that than we think).

It seems to me that in many senses all this prosperity and security does not resemble very much the inflations or the booms of the past which nearly always descended into depressions. We have increased our population by three Canadas since 1932 and by fourteen millions since 1940.

Nearly all of this population has money to spend and much of it more money than it has ever had before. There are still not enough automobiles, or dairy products, or building materials or even labor.

Our farmers are doing a better, more intelligent and efficient job than they have ever done before in all their history and as their sons and daughters grow up and take over, they will be doing a still better job, aided by the fabulous knowledge and technological aids which have been discovered and developed in the field of agriculture.

In the Deep South, we are reclaiming old worn-out land and in the Northwest still opening up the last of the new virgin lands. Factories are growing up in the midst of great prairies and corn and cotton fields.

Maybe I'm wrong, but I'm not scared. I can't help believing that what I'm seeing is to a large degree the economic expansion of a great country still possessed of great reservoirs of natural resources and real wealth and growing populations with the health, ability and intelligence to earn money with which to buy things from each other.

It is something quite different from any spectacle the world has ever witnessed. It is no wonder that we should be puzzled by it and display a wide variety of reaction, even among the economists.

Speaking at least for myself at this Thanksgiving time, I am going to put aside whatever doubts and fears I might have and be thankful that I am living in this country rather than in almost any other country in the world.

And I am going to resolve anew to do everything possible in my small way to maintain and to preserve so fortunate free and secure a world as the one I live in.

(Copyright, 1948)

Looking Back

Twenty Years Ago Today

Wednesday, Nov. 28, 1928

State supreme court ordered Great American property, corner Fourth and Mulberry streets, transferred to Y. M. C. A.

E. F. Ziemke, grocer, 330 Wayne street, was injured in auto collision at corner of Park avenue west and Mulberry street.

Seven-year-old Junior Marvin, of Roseland, was injured when playful shove by schoolmate caused him to fall in front of truck.

St. Peter's Dramatic club presented "Wrecking Robert's Budget", at Majestic theater, with Thomas Conley in title role.

Christmas savings accounts totaled $278,300, with 5,397 depositors.

Chamber of Commerce convention committee suggested establishing fund to bring more conventions to Mansfield.

Daughter was born to Mr. and Mrs. John O'Leary, East Mansfield.

Miss Lucy L. Schenk, of Lima, and Benjamin H. Dudley, of Mansfield, were married by Rev. Wellington Leininger.

TODAY IN HISTORY

On November 28, 1912, English women suffrage agitators initiated the practice of pouring ink and acids into the public mail boxes.

It Says Here:

—By KEN WOODMAN

WELL, the vice-president's job is really getting to be something. Alben Barkley's going to have his own flag and his own coat of arms. There's even talk that he'll be made a key man in cabinet meetings.

* * *

That's certainly a far cry from the days when the vice-president was just supposed to preside over the senate without yawning during the filibusters.

* * *

But Mr. Truman has been through the mill. He was vice-president when he didn't want to be and when he didn't even have a Dawes pipe to make him a good subject for the news photographers. Fate and Mr. Truman himself fixed that. Now he's fixing the No. 2 job, too.

Washington Merry-Go-Round

Marshall Blasts Huge Defense Budget

By DREW PEARSON

and no other Florida congressman or senator dared get out and work for the national ticket. But Pepper did and helped bring about a landslide.

WASHINGTON The text will never be published, but Secretary of State Marshall has written a stinging, private letter to his cabinet colleague, Secretary of Defense Forrestal, of great interest to every taxpayer. Marshall and Forrestal agree on many things usually are to be found side by side during inner cabinet debates. But on the question of a huge war budget, Marshall has put himself vigorously on record against Forrestal's proposed war expenditures. In his letter, the secretary of state described Forrestal's demand of a $24 billion expenditure as basically dishonest since it pre-supposed the imminence of war.

PEARSON

And the international situation, Marshall said, did not require the United States to go on a war footing.

Marshall also complained that the secretary of defense was ignoring good taste and good judgment by proposing a war budget at the same time the secretary of state was trying to iron out the peace problems of the world.

Finally Marshall said that if the budget was reduced from 24 billions to 15 billions, he would support it.

* * *

Truman's Real Friends

TWO MEN who fought hardest against President Truman's renomination at Philadelphia were Senator Claude Pepper of Florida and Col. Jack Arvey, head of the Democratic machine in Chicago. Once the decision was made, however, no two men worked harder to elect Truman.

In Florida, Pepper was largely responsible for routing the Dixiecrats and holding Florida in line. Because he had previously known Henry Wallace, he was also effective in cutting down the Wallaceites. Traveling 13,000 miles he spoke in California, Illinois and West Virginia for Truman.

Newspaper polls indicated Dewey would carry Florida—

In Illinois, the dopesters whispered that Jack Arvey would make a deal with downstate Republicans to save his Democratic machine in Chicago. Just the opposite happened. Though he had opposed Truman's nomination, Arvey worker harder on this campaign than any other, gave Truman the biggest parade and reception he received anywhere.

Result: Illinois staged one of the most amazing election surprises, went overboard for Truman.

That was why the presidential callers at Key West included Pepper and Arvey.

* * *

Champion Name-Caller

WHENEVER Congressman Cliff Clevenger, the GOP gentleman from Bryan, Ohio, opens his mouth, he puts his foot in it. After calling President Truman the "Missouri jackass," Clevenger has added to his list by branding General Eisenhower a traitor.

Speaking at Van Wert, Ohio, Clevenger said: "The acts of these men who let the Russians into those capitals over there, exposing us to this constant danger of war, make Benedict Arnold look like a pale shadow of a traitor to America."

Eisenhower states it was he who decided the Russian army rather than American troops should take Berlin.

Merry-Go-Round

JUST before he left for Europe, Secretary of Defense Forrestal called a series of conferences on defense, hastily sent a special airplane for Mayor Fletcher Bowron of Los Angeles. But the day Bowron arrived in Washington Forrestal left for Europe, leaving the mayor twiddling his thumbs at the Statler hotel . . . Congratulations to the Wilmington, N. C., Chamber of Commerce for bringing the victims of the Donora, Pa., smog to North Carolina sunshine. When the Civil Aeronautics Board refused to let Capital Airlines carry the victims free, the N. C. folks even paid their transportation. (This is what's called "Good - Will - mington") . . . There's no love lost between certain GOP leaders in Massachusetts — notably earthy Speaker Joe Martin and bluestocking Senator Leverett Saltonstall. Joe wants to terminate Beacon Hill aristocracy's rule of the Republican roost in Massachusetts . . . Undersecretary of State Lovett has been maneuvering backstage to get his former banking boss, Averell Harriman, made secretary of state. Lovett also thinks it would be just wonderful if John Foster Dulles, Dewey's pal, were appointed undersecretary . . . A Los Angeles family who planned to vote for Dewey paid $55 rent for an apartment, but was continually goaded by the landlord about what was going to happen when Dewey was elected. The rent would then be $100. So the whole family finally voted for Truman. That's what the real estate boys did to Dewey in a lot of places.

Assignment: America

Plan Inaugural De Luxe

By KENNETH L. DIXON

WASHINGTON — During those pre-election months when the GOP was supremely confident of moving into the White House, come next January, there was a great deal of talk about what a slam-bank celebration there'd be at the inauguration party.

Undoubtedly that would have been true. Even so, at this writing it seems difficult to imagine anyone pitching a bigger inauguration shindig than now appears in the offing.

With nearly two months still to go, the majority of the vast over-all plans for the week of celebration already have been made, and the details are being straightened out rapidly.

For example:

Tickets for the seats along the inaugural route have been on sale for a week, their prices varying from two dollars for bleacher seats to ten dolars for those in the stands near the White House.

The general program calls for a budget of approximately $150,000, about fifty thousand more than was over-subscribed at that time, and members of the inaugural committee are not at all worried about contributions this time, either!

The celebration actually will last a full week, starting with special church services on Sunday, Jan. 16, and probably concluding with a four-day week-end, including a holiday on Friday, Jan. 21.

(The extra holiday is not yet official, but leading Democrats want it and their control of Congress probably will guarantee it.)

Every type of band, marching society, military outfit, cadet company, sheriff's posse, club and organization in the country is trying to get into the act. A great many of them will be in the parade. Certainly, West Point and Annapolis cadets will march, and the famous "Blue Angel" Navy stunt squadron will lead an air show during the march.

Inaugural night will bring an elaborate fireworks display, probably fired from Roosevelt Island which nestles in the middle of the Potomac river.

The freedom train and the gratitude train from France will be parked on a downtown railroad siding during the inauguration week.

* * *

Dances and Headaches.

ACCORDING to present plans, there will be dozens of inaugural balls throughout the city, in addition to the main dance at the National Guard armory where "distinguished Americans" will present invitations permitting them to trip the victory tango at ten bucks a head. Prices at the less exclusive affairs will not necessarily be lower.

So it goes. Already the headaches of those involved are mammoth. Housing, for instance. Hotel men who first presumed the election reversal might ease off the pressure were quickly disillusioned. Within a matter of hours on Wednesday, Nov. 3, it became clear that the jam was going to be even worse.

A special citizens housing committee was formed, to try to handle the overflow with rooms in private homes, temporary dormitories and other means. The airplanes set up a plan to run a fast daily shuttle service to Philadelphia if the crush got too bad.

Other worries arose. Fearing the city might get a bad name which would discourage the year-round tourist trade, business men set up their own watch-dog committee to discourage over-charging and price-jumping during the week.

The police problem will be particularly tough. At first police superintendent Robert J. Barrett planned to import uniformed cops from Baltimore and New York.

Later, however, he decided to use district firemen on inauguration day instead, on the theory that, knowing their way around, they would be more efficient.

On the other hand, he is bringing in more than a hundred crack detectives from various big cities in order to help keep an eye on pickpockets, card sharps and confidence men who inevitably foregathered to cleece the party faithful at such events.

Dave Boone Says:

I SEE where 1,000 passengers on a great ocean liner held in port by a strike refused to leave the ship although held up a week. It may be that after all these years travelers have just discovered there is a lot of relaxation and rest in not going anywhere.

* * *

There must be some satisfaction in going to a stateroom and saying "Steward, if this ship moves, let me know."

* * *

A new strike in New York resulted from an employer discharging men who, in their applications for work, concealed criminal records through false statements. That's a new one, if true. I can remember away back when nobody defended dishonesty, let alone championed it!

Timely Editorial

Let's End the Filibuster.

Senator Vandenberg proposes a way to stop senate filibusters against nation emergency legislation. He suggests a rule by which 90 or 95% of the senate be authorized to force a vote at any time.

Would the senator not be wiser to work for the elimination of the senate filibuster altogether?

Filibustering should be stopped because it is contrary to the principle of majority rule on which this government is founded. Many times an obstructionist minority, sometimes of one or two members, has been permitted to block senate action for days and weeks by endless talk. Occasionally this talk has been on the subject; just as often it has been irrelevant.

Outlawry of the filibuster could well be one of the first orders of business for the new senate when it meets in January.—Milwaukee Journal.

As Cerf Tells It

Thorough is the word for the firm of contractors in Ann Arbor, Michigan. Given the job of resurfacing the city's streets, its overall performance was so complete that the city had to advertise for mine detectors to locate its manholes.

Washington Calling

Pattern For Betterment

By MARQUIS CHILDS

IN THE COURSE of his high-level campaign Governor Dewey customarily got the loudest applause when he promised that Washington would see the "greatest housecleaning" in its history under his administration. The wave of applause would come as the Republican candidate called for the "unsnarling, unraveling" of the bureaucratic jungle on the Potomac.

This response may have come merely because it was one of the few positive things that Dewey said. But it also may have reflected the sense that judicious pruning could not but improve the federal bureaucracy.

For many months the Hoover Commission has been hard at work preparing a blueprint for this undertaking. The commission bristles with big names. Some of the nation's leading business management firms have been called in to chart the path to greater efficiency.

In a speech the other day Herbert Hoover gave us a peek at what soon will be forthcoming. This preliminary peek must have surprised old timers whose idea of efficiency is to liquidate every other bureaucrat.

The commission, Hoover said, means to recommend drastic changes for the post office department. And what must have been even more startling to those who scream "bureaucracy" as though it were a naughty word written by schoolboys on the sidewalk is that the pattern of change recommended follows the present practice of the Tennessee Valley Authority. While Hoover did not say this, it was abundantly clear from his remarks.

The post office department often is touted as an example of business administration in government. Nothing could be further from the truth as the Hoover commission seems to have discovered.

Over the greater part of its operation, the department has no control at all. Post offices are built by the treasury, turned over intact to the department which charges off no depreciation for them.

* * *

Concealed Subsidies

BUT the catch comes in the hidden subsidies that the post office department must pay out under laws passed by Congress. Payment to the airlines for carrying air mail is fixed by the Civil Aeronautics Board.

Tremendous pressures are exercised to get these payments up as high as possible and the public rarely has a chance to learn how much is actual cost and how much is subsidy.

Similarly, the rates paid to the railroads for carrying mail are fixed by the Interstate Commerce Commission. Hidden subsidies in these payments go to several sources, including many publications which are carried at less than actual cost.

Annually the post office department runs up a huge deficit. Last year it was $300,000,000, with the prospect this year it will be $500,000,000.

Hoover indicated that his commission would recommend that all revenues of the post office department be retained by the department. If they were not sufficient to cover cost of operation, Congress would have to make up the deficit. But at least it would be possible to determine how close income approaches outgo.

This is precisely what TVA does. The TVA Act requires that income earned by the farflung projects go back into TVA's treasury to cover costs of operation.

Many of the lessons to be learned from TVA have been obscured by the constant barrage of hostile propaganda, much of it emanating from the utility lobby. TVA is the only large government agency that is not required to hire its employes through the civil service commission.

The Hoover Commission will recommend that other agencies have the right to hire outside the narrow limitations of civil service, which often make it difficult to obtain the proper kind of help.

(Copyright, 1948)

Mother Sewing

—By ANNE CAMPBELL

Our mother used to sew for me,
And always I would run
To find her by the window where
She sat when school was done.
She'd put her mending down to kiss
Me warmly, but I knew
If she should tap her thimble,
There was work for me to do.

I still can see the basket piled
With mending at her side;
The window where geraniums
Grew gaily was her pride.
The country hills were calling me,
But chores kept me away.
When Mother tapped her thimble
There wasn't time to play!

The woodbox, always empty
After school, must be piled high.
There was a pail of water
To be drawn up, by and by.
The chickens needed feeding,
And I knew I dared not shirk.
When Mother tapped her thimble,
It was time to get work!

One Man's Opinion

—By WALTER KIERNAN

SOVIET scientists have returned from the Gobi desert with 70 tons of prehistoric bird bones . . . This is the first indication of an earlier Thanksgiving than ours.

* * *

And if they are interested in augmenting their collection, any community in America can get up an additional 70 tons of bird bones today.

* * *

But in this lull between the turkey and the croquettes it is interesting to hear that three per cent of the British people still think we are a British colony.

* * *

That corresponds roughly to the number of Americans who think the same thing . . . and the recent election demonstrated that 21 million Americans even thought this was a Republican country.

* * *

But for the next few weeks we will accept any foreign domination provided it comes from the North Pole and is named Santa Claus.

Daily Bible Thought

God is our refuge and strength; a very present help in trouble.—Ps. 46:1.

DID YOU KNOW THAT—

Gen. Tom Thumb, Barnum's famous midget, was really named Charles Stratton.

Crawford 1949 Fair Dates Set

Opening Listed On Labor Day

BUCYRUS—Dates for Crawford county's 1949 fair were announced here yesterday by George Damschroder, fair board secretary

The fair will open at the county fairgrounds here on Labor Day, Monday, Sept 7, and continue through Friday, Sept 11

Fair board officials reported an effort is being made for the District 6 Jersey Cattle Show to be held here in conjunction with the fair.

This year's fair which was the first held since 1939, had its anticipated attendance and receipts reduced sharply due to adverse weather conditions Paid attendance at the four-day fair totaled around 16,000 Profit on this year's undertaking amounted to about $100.

CANTATA SCHEDULED

250 Attend Series End In Shelby

New York Art Quartet Enjoyed

SHELBY — A memorable concert by the New York Art Quartet Friday night in the high school auditorium closed the Community Entertainment series before 250 music lovers. The talented group consists of violin, piano, cello and a coloratura soprano, all of whom have achieved an enviable reputation in their respective fields.

Lawrence Sommers, violinist, swept through the program of varied nature with brilliant artistry and with ease that was deceptive. A former pupil of Guillaume Remy, of the Paris Conservatoire, and of Ovide Musin, famed New York virtuoso, Sommers offered brilliance, color and richness absorbed from these masters.

Barbara Denenholz's impressive mastery of the piano evoked hearty applause. Her demonstration of skill and musicianship upheld the reputation she has gained through appearances in New York concert halls and radio programs.

Luverne Tuttle, young cellist who already has gained recognition through appearances in the movies with Jose Uturbi and Leopold Stokowski, brought to full realization the tonal qualities of the cello.

Francesca Cona, dimunitive coloratura soprano, produced power and beauty of tone in her numbers that caused wonder as to her attainment of the range and richness her voice possesses. She is a student of the internationally famous coloratura, Louella Melius. —J.E.P.

Ashland Mayor Names Fireman

ASHLAND — Replacing Harry Ewing, Ashland fireman whose resignation becomes effective Wednesday, Robert R. Metzger, veteran of World War II, will join the local fire-fighting force by appointment of Mayor Louis Mansfield.

Metzer was one of two men certified by the civil service commission. He has been employed by the Isaly Dairy at Mansfield. A graduate of Ashland high school in 1943, Metzger served with the army 32 months. He was wounded in action while serving in Italy, and is the son of Mr. and Mrs. Elmer V. Metzger, of 711 Birch street.

Start Ice Rink In Loudonville

LOUDONVILLE — Work started yesterday on the construction of an ice skating rink on the old tennis court at Riverside park. The rink is being built by local Jaycees with park board approval.

A dike will be constructed around the edges of the courts and drains under the court surface will be blocked so it may be flooded when freezing weather arrives.

OFFICERS NAMED

BUCYRUS —Russell Oppenlander is the new president of the Brotherhood of Good Hope Lutheran church here. Other new officers include: vice president, Robert Heydinger; secretary, Adam Korb, and treasurer, George Brown.

Shelby Legionnaire Holds Post 9 Consecutive Years

By JOHN E. PATRICK
(By State Correspondent)

SHELBY—On Oct. 1 the O'Brien Post American Legion announced the election of officers fir the coming year and listed in the formal announcement the re-election of Henry B. Ottowski as finance director.

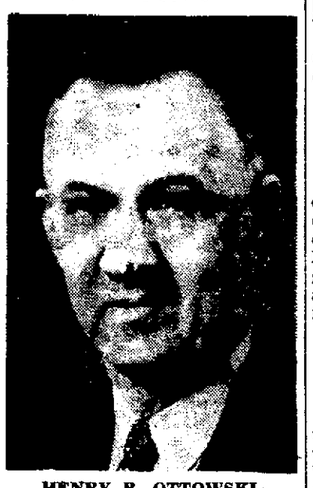
The news was not startling, however there is a story behind the news.

For this quiet, grey-haired man with a ready smile for everyone had been re-elected for the fifth straight year without opposition and was starting his ninth consecutive year in this office.

Henry became an active member of the local post in 1921 and since that time has spearheaded the promotion of the organization through his zealous drive for members. In those early years the post had a membership of approximately 45 Legionnaires; however, at the present time the figure is close to 600.

Henry has not restricted his activities to the duties of finance director. Regardless of what the occasion his cooperation always has been willingly given.

His greatest zeal has been the care of the sick, those on relief and handling of cases where death had taken a hand. Veterans hospitals or in local homes he has assisted in bringing a little more joy in the lives of the less fortunate through packages or actual visits to those confined.



HENRY B. OTTOWSKI

In his 27 years with the Shelby post he has held various duties and not so long ago he strutted his stuff with the Drum and Bugle corps that had gained acclaim throughout this region.

During the war the phrase "Go tell it to the chaplain" was the standard answer to GI's who had troubles or complaints, however at the O'Brien post the phrase is "Go tell it to Henry."

Iberia P-TA Plans Auction

IBERIA—A giant community auction is planned for January at the Iberia school grounds to auction items such as autos, tractors, livestock, household goods and miscellaneous items according to Edwin Swartz, chairman of the Iberia P-Ta.

The committee in charge includes Albert Sautter, Stark Beard, Claude Shelton, Homer Thatcher, Preston Burggraf and Clarence Patzer. Regular sale bills will be drawn up at a later date. Anyone interested in the auction is urged to list their articles with the committee to give them an idea of the amount and variety of saleable articles available.

A small commission will be charged for selling the items, to be used to decorate the school building and other school projects. If the articles do not bring the proper price the seller may refuse to sell but will be charged a fee. Those interested may contact the committee for further information.

Galion GI Takes Bride In Germany

WIESBADEN, Germany — Sgt. Ernest C. Columbus, son of Mr. and Mrs. Samuel Columbus, of 310 Pearson street, Galion, O., now assigned to the 7124th Food Service Squadron here, recently married Miss Jutta Coppner, German national of this city.

A veteran of the famed 8th Air Force in England during World War II, Ernest re-enlisted there in 1946 and has remained in Europe.

MEET ON MONDAY

CRESTLINE—The New Washington Local Conference of American Lutheran Pastors will be held Monday at Trinity Evangelical Lutheran church.

Gilead Grange Names Officers

MT. GILEAD—Officers for next year have been chosen by the Gilead Grange which was founded 38 years ago. A special installation service in January will be open to the public.

M. Doyle Rush is worthy master; Earl Hershner, overseer; Marjorie Poland; lecturer, Richard Poland, steward; Walter St. Clair, assistant steward; Clint Graham, treasurer; Foye Goodrich secretary; Donald Nesbitt, gatekeeper; Bernadine Burns, ceres; Mildred McLain, pomona; Rosannah Rhodebeck, flora; Mildred Shaw, assistant steward; Paul Nesbitt, executive committee; Sylvia Porter, juvenile matron; W. C. Cahoon, legislative agent; Irene Phillips, home economics chairman, and Ed Peoples, business agent.

Y-Teens to Hold 'Fun Night' Monday

LOUDONVILLE—The Y-Teens of Loudonville high school have planned an active program for the coming year. The first meeting begins with "fun" night which will be at 7 p. m. Monday. There will be singing and games, including volleyball, basketball and ping pong. All girls from the freshman grade up are urged to join.

Escape Unhurt

BUCYRUS—Mr. and Mrs. John A. Williams, 321 Pershing avenue, Galion, and Mr. and Mrs. George Baldwin, of near Mt. Gilead, escaped unhurt Friday when their automobile careened off the road and turned over in a corn field while rounding a curve on the New Winchester road, about three miles south of here.

They were enroute to Bucyrus.

PLAN SECOND MEETING

LOUDONVILLE — The Men's Brotherhood of the Zion Lutheran church will have its second meeting in the church at 8 p. m. tomorrow.

Galion Auto Riders Pay $125 Fines

Driver Assessed $100 In Bucyrus

BUCYRUS —Richard Pfleiderer, 19, Galion, was fined $100 and costs at his arraignment here Friday afternoon before Mayor R. L. Hertzer. Pfleidered entered a guilty plea to a charge of driving an automobile while under the influence of alcohol.

A companion, Paul E. Buchanan, 20, also of Galion, was fined $25 and costs after he pleaded guilty to an intoxication charge.

Both men paid their fines and were released from city jail, where they had been held since Wednesday afternoon. The pair was arrested by police after they ignored a police cruiser siren warning and attempted to outrace the cruiser.

$25,000 Damage Suit Filed By Husband

MILLERSBURG — John Ammons, Shreve, R. D. 2, has filed a $25,000 damage action against C. C. Biggs, Holmesville, R. D. Ammons contends his peace of mind, home and happiness has been broken up by acts of the defendant toward plaintiff's wife. A divorce petition, filed by Mrs. Ammons now is pending in Holmes county courts.

Woman, 89, Will Be Feted

LOUDONVILLE—Mrs. Josephine Young of North Spring street, will observe her 89th birthday, at her home today.

Her two daughters, Mrs. Edward Hanna and Mrs. Milton Spreng, are having a dinner for members of her family and relatives from Loudonville, Mansfield and Ashland.

Mrs. Young is in good health and often cleans the house, cooks and irons.

Crestline Plans To Donate Food

CRESTLINE—Plans were made for distributing baskets of food to needy families in the community and to give toys to the needy children of these families when the American Legion auxiliary met, with Bernard Shafer, vice president, presiding.

Toys, money or food will be welcomed by the organization. M. V. Snyer is the general chairman of the project this year.

This has been one of the Legion and auxiliary outstanding activities to needy of the community for a number of years.

SLATE BAZAAR, DINNER

LOUDONVILLE — A church bazaar and dinner will be held at the Methodist church Saturday. Bazaar to start at 2 p. m. and dinner at 5 p. m. Baked goods, candy and useable articles made by the ladies on sale.

10 Crawford Rurals Get School Cash

Quarterly Checks From Foundation

BUCYRUS—Crawford county's 10 rural schools yesterday had received checks totaling $40,809, representing a quarterly allotment from the state foundation funds.

Operating and transportation expenses are charged to this fund, which is apportioned on an average attendance basis, Superintendent S. K. Soliars reported.

Amounts received by the various schools follow: Sulphur Springs, $5,856; Holmes-Liberty, $5,384; Lykens, $4,162; Mt. Zion, $4,030; Tiro, $3,932; Whetstone, $3,890; New Washington, $3,885; Leesville, $3,585; North Robinson $3,570, and Chatfield, $2,509.

GROUP SERVED CHILI

CRESTLINE—A chili dinner marked the first winter meeting here Friday evening of the Knights of Pythias Auto league as 40 attended. Mansfield, Bucyrus, Mt. Gilead and Shelby were represented. The January meeting will be held in Mt. Gilead.

Local Questions Reveal Common Money Problem

"With interest rates going down and living expenses going up how can I ever afford to retire?"

"At my age I ought to be all set financially but I'm all bogged down! What shall I do?

How can I retire on an income when all my best investments have been called and my poor ones are getting poorer?

All these questions have been put to me by Mansfield residents not once but many times And they reveal that all these people have the same money problems — the same money worries headaches that are stopping them cold in their search for financial security

Fortunately there is a simple logical solution to such problems And when they learn about it many of these folks say Why hasn't someone told me before that such modern Retirement Income Plans are available"

Would you like to know more about these plans and how easily you can help yourself get rid of money worries for good? Wouldn't you like to have a guaranteed monthly income beginning when you are 55 60 or 65? Then send for a copy of the Phoenix Mutual Retirement Income Catalog It is yours for the asking - without cost or obligation Just drop me a note or a post card today.

City Becomes Mecca for Barbershoppers

Mansfield will be the mecca of barbershoppers next Saturday night when 10 quartets, including seven international and district champions, will produce their own special brands of harmony on two local stages.

The program, sponsored by Mansfield chapter of the Society for the Preservation and Encouragement of Barbershop Singing in America, Inc., is creating a flurry of interest in the entire organization.

Dec. 4 dates for Parades of Quartets in several other cities have been changed because of Mansfield's grip on top talent in the field, according to reports received by the local chapter. And district officials have written to find out how the local chapter secured acceptances from so many leading quartets.

"It's no secret," admitted H. H. Clingan, chapter president. "We sent our invitations early, and were lucky in getting acceptances."

While this tells the story of the program arrangement briefly, it appears also there was some use made of keen musical ears.

Ralph Hughes, chapter secretary, explained that invitations were sent to district quartets prior to the district competition. Three of the quartets were afterwards district winners, these being the first-place Jolly Fellows of Dayton, the Tigertown Four of Massillon, runners-up, and the Steel Blenders of Lorain.

Standing at the top of the list are the Pittsburghers, who won the international championship this year. But perhaps even more widely known are the Doctors of Harmony, who were international champions last year. Both quartets will take part in the local show.

The Buzz Saws of Columbus, also well known in barbershopping circles, won the district contest last year. The three remaining quartets on the bill, although holding no championship titles at present, rank well up to the top in ability. These are the Memory Laners of Canton, the Yachtsmen of Lakewood and the Staff Riders of Mansfield.

"Our Parade of Quartets will be strictly for barbershop harmony fans," declared Clingan. "We don't know how many fans there are in this area. Similar shows have drawn packed houses in large cities in buildings with seating capacities far above that in the two local schools we are using."

(The Saturday night program will be presented at Senior high school and John Simpson junior high.)

Present indications are that a sizable portion of the audiences will be made up of out-of-town visitors, Hughes declared. Orders for tickets are being received from other cities, especially those which have SPEBSQSA chapters, he stated.

SPEBSQSA is a non-profit organization. Even the members of the nationally-known quartets receive no pay beyond their expenses in traveling to cities where programs are held. Chapters which acquire funds above expenses donate the money to various charities.

INTERNATIONAL CHAMPS—Winners in the SPEBSQSA international competition for barbershop quartets this year were the Pittsburghers, pictured above. Quartet members are (left to right) John (Jiggs) Ward, baritone; Bill Conway, bass; Harry Conte, tenor; Tommy Palomone, lead.

EX-CHAMPS—The Doctors of Harmony of Elkhart, Ind., won the international meet last year. They are "Jumbo" Smith, tenor, (left); "Junior" Cripe, lead, (top, center); "Reverend" Kidder, bass, (bottom, center); "Butch" Hummel, baritone (right).

DISTRICT LEADERS—The Columbus Buzz Saws won the district championship last year. They are Snook Neal, baritone; George Chamblin, bass; Bruce Lynn, lead; Staff Taylor, tenor.

Roles as Villainess Wrong, Says Wong

HOLLYWOOD—(AP)—Anna May Wong, making her first picture in six years ("Impact"), says she got tired of being a villianess and otherwise presenting her native people, the Chinese, in an uncomplimentary light.

Her current portrayal is sympathetic, and she says she'll make more movies if she is offered agreeable types to play. Before she left the screen in 1942 she was being given one part after another in which she came to a horrible end, in payment of her cinematic sins. Once, when asked to write her own epitaph, she penned: "I have died ten thousand deaths."

Ancient Ruins Found In Asia

COPENHAGEN — (AP) — A few days before news of his death in Kabul reached Copenhagen, Henning, Haslund - Christensen, the Danish explorer, revealed in a report that he had discovered the biggest town of ruins ever found in central Asia.

Haslund-Christensen, leader of a Danish expidition with present headquarters at Kabul, Afghanistan said the town's name is Lashgari Sarai, and several hundred years ago it was inhabited by at least 10,000. In the middle of the town there is a huge palace. The palace and hundreds of houses are now filled with and covered by yellow desert dust, but it is easy to see that there had once been a flourishing life. The expedition is now investigating the cause of the decline of the community, possibly raided by Genghis Khan or Timur Lan, who devastated great areas in Europe and Asia.

Costumes Bother Actor John Lund

HOLLYWOOD—(AP)—John Lund has as many costume changes in "Mask of Lucretia" as a starring actress.

Playing a debonair duke of the Italian renaissance, Lund has 12 complete costumes, each one replete with the elegance of the period.

"Gone are the days when I could dash to the studio and allow myself 10 minutes to dress," he says. "Now it takes me an hour and I have to have two guys to lace me in."

Collision Puts Dents In Star's New Cars

HOLLYWOOD — (AP) — At the racetrack or at a Hollywood premiere, there is always a flurry of excitement when the announcer calls over the loudspeaker for "Miss Stanwyck's car" or "Mr. Benny's car."

The cars made news of their own recently, while parked in the same block on Roxbury drive, in Beverly Hills. Both were banged up by another auto, whose driver told police he lost control.

Barbara Stanwyck's car was only four days old at the time. And it wasn't Jack Benny's Maxwell that got hit. It was a Cadillac.

U. S. scientists estimate that at least one-third of the fertile U. S. top soil in the nation has been washed away and lost since white men came to America.

Full Schedule

Mansfielders Have Busy Week Ahead

Variety Offered In Entertainment

Mansfielders can spend almost every night out next week, if they wish to, enjoying a variety of entertainment sponsored by local organizations.

The big week of entertainment will get underway with the 13th annual News-Journal football banquet at the Richland Recreation center at 6:45 p. m. Monday. Although the committee in charge of the event refuses to "tell all" about the program, they're hinting that the entertainment will be full of pleasant surprises.

Tug Wilson, Western conference commissioner of athletics, will be the principal speaker at the banquet honoring the football teams of Mansfield Senior and Madison high schools.

The News-Journal will present "most valuable player" trophies to a member of each team. Pi Sigma Chi fraternity will present "best linesman" trophies to a member of each team; and Sam Fox, Mansfield jeweler, will give gold footballs to graduating seniors of both teams.

Mansfield music lovers will have an opportunity to enjoy an evening of fine music Tuesday night when the Mansfield Civic Music association presents its second program of the year at John Simpson auditorium at 8:15 p. m.

ORCHESTRA COMING

The Baltimore Symphony orchestra, under the direction of Reginald Stewart, will present the concert.

The orchestra is now in its 33rd year and its seventh season under the direction of Stewart. It has the distinction of being the first American symphony orchestra to be supported by municipal funds.

The Baltimore orchestra has been called one of the country's major symphonic organizations. It has made personal appearances throughout the United States and in several cities in Canada as well as playing for radio broadcasts.

The Amvets will present two performances of their minstrel show Wednesday and Thursday at 8:15 p. m. at John Simpson auditorium.

The shows will have all the elements of an old-time minstrel plus some added features including baton twirling, tap dancing, quartet singing, and a Gay Ninety revue. The music of Victor Herbert will be featured in the latter part of the program.

The shows will be directed by Harold McCuen and Louis Doerr will serve as interlocutor.

The week will be climaxed with a program of old-fashioned barbershop quartet harmonizing sponsored by the Mansfield chapter of the SPEBSQSA Saturday night.

Ten barbershop quartets of the United States and Canada will appear in two Harvest of Harmony shows. One will be given at Senior high school auditorium at 7:45 p. m., the other at John Simpson auditorium at 8:15 p. m. The two similar shows are given at two places to accommodate the large crowds expected to attend.

Among the quartets taking part in the program will be international and district champion quartets.

REGINALD STEWART
Conductor, Baltimore Symphony Orchestra

Members of the Commercial A league, Mansfield Women's Bowling association, are sponsoring a dance at Richland Recreation on Saturday evening, Dec. 4. Proceeds from the benefit event, as well as from other parties which they have given, will be used to send the league to the Women's National Bowling tournament in Columbus, beginning in March. Shown above are four in the league who have the highest averages. Left to right are Donna Schuster, 169 average, Mrs. Art Hilborn, 161, Mrs. Sue Humphrey, 168, and Miss Mary McMullen, 160. Mrs. Leroy (Billie) Cleckner is general chairman of the dance which is open to the public, and is semi-formal. Music will be furnished by Tommy Van's orchestra.

Happenings In Hollywood

Ex-Screen Lover Has Fond Memories

By HOWARD C. HEYN

HOLLYWOOD—(AP)—All is not gold in glitterville. Hollywood pays off in glamorous memories, too.

So says Antonio Moreno, who among Latin lovers predates Rudolph Valentino.

Moreno, a star as far back as 1913, claims he has made movie love to more beautiful and famous women than any other actor. Now in his 60s, the handsome Spaniard is suave, grey-haired and quite content to let the younger blades take care of the heavy romancing before the cameras.

Moreno still works steadily in pictures, as a supporting player. At the moment he is cast in Columbia's "Bonanza!" with Glenn Ford and Ida Lupino.

In his dressing room on the set he recalled scenes he played with the young Garbo, in "The Temptress."

"She was, perhaps, the most aloof yet fascinating actress I ever worked with. In her love scenes she was all glacial fire."

The way he said it, "glacial fire" didn't sound contradictory.

Then there was Pola Negri, with whom he appeared in "The Spanish Dancer," and love-making with the serial queen, Pearl White, in "The House of Hate" was like "a workout in a gymnasium," he ruminated.

Gloria Swanson, his vis-a-vis in "My American Wife," liked to quip between kisses. This was somewhat disconcerting, even though the silent camera didn't pick up her muttered remarks.

Moreno says romancing the flapper queen, Colleen Moore, was like kissing your kid sister. They were cast together in "Synthetic Sin." Marion Davies, in "Beverly of Graustark," went about love making in a businesslike manner, "the wak she approached her movie scenes. No levity."

Dorothy Gish was "fun" in "Madame Pompadour," and Irene Castle was "r[illegible]mic" in "The Hillcrest Mystery."

Miss Castle and I did our kissing scenes on a dance floor," said Moreno. "I remember that, at the end of the day, my feet hurt very much.

★

Statistician Bares Insignificant Facts

HOLLYWOOD—(AP)—That Zany statistician at Columbua studios has been poking his adding machine again. Now he comes up with this deathless data:

Larry Parks, in rehearsals for "Jolson Sings Again," has warbled the equivalent of 61 complete performances of an opera the length of "Madame Butterfly."

Parks sang an average of 200 32-bar choruses each day, or 6,400 bars, for eight weeks. That makes 307,000 bars.

The score of "Madame Butterfly" is about 5,000 bars in length, so Larry vocalized slightly more than 61 performances of the opera—if anybody cares. As for the statistician, he headed for the nearest bar, and when last seen had lost count completely.

★

Film Boxer's Shiner Wasn't In the Script

HOLLYWOOD — (AP) — Tom Brown trained vigorously for weeks before starting the prize-fight picture "Duke of Chicago," and brought his weight down from 170 to 158 pounds just in time.

Then, on the first day of shooting, his opponent gave him a beautiful shiner. Tom is supposed to win the fight.

Crestline Man Sentenced

Charles Karl, 36, of Crestline, was sentenced to one year in the Columbus workhouse Friday afternoon by Juvenile Judge Stuart H. Cramer, on charges of violation of probation.

Karl was placed on probation for three years, June 8, on condition he obtain employment, support his three children, aged five to nine, and refrain from drinking.

Frank Edmondson, 24, of Dayton, was sentenced to six months in the Columbus workhouse, suspended on condition he pay $10 per week for support of his 20-month-old son and furnish a $500 bond to guarantee payments He was given three days to provide the bond

Boxer Convicted

TOLEDO —(AP)— An amateur boxer was convicted of assault and battery yesterday for beating up a Dayton factory executive here on Thanksgiving day. Municipal Judge Edgar W Norris sentenced the boxer, Gene Reynolds, to 25 days in the Lucas county jail.

LINCOLN STRONGHOLD

DECATUR, Ill —(AP)—A broad belt in Illinois is known as the "Lincoln country," because Abraham Lincoln lived there But the title is supported by current as well as historical facts A survey shows that eight relatives of the Civil War president still make their home in Macon county. They are fourth, fifth and sixth cousins

Grandmother Correlating 2 Calendars

GAINESVILLE, Fla — (AP) — A 57-year-old grandmother is hard at work here on the solution to a problem which has vexed others for a quarter of a century—a correlation of the Maya and Christian calendars She is Mrs. Maude Makemsome, astronomer with a quarter-column of achievements in Who's Who and head of the Astronomy Department at Vassar college for 16 years.

She says little is known about the superstitions of the Maya—who, incidentally, invented the zero—but there is reason to believe they differed little from those of the Mexicans Mrs Makemsom said "there is abundant evidence that the first appearance of the morning star Venus so terrified the Mexicans that they stopped up chimney vents and other openings in their homes to prevent the rays from entering" She said:

"My correlation is based on astronomical predictions of solar eclipses and the risings of the planet Venus, given in the hieroglyphic manuscript known as the Dresden Codex It makes the starting point of the Maya time-count a day in 3373 BC, and goes through the great period of Maya civilization between 400 and 800 AD This is not completely established It is still a question There is need for more study For instance, there are 20 day-names (instead of our seven) in the Maya calendar.

She said the Books of Chilam Balam, five or six of which are still in existence, contain references to tragic years of drought and famine when people were driven by hunger into the forests to eat the bark of trees The central theme of their religion, she says, was directed toward insuring a sufficient supply of food to carry the population from one harvest to another

REDS LOSE BID

BERN—(AP)—The upper house of the Swiss Parliament rejected by 68 votes to 30 a Communist-sponsored resolution to nationalize the Swiss cement industry Switzerland nationalized its railroads, telephones, telegraphs and electric power several years ago

Return to Work

CLEVELAND — (AP) — Fifty striking employes of the University club will return to work Monday, the AFL Cooks and Waiters' union has announced Clarence J. McCune, head of the police labor relations bureau, said the men would decide then whether they want the union to act as their bargaining agent.

Class, Club Activities Keep Ball Rolling

By MARGIE GOODMAN

There is always a decided shortage of news during that lull between football season and our first basketball game, and this year is no exception. The junior class is still working on its money-making projects, and the senior class is beginning the preliminary work in preparation for commencement.

The sophormore class has the distinction of being one of the first classes to organize so early in the year. Phil Casto, president; John Fighter, vice-president; Helen Stacey, secretary; and Evelyn Schroeder, treasurer; were elected to head this class of 1951. An adviser for the members has not yet been chosen but they hope to get one in the next week or two and also to decide upon a class name.

Swan Club has twelve new girls among its ranks, who were elected on their swimming and diving ability. They are: Chloe Snyder, Carol Bullock, Betsy Clark, Margaret Reese, Shirley Lay, Thelma Stover, Merlyn Blackburn, Betty Brown, Frances Draffan, JoAnn Bruce, Janet Mayer, and Nancy Smith.

Nov. 17, Miss Mary Jane Bolus spoke about the problems of registrating for college at the S.O.P.C. meeting. She answered many questions that had been bothering prospective college students and also discussed scholorships.

President Bill Endriss announced that meetings will be held the third Wednesday of each month. Speakers will be present in December, February, and April to speak on expenses, social life, and other subjects about which every senior interested in attending college should know.

At the next meeting of Crescendo club there will be a discussion of Christmas Carols, and the M.H.S. carolers will sing several numbers. Elaine Hartley will acquaint the members with the story of how some of these carols came into being.

The annual Christmas Sing, sponsored by the class of '49, is already planned for this year. Dick Van Voorhis is general chairman, and Jean A. Robinson, Harry Osbun, Dick Butts, Martha Shiplet, Sally Todd, Jean Maurer, Donald Preiss, John Corcoran, Pat Jackson, Jean Hathaway, and Larry Inscore are serving on the basic committee.

Rita Richert, chairman, Diane Zerback, Stan Byers, and Harry McCune have the job of seeing to it that approximately four hundred seniors have a cap that doesn't fall down over their ears and a gown that doesn't drag on the ground, for the three different occasions that caps and gowns are born by the graduating seniors. Measurements will be taken in the near future but the real work starts when the outfits have to be distributed and collected while everyone is dashing madly around trying to get in line or trying to go home. This is a job for those with a strong mind and a strong back but I'm sure this committee won't have any trouble.

CONCERT DATE SET

NORTH FAIRFIELD—Harry J. Chalmers, noted harpist and composer from Akron, will give a concert Dec. 8 in the Methodist church here. Recently he gave concerts in Cleveland, Toledo, Kenton and Mt. Vernon.

Navy Seeks Submarine

CORPUS CHRISTI, Tex.—(AP)—The naval air station here has reported that a search of Gulf waters is being made for a submarine reportedly sighted 20 miles southeast of the station at 4 p. m. Friday.

The station said no United States submarines are known to be operating in waters in this area.

The navy said personnel of planes from the naval station here reported sighting yesterday what appeared to be the periscope and wake of a submerged submarine.

"In view of the fact that no U.S. submarines are known to be operating in these waters, additional searchers are being made," the navy stated.

Second Victim Dies

CLEVELAND —(AP)— Joanne Balough, 15, died yesterday of burns received last Monday in a fire that killed her 11-year-old sister, Marilyn, and destroyed her home. Harry Rich, 42, admitted setting the fire because the girl's mother, Mrs. Lucille Balough, 38, rejected his marriage proposal. He is awaiting grand jury action on a first degree murder charge.

Heavy Fog Cripples Traffic In London

LONDON — (AP) — One of the worst fogs in years settled on England yesterday, choking highway and air traffic to a standstill. Trains were running hours late. In Leeds, a workman groping his way home fell in a canal and drowned. Automobile association patrols reported "visibility nil" on every highway leading out of London.

Control Over Economic Life In U. S. Called Impossible

WASHINGTON — (AP) — Economist Harold G Moulton believes it is impossible for the United States government to develop and maintain a comprehensive program of control over economic life

However, he said recently this does not mean the nation must return to completely unrestricted private enterprise, or turn to communism. Moulton is president of the Brookings Institution private research organization.

"It remains possible," he said, "to maintain a system of government regulation which establishes certain 'rules of the game' and sets certain acceptable standards of performance, without assuming the vital functions of business management or destroying the essentials of the competitive free enterprize system."

Moulton set out his views in a pamphlet entitled "Economic Systems" It is the sixth chapter of a volume soon to be published under the Title "Controlling Factors in Economic Development, by the Brookings Institution.

STAINS ON SINKS

If ordinary cleansing powder does not remove stains from sinks, bathtubs or lavatories, a paste made of kerosene and the cleaning powder usually is effective Do not use chemicals as they may damage the enamel.

Bicycle Come-Back Recalls Golden Era In Gay Nineties

NEW YORK. — (AP) — The bicycle is making a remarkable come-back in America.

Its revived popularity is more than mildly suggestive of cycling's golden era back in the Gay Nineties. That was before the automobile eclipsed the bike as a means of practical and recreational transport.

The bicycle industry, a small affair only a few years ago, now expects 1948 sales will far outstrip 1947's record 2,700,000 total.

There are some 17,000,000 bikes in use now, says the Bicycle Institute of America Just before the war there were 12,000,000.

Bicycle institute officials say high prices on new and used cars have forced many in low income groups to use bikes to get to work and school.

During the war many learned it was cheaper and more fun to ride a bike than operate a car.

Since the war sales of young children's bikes have risen 33 percent, but more adults have turned to cycling, too There's been a 40 per cent boost in the number of cycling clubs.

Bike racing is enjoying an upswing in popularity. The recent 6-day race in New York drew more than 90,000 spectators.

OWNERSHIP GROWS

More than 51 per cent of all families in the nation now own their homes, compared with 40 per cent in 1940, according to the U. S Census Bureau.

Do Your Christmas Mailing EARLY

It Will Help Us to Provide the Prompt, Efficient Service That Is the Aim of Each Employee of the Post Office

Each year as Christmas draws near the unusually large volume of mail and parcel post to be handled taxes all postal facilities to the utmost. With a view to helping your post office to render the best possible service during this rush period, the following suggestions are brought to the attention of the public, through the courtesy of the Mansfield News-Journal. Observance of the instructions given here will greatly facilitate the speedy and accurate handling of your mail. Your cooperation will help us give you efficient, satisfactory service, and aid immeasurably in the prompt delivery of your greetings and gifts. The personnel of the Mansfield post office wish to thank the public for their whole-hearted cooperation during the past year . . . and to extend to all best wishes for a happy holiday season.

Use Air Mail When Hours Count

When time is short, air mail service offers the fastest mail service, and at extremely low rates. Air mail is received first, opened first, answered first. The rate is 5 cents per ounce anywhere in the United States, U. S. Possessions, Canada and Mexico.

Air Parcel Post

Air Parcel Post, less costly than Air Letter Mail, receives the same fast, preferred handling given Air Letter Mail. Rates available at Post Office and Sub-Stations.

Air Mail Special Delivery

Speedy air mail service is further accelerated by special delivery, insuring immediate delivery at destination upon arrival. The special delivery fee is 13 cents in addition to regular air mail letter rate.

PACKING and WRAPPING

Pack articles carefully, in strong, durable containers. Wrap parcels securely . . . but do not seal them unless they bear printed labels reading: "Contents, merchandise—Postmaster: This parcel may be opened for postal inspection if necessary", together with name and address of sender. Sealed parcels not so labeled are subject to the letter rate Enclosure of written matter other than card bearing names of sender and addressee is not permitted.

ADDRESSING PACKAGES

Address all mail plainly and completely in ink, giving street address, or box or rural route number, if possible. Place sender's return card in upper left hand corner of address side. Tags should not be used unless absolutely necessary, in which case a copy of the address and return card should be placed inside parcel for identification, if tag is lost.

Special Delivery Service

Prepayment of the following fees on first, second, third or fourth class mail entitles it to special delivery, immediately, at the office of address This is in addition to the regular postage.

	First Class (Cents)	Second, Third, Fourth Class
Up to 2 Pounds	13	17
Over 2 Pounds, Up to 10	20	25
Over 10 Pounds	25	35

POSTAL INSURANCE

Valuable parcels should be insured. The fees are: Up to $5.00, 3 cents; $5 01 to $25 00, 10 cents; $25 01 to $50.00, 15 cents; $50.01 to $200 00, 25 cents.

The Observance of the Following Will Assure Better Service During the Christmas Rush

Anticipate your regular stamp requirements for the Christmas season, and purchase them in advance to avoid the crowds.

Late mailings should be sent Special Delivery . . . to assure their immediate delivery upon arrival at destination.

Separate your "CITY" and "OUTGOING" mail and place it in proper slots provided at post office. When bundles of "City" or Outgoing" are brought to post office they should be handed through window in bundles, rather than put through slots a few at a time. A postal employe will be stationed at mailing windows during the Christmas rush.

Some Experts See Signs of Trouble Ahead

Predict 'Bumps' For High-Cost Housing

By T. E. APPLEGATE

NEW YORK — (AP) — There's a rising hum of voices today predicting trouble ahead in the housing market.

New homes are prices out of reach, they say. Mortgages are too liberal. Foreclosures are swinging upward.

Prophets of doom? Maybe. But there are many "ifs" in the forecasts of even the most articulate analysts. And they disagree as to the probable time and extent of an anticipated decline.

Disregarding the hedges surrounding their statements, here are outstanding examples:

Coming foreclosures may approach proportions of the thirties' — George W. Warnecke, New York building financier.

The bottom of the market for new homes "as now known" will drop out by next spring—consensus in many sections reported by the Dow Service, Inc.

Supply of new housing is abundant "for the effective demand" —Herman O. Walther, Chicago, vice president of the Bell Savings and Loan association.

SEE NO COST DECLINES

None of these predict sharp cost declines for new housing. There is no sign of weakening of basic building wage rates which are the principal cost factor.

Admittedly a new shot in the arm for infalation, such as a fourth round of wage increases or a war economy, could delay any slump.

The same result could come from a successful attempt by builders to tap the reputedly huge demand for low-cost homes, selling for well below $10,000.

But currently, evidences of a weakening market are mounting.

For months new houses (at a price) have been readily available. Now some apartments are in the same class.

This is a long way from the time when living space was rented or sold from the architect's plans.

Principal slowdown in home buying has come in the $12,000-$18,000 range. New apartment houses in less desirable locations are reported not fully rented as occupancy dates near.

Warnecke, head of a New York mortgage firm, says some builders of these structures are in distress now.

In an interview, he said this was evidence that many mortgage lenders in recent months were "as wrong as the elections polls."

Lenders who have over-extended themselves by offering too favorable terms are in for a licking, Warnecke believes. Unless trends change, he adds, foreclosures in mid-depression volume may result.

"It's time to call a halt to unrealistic valuations based on skyrocketing costs," he said.

He regards a tightening of mortgage credit as a healthy development tending to check runaway costs, pointing out that "it' deprives wildcat speculators in the building field of the kind of loose money they need to engage in pirating practices that bid up the cost of labor and consequently of the house itself."

MARKET CHANGING

Myron L. Matthews, vice-president of the Dow service, analyzing results of its recent survey, says "it isn't exactly a buyer's market yet, but it's getting there."

Commenting on the number of delinquencies in monthly mortgage payments and the increase in foreclosures, Walther said "these signs on the economic horizon do not necessarily point to a recession."

He told the American institute of real estate appraisers, of which he is a past president, that a small percentage of delinquencies and failures have been a normal feature of our economy.

Whatever the reasons, predictions are for new housing construction in 1949 to drop from this year's estimated record 950,000 units.

The conservative F. W. Dodge Corp., fact-finding organization for the construction industry, anticipates a decline of 7 per cent in dwelling units, to 884,000.

Warnecke's estimate is 800,000 units. He believes home building will level off at about three-fourths the present rate.

WALKS EARLY — One-month-old Robert Folloni, son of Mr. and Mrs. Lawrence Folloni of Bridgewater, Mass., celebrates his birthday by trotting around in his crib, with the guiding hand of his mother. Robert took his first steps at the age of 13 days, so say his parents.—(Intern'al.)

New Mexico Lures Trade

SANTE FE, N. M. — (AP) — Northern New Mexico resort operators are sowing the seeds for what they hope will be a bumper harvest of the southwest's greatest money crop—tourist visitors.

Recently organized into an efficient and hard working all-for-one-and-one-for-all association, the operators of dude ranches and guest lodges have joined the nationwide movement to create interest in all-season vacations

New Mexico, they point out with much enthusiasm, is the ideal spot to come for almost anything.

An extensive publicity program has been planned and is operating around the theory that New Mexico not only has the climate for vacation any time of the year, but, what's more, can produce good entertainment during any season.

Here is the one place, say the operators, where a vacationing New Yorker and his family can count on much the same—if not more—attractions he would expect to find in the summer.

Ceremonials at many of New Mexico's Indian pueblos and reservation headquarters are scheduled during the winter months. Hunting and fishing is popular the year around.

Of recent years, the area has been gaining popularity as a winter sports center, with ski runs available at Albuquerque, Santa Fe and Tres Ritos—the later serving the Taos-Las Vegas areas.

Scenic attractions also are being boosted.

Continuation Of Building Boom Likely

Materials, Labor More Plentiful

WASHINGTON — (AP) — Materials and labor enough to sustain the building boom by providing $18,100,000,000 worth of new construction in 1949 are foreseen by the Producers' Council, Inc.

The national organization of building supply manufacturers issued its forecast after the government reported these housing velopments:

1. The new federal "yield insurance" program, intended to attract large-scale investors into the moderate-rental housing field, was set in motion by the federal housing administration.

2. The office of the housing expediter, ploughing through complaints of overcharges and other violations on 64,000 priority-built veterans' homes, forecast completion of its job by April. A total of $15,000,000 in allegedly improper charges is involved.

The Producers' Council said most materials will be "ample" for the $18,100,000,000 worth of new building and $7,000,000,000 worth of repair and maintenance work forecast for next year.

This would mean a volume of building, of all types, about equal to this year's, with a drop likely in housing construction but an increase in highway and other public works jobs. A commerce department industry committee has estimated that this year's dwelling construction will run to 1,200,000 units, including farm homes.

In iron and steel, the council's estimate said, "the outlook is complicated by the unknown extent and character of the defense program," But the report added:

"Unless the armament requirement is much over that now anticipated, iron and steel products should be at least as plentiful for construction as has been the case during 1948."

The council predicted that sash, doors and other millwork should be "much more readily available," gypsum items should definitely be "off the shortage list", and dealers should be able to offer "selectivity and prompt delivery" on other items, it said.

Cement may remain tight, the council said, because of the expected rise in highway, bridge, dam and public building construction and the Supreme court decision which upset the cement industry's "basing point" system of pricing.

"The extreme tightness of the labor supply, which has made premium and overtime payments a feature of the construction picture since the end of the war, should be much eased during 1949," the council said.

It's News to Me

By Vivian Ferguson

Thanksgiving day services were held at Mt. Calvary Baptist church at 11 a. m. with the pastor, Rev. S. B. Beauford delivering the sermon.

The St. John Holiness church held Thanksgiving services at 8 p. m. The New Mansfield quintet and the Jordan Brother quartet sang several selections during the services. The Gospel chorus of the Church of God in Christ in Fremont will appear in a musical program at St. John's Holiness church Saturday, Nov. 27 at 8 p. m.

A home talen program will be given at Mt. Herman Baptist church today, Sunday, Nov. 28 at 3 p. m.

The pastor of Shiloh Baptist church, Rev. A. J. Payne and his choir will go by bus to Akron to appear in services at the Shiloh Baptist church there. Rev. U. S. Munnerlyn is the pastor of the Akron church.

Miss Helen Joyce of South Foster street spent Thanksgiving day in Cleveland at a re[illegible]ion of her family.

Mrs. William Hawthorne was a recent overnight guest of the Hawkins family on South Foster street. Mrs. Hawthorne is a resident of Akron.

Mrs. Augusta Hawkins and Miss Bernita Hawkins motored to Sandusky last week-end to visit Mr. and Mrs. Herbert Towles.

Dr. and Mrs. L. L. Lancaster of North Mulberry street had as their guests for Thanksgiving day Mr. and Mrs. D[illegible] Miller and Mr. and Mrs. William Sanders of Akron, Mr. and Mrs. Tom Milton of Kent and Mrs. Elsie Jacobs of Ravenna.

Mr. and Mrs. Harvey Miller of East First street motored to Cleveland to spend Thanksgiving with Mr. and Mrs. William Persons and family. Mrs. Persons is a sister of Mrs. M[illegible]

The Davis family of Lafayette avenue held "open house" on Thanksgiving day. Visitors during the day were Mrs. Arabella Fisher and Leroy Fisher of Canton accompanied by several friends, Oscar Dockery of Kent, O., and Mr. and Mrs. Orange Calhoun, Mr. and Mrs. Willian Johnson and Mr. and Mrs. Robert Reynolds of this city.

Mr. and Mrs. Donald Ferguson of East Lutbe[illegible] place spent last weekend in Sandusky visiting Mr. and Mrs. Albert Jackson.

Many out-of-towners attended the formal dance given by American Legion Post No. 72 and the Women's auxiliary on Thanksgiving eve. Among them were Mr. and Mrs. Vernon Woods, Mr. and Mrs. Darwin Saunders, Miss Thelma W[illegible]ods and Alfred Pringle all of Wooster; Mrs. Charles Evans, Miss Willa Mae Smith and Cal Crawford and James Lee of Dayton and I[illegible] Fisher of Canton.

Mrs. Helen Price and Miss Dorothy Seidel of Philadelphia, Pa., a[illegible] week-end guests of the Cline family on East Second street.

'Open House' was observed by Mr. and Mrs. Charles Taylor of Livingston avenue in Crestline on T[illegible]anksgiving day and they entertained many friends during the day.

Galion Pedestrian Injured By Auto

GALION—Mrs. B. E. Place, of 134 West Church street, is in City hospital here with a fractured right leg and head contusion after being struck by an automobile while crossing the intersection of East Church and North Market streets at 11 p. m. Friday.

Police report the car was driven by Miss Kathryn Melcher, of Mt. Gilead, who is a nurse at City hospital, and that rain obscured her vision. She was not detained.

PLAN INAUGURAL BALL

COLUMBUS—(LP)—The League of Young Democrats state executive committee will meet in Columbus Sunday to discuss arrangements for the inaugural ball Jan. 10 to celebrate the inauguration of Frank J. Lausche as governor.

By OLIVE GRESMER

IT TAKES a bit of doing to stage a show. But the Amvets have gone all out to make this year's minstrel a big success. Rehearsals have been going on since October for Ye Old Time Minstrels to be presented Wednesday, Dec. 1, and Thursday, Dec. 2, at the John Simpson Junior high school auditorium.

Twenty-eight young Mansfield men, members of the local Amvet post, will compose the chorus. Although there's a lot of new talent, unusual costumes and background, plus strictly new dialogue and songs, there are at least two thirds of the same cast as in last winter's successful minstrel show.

One of the highlights of the production will be the feature by Jack Lewis, who will sing his original composition, "Mississippi Miss." Jack wrote the song during the war when he was stationed at the Mississippi Ordnance plant. Shortly afterwards the song was featured in an army show and proved to be quite popular.

I assure you you'll leave the show humming this catchy tune. Jack, a trumpet player, has his own orchestra which plays each Saturday evening at the Amvet clubhouse and for other dances.

Another feature act, which will have you laughing yourself right into the aisle, is the Two Black Crows number, given by the premiere end men, Connie Kalbfleisch and Bob Kaser. These two, who practically stopped the show last year, will do a take-off on the well-known Moran and Mack, who made the act so popular back in the '20's.

Louie Doerr will serve as interlocutor in a most impressive outfit. Kalbfleisch and Kaser will be assisted by Frank Heitz, Stan Fox, Bob Miller and Jack Lewis, as end men.

Other specialty numbers will be presented by Richard Turner, baton; Glenn, Schroff, tap dance; Kalbfleisch, "Somebody Else, Not Me"; Ross Todd, "Honey, Dat's All"; Jay Browning, "When You and I Were Young, Maggie."

A quartet, composed of Dwight Hodgson, Richard Culver, Robert Ernst and Don Kirkpatrick, will give you music you've never heard before.

Melodies by Victor Herbert will feature the latter part of the program with all local talent featured. Among the young artists are Beverly Wentz, Marilyn Little, Don Fatkin, Wanda Hess Donnan and Doris Ranck. They will sing numbers from "The Fortune Teller," "Eileen," "Naughty Marietta" and "Red Mill."

Jeroma Gentille, who was a successful contestant last year in the Cleveland 500 audition, will be featured in a dance, "Gypsey Czardas."

Members of the chorus include Kalbfleisch, Heitz, Lewis, Fatkin, Miller, Richard Culver, Jay Browning, Frank Schneider, Stan Fox, Robert Kaser, Frank Stumbo, Dwight Hodgson, Don Kirkpatrick, Maurice Rice, Tom Hoffman, Dale Beer, Charles Majors, Bill Keplar, Bob Bonham, Roy Hendrickson, R. H. Todd, John Seifert, Art Rhoads, Glenn Schroff, Richard Turner, Dick Dillon, Frank Keifer and Charles Beer.

Harold McCuen is again directing the show and has worked hard to make this tops in entertainment.

He has been ably assisted by George Ireland, accompanist, and Mrs. Margaret Hakes, who has been working for weeks to complete the unusual costumes. A group from the Amvet Auxiliary has spent the past two weeks busily sewing in their homes. They are Mrs. Hakes, Mrs. Robert Kaser, Mrs. Glenn Hoffman, Mrs. Robert Bonham, Mrs. Clyde Bonham, Mrs. Don Kirkpatrick, Mrs. Harold Lersch and Mrs. Charles Majors.

Mrs. Maurice Rice has served as ticket chairman; Bob Moore, business manager; Richard Underwood and Frank Stumbo, stage properties; Denzel Schaaf, program chairman, and Don Kirkpatrick and Dale Beer, publicity.

Let's go, folks, and show these Amvets how we appreciate a good home-talent production.

CHRISTMAS EVENTS FEATURE CLUB MEETING

Interspersing the hours of happy social amenities, was the Christmas sewing, done by the members of the Utilian club, when the associates gathered at the home of Mrs. Amos Day, West Fourth street Tuesday. All the members, but one were welcomed who with a guest, Mrs. L. D. Alexander, enjoyed the pleasant session. In three weeks Mrs. O. L. Henderson, Helen avenue, will be the club hostess.

REGULAR SESSION OF TOURIST CLUB

Eighteen members responded to the welcome of Mrs. E. A. Clingan, where she presided over the meeting of the Tourist club at her home, 130 Vennum avenue, Tuesday. The usual club program was featured with the roll call, current events and two very fine papers. Mrs. Fred Berg gave a discourse on the "Railway Development in the United States," and in the absence of Mrs. William Bowers, Mrs. B. W. Forkner read the paper Mrs. Bowers had prepared on "History of Photography." An open meeting of the club is being planned for Dec. 11, this session to be held at the Elks grill at 2 o'clock. Rev. A. M. Hughes will address the club associates at this time.

GROUP OF FRIENDS SURPRISE ON BIRTHDAY

Twenty-five girl friends of Edwina Tucker, 151 North Mulberry street, completely surprised her yesterday, the affair being a delightful reminder of Miss Edwina's birthday. Each guest brought a gift to add to the pleasure of the occasion. Music, games and guessing contests, the latter won by Virginia Creamer, Lucille Wehinger and Mildred Hans, featured the evening hours.

FROM THE COMING AND GOING COLUMN

Miss Ruth Rowlands arrived home today from Wittenberg college to spend Thanksgiving with her parents, Mr. and Mrs. A. D. Rowlands, at their home on West Second street.

Mr. and Mrs. W. C. Mansfield and family will leave for Chillicothe to be the holiday guests of Mrs. Mansfield's parents, Mr. and Mrs. K. C. Talbott. They will be joined at Delaware by their daughter, Miss Gladys, a student at Ohio Wesleyan, who will also remain over the week-end.

Miss Seidel Wed Oct. 30

Miss Alberta Seidel, daughter of Mr. and Mrs. Fred C. Seidel, Shelby, became the bride of Robert Metcalfe, son of Mr. and Mrs. Elmer Colbert of Plymouth, Oct. 30. The ceremony was performed by Rev. Charles W. Stoneburner.

The bride, given in marriage by her father, wore a green suit with black and gold accessories. Her corsage was a yellow orchid, and yellow rosebuds.

Mrs. Dan Shepherd, matron of honor, was attired in a brown ensemble and wore a corsage of red roses and baby mums. Dan Shepherd served as best man.

The newlyweds left for a short trip and are now at home in Shelby.

PLEDGE SERVICE

Members of the Delta Theta chapter, Delta Theta Tau sorority, will hold a pledge service Monday evening at 8 p. m at the Sky club. The group is also planning a rummage sale to be held Dec. 11, the place to be announced later.

MRS. DON R. WATSON

The Rev. B. F. Hagelbarger officiated for the double ring ceremony of Miss Naomi Zediker and Don R. Watson, Nov. 13, at 2:30 p. m. Miss Zediker is the daughter of Mr. and Mrs. Claude W. Zediker, 476 South Main street, and Mr. Watson is the son of Mr. and Mrs. A. Todd Watson, 85 Lind avenue. The nuptials were exchanged in the First Christian church. The couple has been residing at 85 Lind avenue since Nov. 21.

Covering the Younger Set

Just Ask Ann

Tomorrow ends the very brief vacation enjoyed by high school and college students alike. Just think, not another vacation until Christmas, and then comes a nice long one to make up for the past few months of hard work. . . .

The sophomore Blue Tri sure picked a doozie of a night for their hayride. They held it Nov. 20, a nice cold Saturday night. These coupled helped fill up the wagons—Joan Bruce and Kenny Burke, Towie Tipper and Shirley Sziraki, John Schmidt-Matzen and Pat Sharrock, Bernie Weaver and Diana Hoffman, Meredith Nail and Monk Russell, Dave Dye and Sue Wagner, and last, but not least, Kenny McCally and Beverly Scott. . . .

* * *

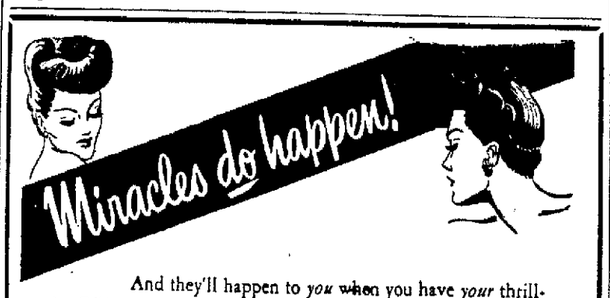
Judy Bolin and Joe Hoff were seen tripping the light fantastic at the Y Monday night. . . . A regular customer at the snack bar was Carol Johns. Could it be because of Rex Strine, who had donned an apron for the evening? . . . The same night Dorothy Audrey and Pete Keiser made a quiet exit together. . . . Peggy Brooks has been dating Jim Frieberger since he has been home on leave from Great Lakes. . . .

* * *

Ah, yes, the woods beckoned most of the males away from school the first day of hunting season. Get anything, boys? . . . When the group pictures for the Manhigan were taken Wednesday, Mario LaYacona was high on a chair checking everyone's position when BANG! The chair folded on him. Makes a fellow's face turn a shade of red, doesn't it Mario? . . . Joe Miller's affections have turned to Katherine Beattie. . . .

* * *

Phil Casto holds he gavel for the sophomore class. Assisting him will be John Fighter, vice president; Helen Stacey, secretary and Evelyn Schroeder, treasurer. Congratulations, kids! . . . Better start cramming for final tests. Next week ends the second term. . . . While conversing over the telephone, hair wet from a fresh washing and old clothes on, Rita Richert got a surprise. Jim Rabino walked in on her. Moral: Never wash your hair until after 10 o'clock or at least until you're sure the boy friend isn't expected. . . .



And they'll happen to *you* when you have *your* thrilling Rilling KOOLERWAVE . . . the exciting new *"Vapor-Veil"* permanent that works *miracles* . . . brings you the soft, smooth, *natural* waves you've always dreamed about!

KOOLERWAVE . . . *the professional wave* . . . is as different from messy, try-it-yourself-at-home "kits" as day is from night. KOOLERWAVE is given *only* by highly skilled and trained professional beauticians. Call for your appointment *today!*

Couple Wed On Anniversary

ON THE 61st wedding anniversary of her parents, Nov. 24, Mrs. Helen Spetka became the bride of Sherman Bowden. The nuptials were exchanged in the parsonage of the First Christian church at 8:30 p. m. with the Rev. B. F. Hagelbarger officiating for the single ring ceremony. Mums decorated the parsonage.

Mrs. Spetka, 383 Sturges avenue, is the daughter of Mr. and Mrs. B. F. Ernst, 689 Arlington avenue, and Mr. Bowden resides at 988 South Main street.

The bride given in marriage by her father, wore a two piece blond faille suit with tan and brown accessories. She had a corsage of orchids.

The bride's mother attended her during the ceremony. She wore a navy blue print dress with navy accessories. Her corsage was of gardenias.

A supper was held at the Sky club following the ceremony for the immediate wedding party.

After November 29 the couple will be at home at 988 South Main street.

Mrs. Bowden is an employe of the Mansfield Telephone company and Mr. Bowden is owner of the Bowden Poultry farm.

Plan Election Of Officers

Lady Garfield Council, No. 24, Daughters of America met Friday evening at Eagle hall with Mrs. Charles Avery, councillor, presiding.

New laws and amendments were read and a second nomination of officers was held. Election of officers will be held at the next meeting Dec. 10, at which a Christmas gift exchange will also be held. The October, November and December birthday committee will be in charge.

The degree team will meet Dec. 2, at 7:30 p. m. at the home of Miss Mary Beilstein, West First street. Miss Betty Altaffer, will act as co-hostess.

Tabitha Class Hears Guest

Mrs. John Kullman, 293 Cline avenue, was hostess to members of the Tabitha class of the First Lutheran church with 18 members and one guest, Miss Dorothy Whitworth, present. Associate hostesses were Mrs. Earl Robertson, Mrs. Oliver Brooker and Mrs. Gerald McCready.

Mrs. Frank Stoughton presided for the business session and Mrs. S. S. Miller led devotions. During the program period Mrs. Brooker gave a reading and three vocal numbers were sung by Miss Whitworth. At a late hour refreshments were served by the hostesses. The next meeting will be held Dec. 14 at the home of Mrs. L. H. Houston, 106 Lind avenue.

Delta chapter of Delta Kappa Gamma, national honorary sorority for teachers, will meet tonight at 7:30 p. m. at the home of Mrs. Frank C. Poling, 99 Glenwood boulevard. Associate hostesses will be Misses Mildred Shively, Lucille Beatty, and Gladys McDonald.

BARBARA MEILINGER WED TO MR. HANSCOM

IT WAS in Grace Episcopal church yesterday afternoon at 4 o'clock that Miss Barbara Edith Meilinger was united in marriage to Frank Henry Hanscom jr., son of Mr. and Mrs. Frank Henry Hanscom of Evanston, Ill. The bride is the daughter of Mr. and Mrs. George H. Meilinger, 17 Parkwood boulevard. Officiating at the wedding was Rev. Samuel U. J. Peard. At the organ was Miss Louise Krause, whose recital before the wedding included "Dreams," by Wagner; "Panis Angelica," by Franck; "Because," by Dehardelot, and "Love Song" by Drdla.

The church was simply decorated with white chrysanthemums and pompons in the altar vases, two seven-branched caldelabra, tied, with flowers and on either side of the altar were floor vases of large mums. Candelabra along the aisle were tied with white bows.

Miss Meilinger was escorted down the aisle by her father. She wore a simple but beautiful gown of heavy candlelight slipper satin with long gauntlets coming to points over the hands and a fitted basque coming to a point at the waistline. Her modified off-the-shoulder neckline was edged in a wide stand-up fold of satin and chantilly lace. A juliet cap trimmed with chantilly held her fingertip veil of ivory silk illusion. The very full skirt of her dress was fitted to the bodice by means of pleats at the back and ended in a long train. She carried a white prayer book and a white orchid with satin streamers.

Miss Shirley Barth of Indianapolis, a sorority sister of Miss Meilinger's at DePaw University, was the maid of honor. The bridesmaids were Miss Ruth Damron, friend of Mansfield and Mr. Hanscom's sister, Miss Nancy Hanscom of Evanston, Illinois. The three attendants were gowned alike in emerald green faille and the dresses had circular berthas trimmed with matching satin bands, finishing with a bow at the back of the berthas, and long streamers. The girls wore matching braided coronets and short gauntlets. The maid of honor carried a cascading bouquet of russet chrysanthemums and the bridesmaids carried the same type of bouquets in a yellow shade.

MRS. FRANK HENRY HANSCOM JR.

—Photo by Perez-Smucker

Mr. Hanscom's best man was Russell Whitehead of Deerfield, Illinois, and the ushers were E. William Kuhlmann jr., of Elmhurst, Illinois, and Hugh Meilinger, brother of the bride.

Mrs. Meilinger was gowned in a floor length light gray crepe. She wore a fuchsia hat with a waist corsage of matching gardenias. The bridegroom's mother wore a dress of cocoa colored crepe with matching accessories and green cymbidium orchids.

Afterwards a reception was held at the Mansfield-Leland hotel, where the bridal party and parents received 175 guests. The setting consisted of a banking of palms and arrangements of fall flowers. The wedding cake on the center of the table was surrounded with white pompons while maidenhair ferns were used also to decorate. Also on the cake table were silver candelabra with white tapers.

Mrs. Hanscom's going-away costume was of forest green gaberdine with brown accessories. Mr. and Mrs. Hanscom jr., will spend their wedding trip at New Orleans, and they will reside in Cleveland upon their return.

The bride attended DePauw university where she belonged to Pi Beta Phi. She also attended Ohio State university. Mr. Hanscom graduated from DePauw university. He received his naval commission at Harvard university during the war and served in the Pacific theater. He is a member of Alpha Tau Omega.

Out-of-town guests were from Chicago, Evanston, Deerfield, Western Springs and Elmhurst, Illinois, Detroit, Michigan, Pittsburgh, Pennsylvania, Ridgewood, New Jersey, St. Louis, Missouri, Indianapolis and Greencastle, Indiana, Van Wert, Columbus and Cleveland, Ohio.

Mr. and Mrs. Meilinger served a buffet supper for forty out-of-town guests and the combined families later in the evening.

Miss Damron Given Party

Miss Ruth Damron, bride-elect of Robert H. Erickson, was honored recently at a personal shower given by Miss Helen McClure, Stewart avenue. Fifteen guests were in attendance.

Bridge was the diversion of the evening with prizes going to Miss Barbara Meilinger and Miss Joanne Banks, who presented them to the honoree.

The guest of honor was put on "trial" by two married guests present, Mrs. Robert Schoenman and Mrs. Roger Caskey. For each question Miss Damron answered correctly she was given one of the gifts. The hostess presented the honoree with a gift of linen.

Miss McClure gave gifts to Miss Barbara Meilinger, bride elect of Frank H. Hanscom jr., who were united in marriage Saturday, and Mrs. Donald Watson, the former Naomi Zediker. The gifts were of crystal.

The refreshments were served buffet style from a table centered with a floral arrangement of yellow carnations with yellow candles on either side. Mrs. Carl Damson presided at the table.

Miss Damron and Mr. Erickson will exchange nuptial vows Dec. 18 in the Denison University's Swasey chapel. Miss Damron is a senior at the school.

Miss Gibson Feted At Parties

FOR the pleasure of Miss Elizabeth Gibson, bride-elect of Paul Cropper jr., were parties given the latter part of the week by several friends. Mrs. Frederick Talcott jr., 644 South Main street, entertained with an alphabetical shower honoring the bride-to-be. Eight were present for a diversion of bridge. Score prizes went to Mrs. Paul Cropper and Mrs. Robert Marks, who presented them to the honoree. Refreshments were served at a late hour at small tables, attractively decorated.

Mrs. Wayne Taylor and Mrs. Paul Williams, the latter of Dayton, entertained Friday at a luncheon at the Farmhouse. On Monday evening Mrs. Robert Marks will be hostess at her home, 225 Marlow road, at 8 p. m., entertaining for Miss Gibson.

Another recent honor was an informal supper party given at the home of Mr. and Mrs. Bruce McGinty, Shady Lane.

Miss Gibson, daughter of Mr. and Mrs. Edward Gibson, 282 West Fourth street, and Mr. Cropper, son of Mr. and Mrs. Paul Cropper sr., 468 West Third street, will be wed Sunday, Dec. 5 at 4 p. m. at the First Methodist church.

RHOADS-EDWARDS NUPTIALS SOLEMNIZED HERE

A LOVELY GOWN of dove white slipper satin was chosen for the marriage of Miss Mary Anita Rhoads to Jacques Gladden Edwards Saturday at 7:30 p. m. in the First English Lutheran church. The dress was made with a sheer squared yoke, edged with a band of satin in a bertha effect all around the yoke. The sleeves ended in points over hand with a small button closing. The dress buttoned down the back. The full skirt was attached to the medium length bodice in a very full effect falling into an extremely wide and long train.

The little bonnet which held the imported English silk illusion veil was of Dutch type with the center made of Chantilly lace and the side in silk illusion. The veil had been worn by Mrs. Paul M. Auxter, close friend of the bride, at her wedding.

The only jewelry worn by the bride was Mr. Edwards' Sigma Pi fraternity pin on a gold chain.

The Rev. Carveth P. Mitchell officiated for the double ring ceremony before an altar decorated with a background of palms, two altar vases and two large beauty baskets of gladioli, mums and pompons. Four seven-branch candelabra were arranged within the decorations to complete the candlelight service.

Miss Rhoads is the daughter of Mrs. Clarence E. Rhoads and the late Mr. Rhoads, 87 Bartley avenue. Mr. Edwards is the son of Mr. and Mrs. Fred F. Edwards, 277 Bartley avenue.

Mrs. Clayson Bell presided at the organ for the uptial music.

The bride carried a bouquet of snow-white roses, carnations and a going away corsage of white roses in the center.

Mrs. Richard L. Wappner, sister of the bride, served as matron of honor and Miss Alice Rhoads, sister of the bride, was the bridesmaid. Miss Rhoads chose the same style gown for her attendants. These were made with short sleeves with turnback cuffs and below the elbow gauntlets with turndown cuffs. The matron of honor wore a taffeta gown of Spanish tile color with a bonnet similar to that of the bride's and trimmed in two ostrich tips on lime green and Spanish tile. The bridesmaid wore a lovely shade of lime green taffeta with a bonnet trimmed in ostrich tips in almond and lime green.

Both attendants carried leaflet arrangements of talisman roses and bronze pompons to correspond with the gowns.

The bride's mother wore a green dress and hat with black accessories. Mrs. Edwards chose a rust dress with brown accessories. They both wore corsages of talisman roses.

Harold J. Flaherty, close friend and fraternity brother of the bridegroom, served as best man.

Richard L. Wappner, brother-in-law of the bride, Robert Atterholt, Ashland, close friend and fraternity brother of the bridegroom, Boyd O. Montgomery, and C. Edward Homan, friends of the couple, escorted the guests to their pews.

MRS. JACQUES GLADDEN EDWARDS

—Photo by Perez-Smucker

Immediately following the ceremony a reception for 125 guests was held at the Mansfield Leland hotel. The table was centered with a wedding cake with pompon bouquets at either end. Four tall tapers lighted the table.

For her honeymoon through the south Mrs. Edwards wore a gray dress with green coat and green accessories. She wore the white rose corsage from her bridal bouquet.

The couple will make their home in Ashland.

Mrs. Edwards is a graduate of Mansfield senior high school and Mansfield Business Training school. She is employed as a billing clerk at Barnes Manufacturing company. Mr. Edward graduated from Mansfield senior high school and attended Ohio university at Athens where he was a member of the Sigma Pi fraternity. He is a member of the sales department at F. E. Myers and Brothers company at Ashland.

The annual Christmas luncheon bridge held by the Women's club will be held December 9 this year. Mrs. William Jefferies will be the hostess for the affair at 1 p. m. Reservations should be made to Mrs. Bushnell by December 6 at the club house.

MRS. DON R. WATSON

The Rev. B. F. Hagelbarger officiated for the double ring ceremony of Miss Naomi Zediker and Don R. Watson, Nov. 13, at 2:30 p. m. Miss Zediker is the daughter of Mr. and Mrs. Claude W. Zediker, 476 South Main street, and Mr. Watson is the son of Mr. and Mrs. A. Todd Watson, 85 Lind avenue. The nuptials were exchanged in the First Christian church. The couple has been residing at 85 Lind avenue since Nov. 21.

Covering the Younger Set

Just Ask Ann

Tomorrow ends the very brief vacation enjoyed by high school and college students alike. Just think, not another vacation until Christmas, and then comes a nice long one to make up for the past few months of hard work. . . .

The sophomore Blue Tri sure picked a doozie of a night for their hayride. They held it Nov. 20, a nice cold Saturday night. These coupled helped fill up the wagons—Joan Bruce and Kenny Burke, Towie Tipper and Shirley Sziraki, John Schmidt-Matzen and Pat Sharrock, Bernie Weaver and Diana Hoffman, Meredith Nail and Monk Russell, Dave Dye and Sue Wagner, and last, but not least, Kenny McCally and Beverly Scott. . . .

* * *

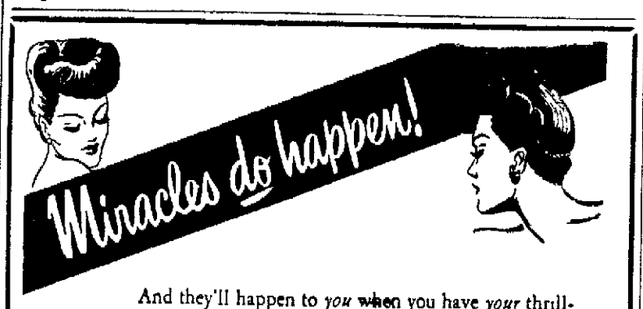
Judy Bolin and Joe Hoff were seen tripping the light fantastic at the Y Monday night. . . . A regular customer at the snack bar was Carol Johns. Could it be because of Rex Strine, who had donned an apron for the evening? . . . The same night Dorothy Audrey and Pete Keiser made a quiet exit together. . . . Peggy Brooks has been dating Jim Frieberger since he has been home on leave from Great Lakes. . . .

* * *

Ah, yes, the woods beckoned most of the males away from school the first day of hunting season. Get anything, boys? . . . When the group pictures for the Manhigan were taken Wednesday, Mario LaYacona was high on a chair checking everyone's position when BANG! The chair folded on him. Makes a fellow's face turn a shade of red, doesn't it Mario? . . . Joe Miller's affections have turned to Katherine Beattie. . . .

* * *

Phil Casto holds he gavel for the sophomore class. Assisting him will be John Fighter, vice president; Helen Stacey, secretary and Evelyn Schroeder, treasurer. Congratulations, kids! . . . Better start cramming for final tests Next week ends the second term. . . . While conversing over the telephone, hair wet from a fresh washing and old clothes on, Rita Richert got a surprise. Jim Rabino walked in on her. Moral: Never wash your hair until after 10 o'clock or at least until you're sure the boy friend isn't expected. . . .



And they'll happen to *you* when you have *your* thrilling Rilling KOOLERWAVE . . the exciting new *"Vapor-Veil"* permanent that works *miracles* . . . brings you the soft, smooth, *natural* waves you've always dreamed about!

KOOLERWAVE . . . *the professional wave* . . . is as different from messy, try-it-yourself-at-home "kits" as day is from night. KOOLERWAVE is given *only* by highly skilled and trained professional beauticians. Call for your appointment *today!*

Couple Wed On Anniversary

ON THE 61st wedding anniversary of her parents, Nov. 24, Mrs. Helen Spetka became the bride of Sherman Bowden. The nuptials were exchanged in the parsonage of the First Christian church at 8:30 p. m. with the Rev. B. F. Hagelbarger officiating for the single ring ceremony. Mums decorated the parsonage.

Mrs. Spetka, 383 Sturges avenue, is the daughter of Mr. and Mrs. B. F. Ernst, 689 Arlington avenue, and Mr. Bowden resides at 988 South Main street.

The bride given in marriage by her father, wore a two piece blond faille suit with tan and brown accessories. She had a corsage of orchids.

The bride's mother attended her during the ceremony. She wore a navy blue print dress with navy accessories. Her corsage was of gardenias.

A supper was held at the Sky club following the ceremony for the immediate wedding party.

After November 29 the couple will be at home at 988 South Main street.

Mrs. Bowden is an employe of the Mansfield Telephone company and Mr. Bowden is owner of the Bowden Poultry farm.

Plan Election Of Officers

Lady Garfield Council, No 24, Daughters of America met Friday evening at Eagle hall with Mrs. Charles Avery, councillor, presiding.

New laws and amendments were read and a second nomination of officers was held. Election of officers will be held at the next meeting Dec. 10, at which a Christmas gift exchange will also be held. The October, November and December birthday committee will be in charge.

The degree team will meet Dec. 2, at 7:30 p. m. at the home of Miss Mary Beihtein, West First street. Miss Betty Altaffer, will act as co-hostess.

BARBARA MEILINGER WED TO MR. HANSCOM

IT WAS in Grace Episcopal church yesterday afternoon at 4 o'clock that Miss Barbara Edith Meilinger was united in marriage to Frank Henry Hanscom jr., son of Mr. and Mrs. Frank Henry Hanscom of Evanston, Ill. The bride is the daughter of Mr. and Mrs. George H. Meilinger, 17 Parkwood boulevard. Officiating at the wedding was Rev. Samuel U. J. Peard. At the organ was Miss Louise Krause, whose recital before the wedding included "Dreams," by Wagner; "Panis Angelica," by Franck; "Because," by Dehardelot, and "Love Song" by Drdla.

The church was simply decorated with white chrysanthemums and pompons in the altar vases, two seven-branched caldelabra, tied, with flowers and on either side of the altar were floor vases of large mums. Candelabra along the aisle were tied with white bows.

Miss Meilinger was escorted down the aisle by her father. She wore a simple but beautiful gown of heavy candlelight slipper satin with long gauntlets coming to points over the hands and a fitted basque coming to a point at the waistline. Her modified off-the-shoulder neckline was edged in a wide stand-up fold of satin and chantilly lace. A juliet cap trimmed with chantilly held her fingertip veil of ivory silk illusion. The very full skirt of her dress was fitted to the bodice by means of pleats at the back and ended in a long train. She carried a white prayer book and a white orchid with satin streamers.

Miss Shirley Barth of Indianapolis, a sorority sister of Miss Meilinger's at DePaw University, was the maid of honor. The bridesmaids were Miss Ruth Damron,, friend of Mansfield and Mr. Hanscom's sister, Miss Nancy Hanscom of Evanston, Illinois. The three attendants were gowned alike in emerald green faille and the dresses had circular berthas trimmed with matching satin bands, finishing with a bow at the back of the berthas, and long floor length light gray crepe. She wore a fuchsia hat with a waist corsage of matching gardenias. The bridegroom's mother wore a dress of cocoa colored crepe with matching accessories and green cymbidium orchids.

Afterwards a reception was held at the Mansfield-Leland hotel, where the bridal party and parents received 175 guests. The setting consisted of a banking of palms and arrangements of fall flowers. The wedding cake on the center of the table was surrounded with white pompons while maidenhair ferns were used also to decorate. Also on the cake table were silver candelabra with white tapers.

Mrs. Hanscom's going-away costume was of forest green gaberdine with brown accessories. Mr. and Mrs. Hanscom jr., will spend their wedding trip at New Orleans, and they will reside in Cleveland upon their return.

The bride attended DePauw university where she belonged to Pi Beta Phi. She also attended Ohio State university. Mr. Hanscom graduated from DePauw university. He received his naval commission at Harvard university during the war and served in the Pacific theater. He is a member of Alpha Tau Omega.

Out-of-town guests were from Chicago, Evanston, Deerfield, Western Springs and Elmhurst, Illinois, Detroit, Michigan, Pittsburgh, Pennsylvania, Ridgewood, New Jersey, St. Louis, Missouri, Indianapolis and Greencastle, Indiana, Van Wert, Columbus and Cleveland, Ohio.

Mr. and Mrs. Meilinger served a buffet supper for forty out-of-town guests and the combined families later in the evening.

MRS. FRANK HENRY HANSCOM JR.

Miss Damron Given Party

Miss Ruth Damron, bride-elect of Robert H. Erickson, was honored recently at a personal shower given by Miss Helen McClure, Stewart avenue. Fifteen guests were in attendance.

Bridge was the diversion of the evening with prizes going to Miss Barbara Meilinger and Miss Joanne Banks, who presented them to the honoree.

The guest of honor was put on "trial" by two married guests present, Mrs. Robert Schoenman and Mrs. Roger Caskey. For each question Miss Damron answered correctly she was given one of the gifts. The hostess presented the honoree with a gift of linen.

Miss McClure gave gifts to Miss Barbara Meilinger, bride elect of Frank H. Hanscom jr., who were united in marriage Saturday, and Mrs. Donald Watson, the former Naomi Zediker. The gifts were of crystal.

The refreshments were served buffet style from a table centered with a floral arrangement of yellow carnations with yellow candles on either side. Mrs. Carl Damson presided at the table.

Miss Damron and Mr. Erickson will exchange nuptial vows Dec. 18 in the Denison University's Swasey chapel. Miss Damron is a senior at the school.

Miss Gibson Feted At Parties

FOR the pleasure of Miss Elizabeth Gibson, bride-elect of Paul Cropper jr., were parties given the latter part of the week by several friends. Mrs. Frederick Talcott jr., 644 South Main street, entertained with an alphabetical shower honoring the bride-to-be. Eight were present for a diversion of bridge. Score prizes went to Mrs. Paul Cropper and Mrs. Robert Marks, who presented them to the honoree. Refreshments were served at a late hour at small tables, attractively decorated.

Mrs. Wayne Taylor and Mrs. Paul Williams, the latter of Dayton, entertained Friday at a luncheon at the Farmhouse. On Monday evening Mrs. Robert Marks will be hostess at her home, 225 Marlow road, at 8 p. m., entertaining for Miss Gibson.

Another recent honor was an informal supper party given at the home of Mr. and Mrs. Bruce McGinty, Shady Lane.

Miss Gibson, daughter of Mr. and Mrs. Edward Gibson, 282 West Fourth street, and Mr. Cropper, son of Mr. and Mrs. Paul Cropper sr., 468 West Third street, will be wed Sunday, Dec. 5 at 4 p. m. at the First Methodist church.

RHOADS-EDWARDS NUPTIALS SOLEMNIZED HERE

A LOVELY GOWN of dove white slipper satin was chosen for the marriage of Miss Mary Anita Rhoads to Jacques Gladden Edwards Saturday at 7:30 p. m. in the First English Lutheran church. The dress was made with a sheer squared yoke, edged with a band of satin in a bertha effect all around the yoke. The sleeves ended in points over hand with a small button closing. The dress buttoned down the back. The full skirt was attached to the medium length bodice in a very full effect falling into an extremely wide and long train.

The little bonnet which held the imported English silk illusion veil was of Dutch type with the center made of Chantilly lace and the side in silk illusion. The veil had been worn by Mrs. Paul M. Auxter, close friend of the bride, at her wedding.

The only jewelry worn by the bride was Mr. Edwards' Sigma Pi fraternity pin on a gold chain.

The Rev. Carveth P. Mitchell officiated for the double ring ceremony before an altar decorated with a background of palms, two altar vases and two large beauty baskets of gladioli, mums and pompons. Four seven-branch candelabra were arranged within the decorations to complete the candlelight service.

Miss Rhoads is the daughter of Mrs. Clarence E. Rhoads and the late Mr. Rhoads, 87 Bartley avenue. Mr. Edwards is the son of Mr. and Mrs. Fred F. Edwards, 277 Bartley avenue.

Mrs. Clayson Bell presided at the organ for the uptial music.

The bride carried a bouquet of snow-white roses, carnations and a going away corsage of white roses in the center.

Mrs. Richard L. Wappner, sister of the bride, served as matron of honor and Miss Alice Rhoads, sister of the bride, was the bridesmaid. Miss Rhoads chose the same style gown for her attendants. These were made with short sleeves with turnback cuffs and below the elbow gauntlets with turndown cuffs. The matron of honor wore a taffeta gown of Spanish tile color with a bonnet similar to that of the bride's and trimmed in two ostrich tips on lime green and Spanish tile. The bridesmaid wore a lovely shade of lime green taffeta with a bonnet trimmed in ostrich tips in almond and lime green.

Both attendants carried leaflet arrangements of talisman roses and bronze pompons to correspond with the gowns.

The bride's mother wore a green dress and hat with black accessories. Mrs. Edwards chose a rust dress with brown accessories. They both wore corsages of talisman roses.

Harold J. Flaherty, close friend and fraternity brother of the bridegroom, served as best man.

Richard L. Wappner, brother-in-law of the bride, Robert Atterholt, Ashland, close friend and fraternity brother of the bridegroom, Boyd O. Montgomery, and C. Edward Homan, friends of the couple, escorted the guests to their pews.

Immediately following the ceremony a reception for 125 guests was held at the Mansfield Leland hotel. The table was centered with a wedding cake with pompon bouquets at either end. Four tall tapers lighted the table.

For her honeymoon through the south Mrs. Edwards wore a gray dress with green coat and green accessories. She wore the white rose corsage from her bridal bouquet.

The couple will make their home in Ashland.

Mrs. Edwards is a graduate of Mansfield senior high school and Mansfield Business Training school. She is employed as a billing clerk at Barnes Manufacturing company. Mr. Edward graduated from Mansfield senior high school and attended Ohio university at Athens where he was a member of the Sigma Pi fraternity. He is a member of the sales department at F. E. Myers and Brothers company at Ashland.

Barbara Bailey Becomes Bride Of Mr. Sauser

MISS BARBARA ANN BAILEY, daughter of Mr. and Mrs. Harvey Bristor Bailey, 422 Marion avenue, exchanged nuptial vows with Donald Jack Sauser, son of Mr. and Mrs. Joseph A. Sauser, 2537 Prairie avenue, Evanston, Ill., Saturday afternoon at 1:30 o'clock at the home of her parents. The closed ceremony, which was witnessed by the immediate families, was solemnized by Rev. D. N. Roller, pastor of the First Presbterian church.

The double ring service was held before a lovely background of yellow and rust picardy glads, bronze pompons and yellow mums. Tall candelabra, placed before the mantel, illuminated the colorful scene.

Given in marriage by her father, the bride chose a rose taffeta frock, fashioned with a low neckline, full corded skirt and Elizabethean collar. The only trim was three jeweled pins, a gift from the bridegroom. She carried carnations and varigated pink camellias.

Her attendant was Miss Julia Chapin Colby, who wore a navy blue taffeta dress of the same style as the bride's. Her bouquet was composed of dark pink carnations.

Mrs. Bailey was attired in a green crepe dress with black accessories and wore a corsage of pink roses. Mrs. Sauser wore a gray dress with sequin trim and black accessories. Her corsage was of red roses.

Serving as best man was Harold Barton Sauser, Evanston, Ill., brother of the bridegroom.

Immediately following the ceremony the bridal party received 125 guests at two receptions at the Bailey home. Guests were received from 2 to 3 p.m. and from 3 to 4 p.m. The serving table was centered with a three tiered wedding cake and on either side were lighted tapers. Mums and pompons in the fall shades also decorated the table.

Miss Jane Manz and Miss Mary Heiber, close friends of the bride, poured at the first reception and Mrs. Lowell Bourns and Mrs. Hamilton Maginniss, also close friends, presided at the later hour.

The couple left later in the day for a short stay in Ft. Wayne, Ind. For traveling the bride wore a wine suit with navy accessories and a corsage from her bridal bouquet.

They will make their home in Evanston, Ill.

Mrs. Sauser was graduated from Mansfield Senior high school and attended Northwestern University. Mr. Sauser, a senior in the technological Institute of Northwestern University, spent three and one half years as a fighter pilot in the Marine Air Corps. At the present he is attending the university.

Guests were in attendance from Evanston, Ill., Chicago, Akron, Springfield, Loudonville, Sidney and Indianapolis.

MISS MARILYN ANN TREISCH

Mr. and Mrs. William H. Treisch, 275 South Diamond street, are announcing the engagement of their daughter, Marilyn Ann, to Glenn A. Wendland, son of Mr. and Mrs. Lester Wendland, 532 Clifton boulevard. The wedding will be an event of Jan. 1, 1949. The bride-elect, a graduate of Mansfield Senior high school, is employed as a dental assistant to Dr. Richard Acomb, and Mr. Wendland, who was graduated from Madison high school, is employed at the Mansfield Provident company.

Mothers Meet, Plan Party

Mrs. Eugene Boling presided for the regular meeting of the Baku chapter, DeMolay Mothers, when members convened recentl, at the clubrooms Fourteen members and one guest, George Caton, member of the advisory board, were in attendance.

Reports were given by Mrs. Paul Whipp on the dinner served Nov. 6 to the DeMolay boys' chapter from Cincinnati. A vote of thanks was extended to Mrs. Roscoe Traxler, chairman of the dinner and to Mrs. Walter McGee for her donations.

It was also voted to hold a Christmas gift exchange at the next meeting, Dec. 22, at 7:30 p. m. at Room 6, YMCA. Reports were given by Mrs. Traxler on the sale of articles by the chapter.

Following the business session a social was held with refreshments served by Mrs. John C. Schneider and Mrs. Caton.

PLAN MUSICAL

The Business and Professional Women's board met recently at the library. Miss Pearl Danback, program chairman, announced a musical program to be given at the next meeting, Dec. 8, at 6:30 p. m. at the Sky Club restaurant. A hike will be held in December.

MEET THURSDAY

Circle four of the First Presbyterian church will meet Dec. 2 for a one o'clock dessert luncheon at the home of Mrs. R. M. Calene, 132 Parkwood boulevard.

Schedule of Coming Events

MONDAY

Horoscope

For Monday, November 29

MONDAY'S astrological forecast is for a definitely sustained program in objectives and aspirations already on the way to happy, fruitful and worthwhile denouments. There is much to be gained by patient and enduring attack, even though there might be major blocks, interferences or obstacles to be rigidly overcome. Energy is high and, with indomitable will, lends the "know how" for practical undertakings. Social, romantic and private activities and ambitions should enhance prestige and popularity. There may be much festive or romantic celebration. Discount jealousy and hurt feelings.

Those whose birthday it is may anticipate a strenuous state of affairs, in which ambitious plans and projects reach the goal of high ambitions and aspirations. While practical objectives forge ahead with initiative and boldness, yet he personal element is also pitched to high adventure and enjoyments. Parties, celebrations, romantic engagements and affairs of young and old, give much gratification.

A child born on this day is splendidly endowed with practical creative gifts, as well as rich endowments of a social, romantic or cultural nature, fitting it for a successful and happy life.

Seekers' Bible Club Convenes

The Seekers Bible club met at the home of Mrs. Harvey Bender, Cook road. Devotions entitled, "Grace and Gratitude" were led by Mrs. Wilbur Wachs. The 17th chapter of Acts was studied under the direction of Mrs. Irvin Remy.

A short business meeting was conducted by the president, Mrs. Harvey Bender. Mrs. Remy was appointed chairman of the Christmas basket to be packed for a needy family.

The next meeting will be a Christmas tea, Dec. 8, at the home of Mrs. Wachs, Millsboro road.

Increased Output Brings End to U. S. Lumber Shortage

Impact on Housing Costs Problematical

PORTLAND, Ore.—(AP)—Lumber production is climbing, prices are skidding, and you can get an argument anywhere on what it means to the man building a house.

There's no agreement, for that matter, on what it means to the industry. But this much is certain:

There is no longer a lumber shortage.

Everyone is agreed the lumber industry can supply all that's needed to build all the houses needed.

The Western Pine association says the 11 western states this year will turn out more pine lumber than ever before in their history. The West Coast Lumbermen's association, whose principal product is Douglas fir, says it's the biggest peacetime year since 1929.

While production is climbing, prices have started to skid—some prices, that is.

Everywhere—in the southern pine region as well as in the far west—lumber prices at the mills are "soft". So far this has made no difference to speak of on the better grades of lumber. But the lower grades of common dimension stuff are falling.

Here's what has happened:

During the war and in the years since, the scarcity of lumber and its high price caused increased production. Hundreds of small operators, although logging inefficiently, made a profit and boosted output. Increasing attention to conservation plus the profit on trees that earlier had been uneconomical investments, boosted per-acre yield of timberland 25 per cent.

DEMAND DROPS

Most of this 25 per cent is low-grade common lumber. Before the war No. 3 dimension lumber sold at only $3 to $7 a thousand less than No. 1. So nobody wanted it.

During the period of shortage, No. 3 was wanted because lumber was lumber and nobody cared what the price was if they could get it.

But now there isn't any shortage, buyers are deciding they don't want No. 3 any more—and the price of No. 3 has hit the skids.

No one can say how far it has dropped for no one knows just how high it was: Each producer during the period of big demand sold for just about what he wanted, and some of them wanted plenty.

Those who got the most now have to cut their prices the most. Many of the large, established mills never went up to the peak, and so far they haven't had to come down. Whether they will, and just how much, depends on the future.

But at the moment No. 3 dimension lumber from the fir mills is selling from $20 to $30 a thousand board feet cheaper than No. 1.

The question is whether No. 3 can be marketed at its present price or whether the 25 per cent production increase during and since the war will have to be rolled back.

During the last three months unfilled orders have been falling and stocks on hand rising. At the end of October the total unfilled orders were 496,000,000 board feet and stocks on hand were 848,801,000. A year ago orders exceeded stocks by some 200,000,000 feet.

Mill operators say this isn't exactly an accurate picture since many of them have declined to list orders recently—mostly because the orders called for a higher percentage of high-grade lumber than they were willing to ship without the counter-balance of low-grade.

It emphasizes the new demand for better lumber and the lack of interest in low grade despite the price difference.

COULD CUT COSTS

This gets back to the man building a house.

H. V. Simpson, executive vice-president of the West Coast Lumberman's association, says if lower grades of lumber were used in low-cost housing, substituting No. 3 for No. 1 where suitable, the cost of lumber in a house would be only 100 per cent more than before the war. It is now listed by the bureau of labor statistics as 216 per cent.

Some 20 per cent of the cost of a frame house is lumber. If the lumber bill were cut in two, the men building a $8,000 house would save $800.

This, says Simpson, is the answer to low-cost housing; but before it gets to be an official part of the cost of the house, two things need to be done: the people have to learn to accept lower grades where they are suitable, and building code and financing restrictions calling for No. 1 have to be revised. Too many builders and too many codes think No. 1 is the lowest acceptable quality, he says.

The U.S. Forest Products laboratory at Madison, Wis., and the Oregon Forest laboratory at Oregon State college both are testing low-grade lumber to determine standards for use. If they come up with the answer Simpson says they will, No. 3 can be used confidently for sub-flooring, studding, sheathing, plates, fire stops and bracing, resulting in lower house costs and an increased demand for the lumber that now nobody wants.

The industry hopes this is not in the distant future, but admits it won't happen tomorrow.

SOME CUTS MADE

One price authority says that so far the only retail price cuts have occurred in such cities as Portland, Los Angeles, New York and other largely highly competitive centers.

In small towns, he says, lower prices are not in sight until present high-cost stocks are cleared and until competition forces reductions. He points out that a widely acknowledged practice of retailers buying from several mills, and pricing all lumber at the cost from the highest-priced mill, will work against price slashes in non-competitive towns. It is particularly prevalent in small mid-western cities, he says.

In Portland one retail group with many outlets throughout the country, says prices here are down about $6.50 a thousand—but it's a local drop only. It quoted No. 1 two-by-fours at $75 a thousand and No. 3 at $60. The latter was $65 to $67 only three weeks before.

Few will predict what supply or prices will be by spring, but one optimistic for the industry's future said the current prices slump is only leveling off from the extreme and doesn't hint at a continued decline. He believes demand for farm building and low cost housing will keep his mills at top production and assure use for the 25 per cent of the lumber that's not wanted just now.

Another industry leader isn't so sure. He says things will get worse before they get better, and prices of all grades of lumber will level off below the present position.

Kitchen Pans Turn on Post

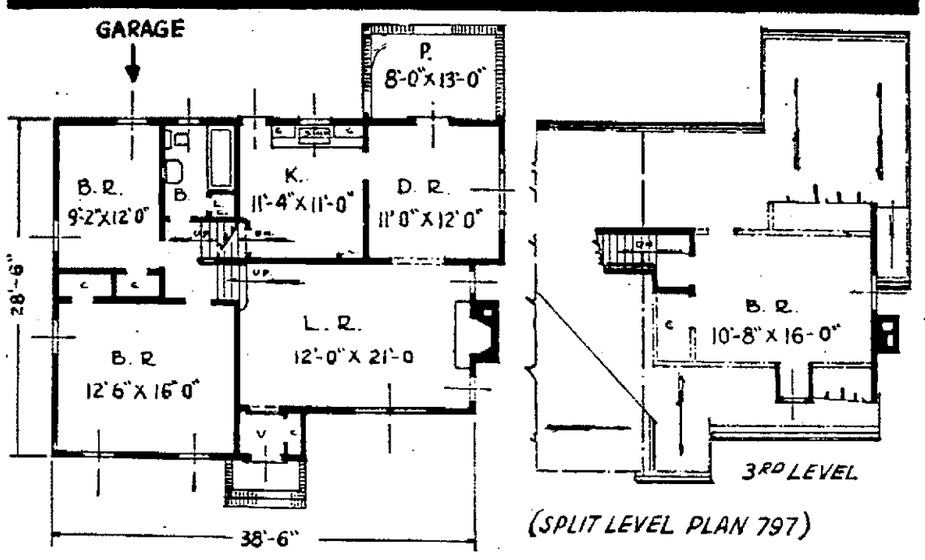
Where space permits, a unique idea for storing kitchen pots and pans in easy reach is to hang them on a revolving post housed in an 18-inch square floor-to-ceiling cabinet near the kitchen stove.

A round wooden column or post, 6 inches in diameter and 4 inches shorter than the distance from floor to ceiling, is used. Steel spindles are driven into the center of each end of the post, projecting about 1½ inches. This provides an axle on which the post will revolve. The spindles are inserted in holes bored in 2 inches wooden blocks attached to floor and ceiling. Utensils are hung on hooks screwed into the post.

Further convenience is added if the inside of the cabinet door is equipped with racks for pan lids.

This storage idea is especially practical when converting an unequipped room into a kitchen, as it obviates the need for spacious cabinets.

HOMES FOR AMERICANS



STAIRS SPLIT—This house is planned for people who do not like to climb stairs. There is not a full flight of stairs in it. Each level is half a flight up, with garage half a flight down from kitchen, and basement half a flight down from garage. This Split Level Plan 797 can be used on either a sloping or flat plot. It allows for a basement garage without too much excavation. The house has an area of 1,060 square feet. McMurray & Chirgotis, 968 Stuyvesant Avenue, Union N. J., are the architects.

The U.S. Forest Products laboratory at Madison, Wis., and the Oregon Forest laboratory at Oregon State college both are testing low-grade lumber to determine standards for use. If they come up with the answer Simpson says they will, No. 3 can be used confidently for sub-flooring, studding, sheathing, plates, fire stops and bracing, resulting in lower house costs and an increased demand for the lumber that now nobody wants.

The industry hopes this is not in the distant future, but admits it won't happen tomorrow.

Cold Barred By Vestibule

Temporary storm vestibules, built around front and back doors of the house where interior vestibules are lacking, are important and inexpensive aids to winter comfort. These enclosures prevent gusts of cold air sweeping into the living quarters when outside doors are opened.

Adding a vestibule to a house with an open porch is simple, as no floor or roof construction is involved. The vestibule can be removed at winter's end.

The enclosure should measure at least 5x5 feet. For one of this size, build a frame of five upright 2x4s. One forms each corner of the vestibule, extending from porch floor to ceiling. The fifth, standing midway of the front section, serves as a door jamb for the vestibule door, which is hung on one of the front corner uprights.

The space is enclosed by five window-sashes, each 30 inches wide and reaching from floor to ceiling. Two of the sashes, placed edge-to-edge, form each side of the vestibule. They are fastened to the corner uprights and to each other with hooks and screw-eyes, permitting easy removal. The fifth sash is attached with hooks at right angles to the others at a front corner of the vestibule, and to the vestibule door jamb. An ordinary storm-door closes the remaining half of the vestibule front.

BROADENS HOME

A porch added to the side of a square, boxy house gives added breadth, more pleasing proportions.

Fuel Savings Can Exceed Monthly Mortgage Payment

If his house is properly winterized, the average homeowner can, at today's fuel prices, save enough in one heating season to more than meet one of his monthly mortgage payments, according to the Construction Research Bureau of New York, clearing house for building information.

Studies of average homes that are not winterized show that it costs $180 a year to heat a six-room frame house with $15 coal; $234 with 13 cents fuel oil; and, in most sections, the gas heating bill will amount to $320.

Those costs can be reduced by one-third, Bureau engineers report, if all windows and doors are weatherstripped and have storm sash; if the house is insulated full-thick with mineral wool in walls and roof; if all heat-leaking cracks in exterior walls are sealed; and if the heating plant is adjusted to top efficiency.

With a one-third reduction in quantity of fuel burned, savings in the average coal-heated house thus would amount to $60; $78 for the oil-fired furnace; $107 for the gas user.

The monthly amortization payments of interest and principal on a 20-year, 5 per cent, $9,000 mortgage are $59.40; on a $15,000 mortgage with similar terms, payments are $99.

Fuel savings in a completely winterized house can amount to 51½ per cent, according to the National Bureau of Standards, which found that full-thick mineral wool insulation saves 35 per cent and that storm sash and weatherstrip add another 16½ per cent saving.

There is still time before cold weather arrives to winterize the home. The Construction Research Bureau explains that winterizing is not prohibitive in cost; can be easily financed by an FHA 3-year home modernization loan; that resulting fuel savings usually pay for the work within 3 years.

Storm-sash should fit tightly. In addition to weatherstrip on window or door, it is sometimes also necessary to install it where the storm-sash joins the frame.

Inaccessible spaces in existing houses are insulated quickly by blowing mineral wool under air pressure into the empty spaces and installing batts or blankets of the fireproof material where there is space for a man to work.

Cracks in siding, around windows and doors, and at eaves and foundation lines are sealed with caulking compound.

As a final precaution, a competent heating contractor should adjust and repair the heating plant.

More than one billion metal cans are used in an average year to pack meat in the United States.

Factory Building Nearly Finished

A new factory building, being constructed by the Taylor Metal products company, on Crouse street, between First street and Glessner avenue, will be ready for occupancy by the first of the month, a company official said today.

It will be leased to the Thermo-O-Disc, Inc., located at present at 87 West Luther place. The Thermo-O-Disc firm manufactures thermostats and other heating control devices.

Dry Clothes In Garage On Stormy Days

An umbrella-type revolving clothes-dryer in the garage is ideal for drying clothes in stormy weather.

This type of dryer usually has a metal sleeve in which the central upright fits and rotates. If it is not so equipped, a length of pipe can be used.

A small hole the size of this sleeve is easily drilled through the garage floor. The hole should be of sufficient depth to bring the top of the sleeve flush with the floor surface. The dryer can be quickly inserted and removed.

The scientific and functional use of color has become so important that there are now available home decorator charts showing complementary and harmonizing hues. Use of such charts assures color combinations in good taste which bring new beauty into the home. Proper use of color is based on tested scientific principles.

DRAFTS PREVENTED

By filling exterior walls with mineral wool insulation, the inside surface is kept warmer and this tends to prevent drafts caused by warm air flowing rapidly to cold wall surfaces.

Net Monthly Cost of Owning $9,500 Home Set at $31.65

Because of income tax savings, longer term mortgages and lower interest rates, the monthly cost of home ownership today is far less expensive than paying rent and is proportionately less than before the war, in spite of the fact that today's home sells for twice as much.

Analyzing the economics of owning a $9,500 house today, the Construction Research Bureau of New York finds that the net average monthly cost is only $31.65.

Before the war, a house of this size, selling for $5,000, represented a net monthly cost of $25.45.

Figures are arrived at thus:

PREWAR—Down payment of 10 per cent on a $5,000 house left a $4,500 mortgage. Financed for 20 years at 5 per cent interest, monthly payments on interest and principal were $29.70. To this was added $9 per month for real estate and water taxes, $1 for insurance, and $4.50 for repair, the monthly outlay totaling $44.20. From this was subtracted $18.75, the average monthly accumulation resulting from payments on mortgage principal. The net monthly cost of home ownership thus was $25.45.

TODAY — Down payment of $1,800 on a $9,500 house leaves a $7,700 mortgage. Financed for 25 years at 4½ per cent, monthly payments on interest and principal are $42.81. Adding $14 for taxes and water, $1.50 for insurance and $7 for repair (because of higher valuation and higher repair costs) the total monthly outlay is $65.31.

From this can be deducted an estimated $8 per month for federal income taxes allowable for interest and local taxes paid each year. The average buyer of the $5,000 prewar home rarely had this deduction because he was not subject to income tax.

From the total monthly outlay also should be deducted $25.66, which is the average monthly accumulation of equity resulting from payments on mortgage principal during the 300 months the mortgage runs. Deducting the $33.66, which is the sum of income tax saving and accumulation of equity, from the $65.31 monthly outlay leaves an actual net monthly home ownership cost of $31.65 for the $9,500 home.

Use of camels in the U. S. desert regions of the southwest was tried but abandoned in the middle of the last century, largely because horses and mules stampeded at the sight or smell of camels.

NOVEMBER 30
It's Not Too Late

No sir . . . it's not too late to apply PEERLESS CEMENT PAINT to protect masonry buildings against winter rains and snow. NOW — THIS MONTH — is a good time to apply it.
Why? . . . 'cause this is a damp season . . . masonry walls retain dampness longer now than they do in summer. There's more moisture in the air, too. These two factors help the paint to cure and harden properly. Yes sir . . . you can still put on PEERLESS CEMENT PAINT . . . preferably white . . . will provide ample protection until spring . . . when the second coat can be applied.

THERE ARE SOME HUGE DEER IN OHIO
THE LARGEST DEER ACTUALLY WEIGHED DURING THE 1947 OPEN SEASON WAS 318 POUNDS LIVE WEIGHT. TWO BUCKS REACHED THIS LARGE SIZE.
USUALLY A 200 POUND BUCK IS CONSIDERED BIG

Random Shots . . .

With

Don Miller

With the last echoes of the 1948 pheasant season dying away in the distance, let's take a look at he general success (or lack of same) for the short season.

For the majority of hunters, the colorful birds seemed to be more plentiful than original reports estimated.

In fact, at least two birds were nailed with a shot being fired. One of these, a hen, came cruising through a four by five plate glass window at Columbus.

The other was the victim of what we'd call the most unique hunter in the country. Cleveland papers carried the story of a four-year-old lad who ambled off into the field with his dog and came back carrying a full grown bird. Said he sneaked upon it!

★

Incidentally, none of the other papers carried the story of Karl Maul's pheasant, probably thinking it a chicken.

Skeptics might contact Gordon Ensminger who tells of having seen another just three year ago.

★

This corner along with Mal Hartley, Sunday editor, would like to thank our well-wishers on the new Outdoors section. We feel it will expand and fill a need for all area sportsmen.

However, I was taken to task by Bob Peele after the "doodle-socking" feature appeared Bob tells me this is against the law in some states and advises embryo 'sockers' to check up before trying it in Mississippi, Georgia, and some of the other states. Sound advice.

★

Now that pheasant season has passed into the memory stage, the next big event on the Ohio sports calendar will be deer hunting.

On Dec. 13 and for five days thereafter all roads lead to northeastern Ohio where 13 counties will play host to both gunners and archers out for their deer.

A brief summary of the laws: special five-dollar license required; bag limit is one deer, either buck or doe; rifled slugs or pumpkin balls must be used in shotguns (only firearms permitted); and bows must have at least a 40-pound pull. All arrows must be of the barbless type.

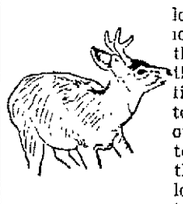
The open counties are Lake, Geauga, Ashtabula, Summit, Portage, Trumbull, Mahoning, Stark, Columbiana, Carroll, Tuscarawas, Harrison, and Jefferson.

★

Any potential Izaak Waltons in this area should take advantage of the winter months by practicing casting in their basements.

Skish, the fisherman's version of skeet, will be back in full force this spring according to tentative plans.

One well known Mansfield sportsman is considering the idea of constructing a small pond just outside the city limits and holding regular meets.



From here it looks like an ideal solution to the problems of those who can find little time to actually get out on the water. Just hop in the family jalopy, be casting ten minutes later, and still get home in time to eat.

Richland county sportsmen planning a trip to Logan next year should carry their rods and reels along. A contract has been let for the construction of a 404 acre lake just two miles from that town.

The lake will average 12 feet in depth, and will be used solely for fishing.

★

Since trapshooting occupies a goodly share of nimrods in and around Mansfield, the editors intend to devote more space to this activity. Any club officers who have information concerning various shoots are invited to make use of our space to give results or dates of shoots.

★

For those of you who may have missed it, Sports Afield carries a picture and story feature on Ohio fishing and hunting in its December issue.

The photos are good and the Muskingum water conservancy district comes in for a nice pat on the back.

★

Haven't heard from any coon hunters since the season opened, but heard some dogs on a hot trail Tuesday night. That's one of the sounds that can make a man leave home, hearth, and better-half!

Frankly, I'll sit that one out, though. In the past I've fallen into rivers, barked my shins on hidden logs, wore my legs down until I was walking on stubs, only to find the dogs leaping and yelping at a den tree.

The lantern invariably went out during the mad pursuit, hands would get numb; and after a couple of chases when we corraled a skunk, my wife refused to admit me to the house.

Oddendia

By ROD REEL

Who made the first game laws? When is a goat an antelope? How far can a salmon swim?

Area sportsmen probably haven't lost any sleepover these problems, but it's an easy way to confound your friends and pick up an easy dollar or two—if you know the answers.

For instance, take the question of the first game laws. Did you know the Bible carries a note that prohibits the taking of hen birds by hunters? Check up, nimrods, it's in Deuteronomy 22:6.

How about that goat and antelope deal?

Well, take the lordly Rocky Mountain goat—it's a type of antelope belonging to the ox family. You don't believe it? Don't bet, it'll cost you dough. Webster says the Rocky Mountain goat is a member of "an allied family."

About that salmon—take the tagged fish caught in a Siberian stream this year. The fish, tagged in Alaskan waters in May, traveled 1,300 miles in 44 days before he wound up in a frying pan. That's an average of almost 30 miles per day, and explains why the red-meated finsters can put up such a fight.

Ohioan Snares Bass With Spuds

When it comes to ingenuity, Ohio fishermen are hard to beat. That's a rash statement, but James Sparks of Richwood furnishes the proof.

During a recent five-week stay in Idaho, he took a number of large striped bass from a lake near the Snake river—on potatoes. He cut the Idaho spuds to resemble a worm, then hauled out several stripers, the largest weighing in at four and one-half pounds.

Junior Rifle Club Formed

WASHINGTON, D. C. — Clarence R. Hassinger, of 356½ West Fourth street, Mansfield, has been appointed instructor of Troop 18 BSA Junior Rifle club, it was announced in Washington, D. C. yesterday by the National Rifle association as it granted the organization a junior charter in the NRA's national youth program.

Membership in the new club, which will devote itself to the various phases of target shooting, is open to boys and girls under 18 years of age. Und the able instruction of Hassinger, the youngsters will learn the fundamentals of rifle shooting and the correct way to handle firearms safely.

Elected officials of the new club are: Jim Ogden, president, of 310 Vennum avenue; Jim Handley, vice president of 543 Park avenue West; John Fox, executive officer, of 93 Penn ovenue; Bob Craft, secretary-treasurer, of 469 Glessner avenue.

MEETING CALLED

All members of the Richland County Fish and Game association were urged today by President James Burkhart to attend the meeting Thursday night, Dec. 2, when new officers will be elected.

MIXTURE—These bright looking youngsters are of a breed not too common in dogdom. They are a cross between dachshund and beagle. The pups are owned by Guy E. Goldsmith, Newville.

★ ★ ★

Short Tale About Long Dog Ends Happily

When Guy E. Goldsmith of Newville, near Pleasant Hill reservoir, decided he wanted a rabbit hound suited to his own specifications, he settled on a combination of dachshund and beagle.

Beargles are often too fast, while the dachshund has a better nose, Goldsmith explained.

He sought to combine the best points of the two breeds by mating a registered beagle and registered dachshund.

The result was a litter of six pups, three of which Goldsmith sold. The other three, now seven months old, are showing much promise, Goldsmith declared. They have been running rabbits for a month, and are apparently quick to learn.

Cook's Corner

Crow Banquets Began Even Before Upset In Election

By GEORGE TUCKER, AP Newsfeatures Writer

Since crow is conspicuously absent from all lists of game birds, the appearance of hundreds who are eating it with relish (?) argues a race of venturesome men.

But the feeling of awe in the presence of great numbers of crow eaters ends when one considers what Kerry Wood has to say about coots, bats, and other untouchables in his essay "Wild Animals I Have Eaten."

"For delicacy of flavor, juicy tenderness, and zestful gastronomic enjoyment, the lordly mountain sheep and the lowly muskrat have provided me with the finest wild meat I have ever tasted," he declares.

"Coyote I have tasted, but let us try to forget it. . . . Crow banquets are becoming popular (this was written long before the election), and a friend tells me the bird is not unlike prairie chicken.

"Boiled owl is just as awful as it sounds. . . . Hawks are horrid. . . . Gulls are oily. . . . Loons have about the same resiliency as that black stuff used in radio panels. . . . Lynx is fairly good stuff, but avoid the sinewy steaks of cougar. . . . I met a man once who had tried timber wolf when he was starving and claimed it tasted like the breasts of hummingbirds cooked in grade-A butter.

"Once I had the privilege of tasting Great Blue Heron, a farmer mistaking the bird for a Sand-Hill crane and laboring under the impression that the crane was a sort of elongated turkey, and, therefore, first rate eating.

"The heron ruined the family's best carving knife; and when we did get our portions, we found the flesh oily and fish-tainted. To save my stomach, I told the lady of the house that herons frequently ate snakes, and had the satisfaction of seeing the carcass promptly whisked off the table and thrown out. We were fed ham, but it did not seem necessary to mention the fact that pigs also eat snakes."

Wood's essay was published originally in the magazine Field & Stream and is now included with dozens of others in the book, Field & Stream Game Bag, published by Doubleday & Doran, New York.

Hunting and Fishing In Dixie

'Float Trip' Popularity Moving North

For those fishermen who crave fast water and plenty of action, few things offer more than a float trip.

These trips, usually lasting for a full day, carry one down the river in a light boat and furnish a variety found in few other branches of outdoor sports.

Whether it's just lazing along and catching a few bluegills or sunnies every now and then; unlimbering a fly rod and thrilling to the rise to a fly; or casting for smashing smallmouth bass, a float trip can satisfy even the most particular.

DEEP IN WILDS—Glen S. Vinson, Ideal Electric president, forgets business cares at a hunting lodge deep in the Ontario woods. At left, above woodpile, hang pickerel and deer liver ready for the pan.

Originating on the White river as it flows from southern Missouri into the northern sector of Arkansas, float trips have now advanced to the point where they are available on most large streams. As more and more fishermen try the system, it expands—and will continue to do so.

What is a trip like? How do you organize one? What equipment is needed? In brief, here are the answers. To the first question-wonderful! To the second-just go. To the third-very little.

A good boat with fairly high splash boards is the primary need. That, coupled with enough food for one or two meals and your fishing tackle, is enough to take along.

Just select a 10 or 12 mile stretch of river which contains varied water-fast, slow, big bends with slow eddies-then go to work. A two man party is ideal, one handling the boat and the other fishing. Each half hour the two can change places and there'll be plenty of fishing for both.

During the course of the day most float trippers find their arms get tired of casting or trolling and relax in the boat, letting the current carry them along. These are the ones who see the extra glimpses of nature and her handiwork along the river banks.

Squirrels busily feeding in the trees lining the banks; doves roosting near a water hole; and occasionally a deer down for an early morning drink.

By noon the fishing has slowed to some extent, both men are usually tired, and it's high time for a meal. Nine times out of ten a handy sand bar can be found where a fire can be built, a few fish fried, and a hasty nap enjoyed.

Lunch finished, the fishermen, refreshed by a brief sleep, again are attracted to the river stretching out in front. Ripples can be seen circling a spot where a bass or other fish has indulged in an appetizer. All afternoon this goes on. Just fish laze along, stop at a cool spring for a drink, fish again-it's an ideal day.

Just as the shadows begin to lengthen, a bridge comes into sight around a bend in the river and a welcome sight greets you. There's a car and the women folk who, after seeing you off in the morning, have driven to the lower bridge, enjoyed a picnic, and waited for you to drift along.

It doesn't take the White river and its swank fishing camps and parties to make such a trip an enjoyable one. Any clean river can fill the bill and that's one branch of southern fishing which is gradually moving north.

You'll long remember the tree-covered tunnels, sun speckled water, and tackle smashing strikes of scrapping river fish. The labor involved is little and will consist mainly of loading and unloading your boat (unless you rent one from a float trip guide) and cooking your own meals.

The originators of the float fishing are still doing a thriving business, but more and more sportsmen are finding it more fun to go exploring on their own. Usually a glance at a map will show you where to put in and where to have someone meet you, and your trip is planned. The river does the work of propelling the boat and you're covering water in a good many cases which seldom sees a fisherman. (next week: fresh water deep sea fishing.)

Mansfielders Range Deep In Ontario

BIG FELLOW—Gordon Ensminger stands beside the buck he brought down. A size comparison proves the buck was a big one.

"Trackless woodland" is no idle phrase to two Mansfield men who returned recently after a 10-day hunting trip to Canada. In the area of their camp site, no guns were heard except those of members of their own party.

The Mansfielders, Gordon Ensminger, insurance man and realtor, and Glen S. Vincon, president of the Ideal Electric & Manufacturing company, were accompanied by Bob Tarr of Green Spring and Ernie Albert of Lodi.

Their Canadian hunting site is located at the cabin of two trappers, Roy Smith and Bill Phillips, on Horseshoe lake about 30 miles from the village of Cutler. Automobiles must be left at Cutler, and the journey from there made along a string of lakes, with five portages required.

The party got six of its limit of seven deer, one for each member and the seventh for food in camp.

"But we had to do some hard hunting," declared Ensminger. There were no other hunters, but in that country the timber wolves maintain the balance of nature.

"Small game is plentiful and fishing's good," he stated. "We had grouse, pickerel and other game for food in camp, plus the deer."

Ensminger has gone to the same spot for several years, except during the period when his war service temporarily suspended hunting and fishing activities. He is a former president of the Mansfield Fish and Game association.

PLAY TIME FOR MANSFIELDERS—There's no room for the worries of a job or home in Mansfield's recreation department set-up this winter. Every one of these active participants, typifying the different phases of the program, above, enjoy the kind of relaxing fun or health-ful exercise that wards off "routine fatigue" so common in the fast pace of modern-day living. Top right: Patsy Smith, 186 West Fourth street, takes a helpful suggestion on her sketching from Fine Arts Guild instructor, Mrs. Virginia Schaaf, while Beverly Ann Porter, 36 Gibson avenue, in foreground, works away on shading her project. The two girls are from the Saturday morning art classes which meet regularly at Prospect park pavilion. . . . Light footed and light hearted Mary Roadpouch, 458 North Mulberry street, center top, enjoys a jitterbug session with fiance, Jack Shay, 710 Bowman street. The two were caught by the N-J cameraman during a Thanksgiving eve dance, staged by the Johns Park Dance club at the park pavilion. . . . Which way did it go? That's what the fellow on the left seems to be asking himself in the photo at top right. In a split second the ball, which he had ready for a shot, was snatched by the man in the center as the recreation league basketballers set the stage for some rough and action-packed playing. Twenty-two teams are now practicing three nights a week in the city's school gyms. . . . "Take the first measure again," says Donald Tennant, director of the recreation orchestra, and members accommodate (bottom left). The orchestra, started last year for the purpose of "playing for fun," meets every Wednesday evening at the music room at Johnny Appleseed. . . . It's a good one for K. J. Erb, 840 Manchester road, as he slams back a fast one to his partner in the opening session of the ping-pong league at the First Methodist church, center below. **Eight churches have signed up in the league so far.** . . . That "something for the girls" which has turned into a well-supported event from the city's working gals. Lower right, the **"Lumberettes"** team in foreground is shown sending back a high one to the "Orphans" in the first league play session at Appleseed gym. So far approximately 75 girls have turned out to play volleyball in the league and to report for the first physical exercise program offered the women in the department.—(News-Journal photos by George Petrovic and Bill Graham.)

Something Doing for Everybody Every Night In Week—That's City Recreation Goal

By MARGUERITE MILLER

"Something doing every night in the week for men and women of all ages . . ."

That's the recreation dream of Stanley Kamen for Mansfield. And, despite the difficulty of finding facilities for this goal, the dream is materializing.

This winter some 500 persons are active participants in the city's recreation program. Recreation Director Kamen hopes to see the participating list double and possibly triple next year.

It can, Kamen promises with the use of facilities so far left untouched because of present unavailability.

"We want to find out what the people want for recreation," he says. "Then it's our job to satisfy those wants as well as we know how."

For the first time since the recreation department was established as an agency of the city government in 1946, that list of wants is being given a chance for development.

If a Mansfielder puts music at the top of his enjoyment list and can play an instrument, there's a definite place for him in the recreation orchestra, which practices every Wednesday evening in the music room at Johnny Appleseed junior high school.

The music room was obtained from the board of education this fall at the request of the players, who found it a bit chilly in North Lake park pavilion, where practice has been held for almost a year.

TALENTS DEVELOPED

Something to keep the children's talents turned into gainful employment are the art classes held every Saturday from 9:30 to 11:30 a. m. at Prospect Park pavilion. Through the cooperation of the Mansfield Fine Arts Guild, which furnishes 10 trained instructors, the class is now waxing strong with 38 eight-to-16-year-olds signed up.

Out at Johns Park the teenagers have developed their own dance club and held their first dance Thanksgiving eve. Through the recreation department and Local 159, American Federation of Musicians, they were able to have an orchestra for the event.

Kamen labels these recreation phases as the types of recreation which should be expanded in the city.

"Recreation should be anything in which people find relaxation and enjoyment. It may be sports for some and checkers for another. We want the program to reach everyone."

On the athletic side, which so far is running ahead of the other phases because of ready facilities, the women, at last, are getting a show.

Last Wednesday night, approximately 75 young women turned out at Johnny Appleseed gym for their second practice session of volleyball. Kamen's "something for the girls" idea paid off in the enthusiastic response. At last the working girls in the city have been given opportunity to get the healthful exercise they lack in their normal day-to-day living.

COURT TEAMS BUSY

On Monday and Wednesday nights at Senior high and on Monday and Thursday nights at John Simpson, gyms are crowded with hard-playing basketball players who make up the 22 teams in the three league play now underway.

Some of them are not far removed from their high school days; others are crowding or topping 30. What the older fellows lack in speed, they make up in skill for the team and the end result is a game that makes even the casual bystander get "into the spirit."

None the less a game of skill and agility is ping pong, which has been adopted by the men of eight Mansfield churches as a church-parlor recreation.

This is the first organized ping pong league ever organized in Mansfield churches, and one which Kamen hopes will be opened up to the women of the churches who wish to participate.

Churches participating are St. Paul Lutheran, First Methodist, Park Avenue Baptist, St. John's Evangelical and Reformed, First Presbyterian, United Brethren, First English Lutheran and the Knights of Columbus lodge.

Hoping to reach out both ways in the age ladder, Kamen sees a "pig tail" basketball league, held in cooperation with Girl Scouts; sewing, knitting and physical conditioning classes for older women; more hobby work for men and more recreation activity for school Parent-Teacher associations.

"We want to make every effort to expand the program," Kamen said.

But he's wondering: "Where are the facilities and can the recreation department use them without too much rental cost if they are available?"

Mansfield Personalities During Past Week

JESSE J. SCHWAB

Seeking to stem the rising tide of accident rates in the northern sections of the county, Mansfield Police Chief Jesse J. Schwab last week issued some valuable tips on safe winter driving . . . Urged that motorists not only consider the rules but carry them out . . . A member of the police force for over 22 years . . . Was promoted from captain to chief of the force in July, 1947 after holding the captain rank for 10 years . . . Joined the force in 1924 . . . A native of Mansfield and attended high schools here and in Massillon . . . Member of the Masonic orders, United Brethren church and the Fraternal Order of Police . . . Married, has one daughter, and resides at 135 West First street.

GEORGE KYLE

Promising a zoning ordinance for the city next year, City Councilman George C. Kyle last week revitalized an issue which has been on city council's "griddle" for several years . . . Issue was recently brought to a head when the Mansfield Real Estate board unanimously endorsed the measure . . . Now serving his third term as councilman-at-large . . . Entered council in 1945 as representative from the third Ward . . . Has operated his own insurance agency here for the past 27 years . . . Member of First Congregational church, several Masonic orders, Optimist club, Elks, Eagles, Moose lodges and the Mansfield Real Estate board . . . Likes sports of all kinds and gardening . . . Married, father of two daughters, and lives at 63 Penn avenue.

DONALD C. CRAM

President of the newly-formed South Boulevards Park association, Donald C. Cram announced last week that the new group will meet with the Mansfield Park commission to discuss future plans with the city group . . . Interested in seeing the membership drive, opening Jan. 1 reach its goal of 500 persons . . . Former program director at the YMCA and directed the Soap Box Derby for seven years . . . A World War II veteran, Cram is a member of the Robert P. Spreng Post 26 of Amvets and the First Lutheran church . . . Is cub master of Pack 6 of South Boulevards . . . Hobbies are the new park association and all sports . . . Married and resides at 1066 Lexington avenue.

REV. JOHN G. GENSEL

Declaring that children should be taught a "discriminating and defensive faith" as far as comic books are concerned, Rev. John G. Gensel, pastor of St. Paul Lutheran church, tossed the comic-book dispute back into the laps of the parents last week . . . Maintained that parents can control the purchase of undesirable comics since they directly or indirectly buy the books . . . Beginning his second year as pastor of St. Paul . . . Served as a navy chaplain during World War II . . . Is now serving as chaplain of McVey Post, American Legion . . . A native of Puerto Rico, he came to the U.S. at the age of six . . . A graduate of Lutheran Theological Seminary in Gettysburg, Pa. . . . Married, has an infant daughter, and resides at 94 West Third street.

FIRE CHIEF L. J. STEELE

Repeating his order last week that no evergreens or other combustible decorating materials shall be used in Mansfield merchants' stores this Christmas season, Fire Chief L. J. Steele urged all dealers to cooperate . . . Also ruled out smoking in retail establishments in accordance with the Ohio fire code . . . Next month he observes his fourth year as fire chief . . . Has been with the department for 19 years . . . A leader in Boy Scout work in the community, he was instrumental in promoting scouting in the Newman street district and was one of the organizers of the Frank R. Stahl Rover Crew . . . Known to all his friends as "Barney" . . . Married, has four sons, and resides at 655 Lida street.

L. L. MISHEY

As chairman of the Richland County Red Cross chapter disaster relief organization, L. L. Mishey met last week with area field representatives relative to setting up the program for the Dec. 6 and 7 meeting here . . . A native Richland countian, he moved back to home soil a year ago from Cuyahoga Falls after an absence of 15 years . . . Starting his second year as supervisor of elementary public schools . . . Also instructs night classes on teaching methods and techniques at Ashland college . . . Experienced in Red Cross work, has directed rehabilitation in wake of tornadoes in northern Ohio and Pennsylvania and floods in Ohio, Wabash and Susquehanna river valleys . . . Member of Central Methodist church . . . Married, has a small daughter, and resides at 91½ West Third street.

CROP Gathers Food Pledges

DAYTON (AP)— The Christian Rural Overseas Program (CROP) to gather food from America's farm lands for the needy in other parts of the world was under way today in 24 states. Some 67,000 volunteer workers were taking food pledges.

Eventually, 100,000 volunteers will assist CROP in the largest voluntary effort to its kind ever undertaken, Ervin Schulz, national field director said.

Today marked the close of the first week of solicitations in rural areas. Schulz said the period will be extended to Dec. 8. "The program will symbolize the true Christmas spirit in a very tangible way," John D. Metzler, national chairman, said.

Will Discuss Fire Dangers

Fire prevention in Mansfield will be discussed by William Schultz at a luncheon meeting of the Exchange club Monday at the Mansfield-Leland hotel. Schultz is chief engineer of the Lumbermens Mutual Insurance company.

A town and country hoe down for Exchange club members and their wives will be held Friday, at the Mohican Sailing club. Round and square dancing with music by Esley Cleckner and his City Slickers will highlight the event.

To Select Leader

COLUMBUS —(AP)— Republican minority leader of the 98th general assembly House of Representatives will be selected Wednesday at a meeting of the 66 Republicans who will comprise the house minority. The meeting, called by Representatives L. P. Mooney (R-Logan) and George H. Kirkpatrick (R-Utica) will be held in the state house.

Notre Dame Rips 'Fumbling' Huskies, 46 to 0

Navy Ties Army 21-21 for Moral Victory

Six Irish Luggers Get TD's

By CHARLES CHAMBERLAIN

SOUTH BEND, Ind.—(AP)—The football was like a greased pig to the University of Washington yesterday.

Notre Dame turned five fumbles by the Huskies into quick touchdowns during the first half to romp rodeo fashion to a 46-0 triumph.

It was the Irish's greatest winning margin in nine consecutive decisions this season and stretched their victory streak to a school record of 21. The game also was the 27th in which Notre Dame remained undefeated, including the scoreless tie with Army in 1946, to eclipse another mark which was hoisted in the Knute Rockne era.

Coach Frank Leahy employed a total of 43 players and six different ones crossed the goal line, End Leon Hart counting twice.

ENDS ONE STREAK

A crowd of 50,609—about 5,500 under capacity, ending a Notre Dame record of playing to sell-out throngs through 24 games—watched the Irish with awe as they piled up four touchdowns in the first quarter and one in each of the next three periods.

Frank Tripucka flipped three touchdown passes, each stemming from recovered fumbles, in directing an aerial game that accounted for 107 yards on three out of five completions. Leahy, trying to hold down the score in this first of a two game series with the Seattle team, gave orders to throw no passes in the last half. Then the Irish's ground attack was uncorked, picking up most of the total 337 yards rushing.

Washington completed only 24 tosses for 65 yards and was checked for 45 yards on the ground. The loss was the Huskies seventh in nine encounters this campaign, and their worst.

BOBBLING DATA

Here is the "fumbleitis chart": Ansel McCullough lost the ball to Captain Bill Fischer of Notre Dame on the Washington 24. John Panelli ripped 11 yards then sprinted the remaining 13 to score.

Brooks Biddle lost to Ed Hudak on the Huskies' 25 and after a five yard penalty Tripucka tossed 30 to Terry Brennan.

Dick King's bobble was captured by Lancaster Smith on Washington's 36. Panelli banged 17 and Hart scooted the last 19 around end.

Jack Seth lost to Fred Wallner on Washington's 35. The Irish soaked up a five yard infraction then Tripucka connected for 40 to Hart.

At the close of the second period, Gordy Hungar's fumble

(Continued on Page 26)

Clemson Club Edges Auburn For 9th Win

MOBILE, Ala.—(AP)—Clemson's unbeaten Tigers came from behind yesterday to edge Auburn 7-6 on a muddy gridiron before 14,110 fans.

The win, Clemson's ninth in a row this year and 12th in a two-year period, kept alive the Tigers' hope of winding up in a bowl game New Year's Day. Clemson has one more game—against oft-beaten the Citadel.

Trailing 0-6 with less than seven minutes to play, Clemson hit pay dirt for the first time after an 80-yard sustained drive. Speedster Ray Mathews went off tackle from the one-yard line after setting up the touchdown with a 39-yard pass to Oscar Thompson.

Jack Miller provided the victory margin by booting the extra point from placement. It was Miller's 26th conversion in 33 attempts this year.

Auburn, winner of only one game this season, went for its touchdown shortly after the second quarter opened, with Zach Jenkins going over after a 12-yard sweep around left end. Langner's try for the extra point was low.

About a Possible Big Ten. Letter, Plus Cuff Stuff

By Fred Tharp
(News-Journal Sports Editor)

THERE SHOULD be some mighty important sports news come out of the 13th annual News-Journal football banquet tomorrow night. . . . A lot of speculation has gone over the boards on whether the Big Nine will once again become the Big Ten. . . . Michigan State appears to have a good chance to take the spot once held by Chicago. . . . The gentleman who knows more than any other about the inner workings of the Western Conference athletic situation will be the principal speaker at the fete. . . . That would be "Tug" Wilson, the athletic commissioner of the Conference. . . . A majority of athletic directors seem to favor the Spartans entry into the circuit. . . . Wilson, the former Northwestern athletic director, will be sure to give a colorful account of the 1948 Olympic games in London. . . . He was chairman of the United States track and field committee for the '48 games. . . . Wilson, himself, competed in the Olympics 1920. . . . He was a Illinois university javelin thrower. . . . "Tug" played football for the Illini, captained the basketball team besides starring in track. . . . Then, too, fans should get some inside information on the prospects of Ohio State in 1949. . . . Dave Templeton, the former Senior high gridder and '48 Buck captain, has that information. . . . Dave and Jeff DeHaven, former Madison coaches, are also on the speaker's platform for the big fete.

★ ★ ★

GETTING MISSIVES through the medium of Uncle Sam's mails is usually a pleasurable pastime. . . . And, of course, it helps to fill columns. . . . One of our top contributors, R. W. Parsons, came through again this week. . . . Here's what he had to say:

Mr. Fred Tharp:

Saturday nite (Nov. 20) an announcer from, I believe, WOWOx gave two scores from the previous week. For my money that rates the prize for screwiness.

It was not a slip of the tongue, either. He gave the Texas 14, TCU 7 score and some of the highlights of the game. Likewise with Drake, 13 New Mexico O the comment was made that it closed the season for Drake and it was the first season for some time that had closed with a win for Drake.

Maybe they were using Colonel Stoopnagle's "See-backo-graph."

Sincerely,

RICHARD W. PARSONS.

★ ★ ★

CUFF STUFF: Rumors persist around Mansfield that Sandusky will drop the Tygers from their football schedule in 1949. . . . The teams have another year to go on a two-year contract. . . . Nothing official has come from either school. . . . Hack Wilson's 1930 slugging records are still tops in the National league. . . . That's the year the late slugger banged 56 home runs and batted in 190 tallies. . . . The latter figure tops both major loops. . . . Herb St. John, former Georgia guard, is the shortest player on the Brooklyn Dodger roster at 5-10. . . . But he weighs 220. . . . Golfer Gene Sarazen won the PGA and National Open in 1922 when he was only 19 years old. . . . Army's celebrated two-platoon system didn't work yesterday for a couple of reasons. . . . Navy had all the spirit in the world and the Black Knights had some stars on the bench. . . . Bobby Jack Stuart aggravated an injury on the first play and sat out the remainder of the game. Gil Stephenson played little more than a quarter because of a bad leg and Capt. Bill Yeoman's injured leg allowed him only partial service. . . . Taking nothing away from the Gobs—they played the toughest schedule in the country and deserved the tie.

North Carolina's Justice Triumphs Over Virginia

CHARLOTTESVILLE, Va.—(AP)—Say everything nice you can about Charlie Justice and Virginia's Cavaliers will double it after what happened yesterday.

The 167-pound choo-choo scored twice and passed for two more touchdowns to lead the North Carolina Tarheels to a 34 to 12 triumph over their ancient gridiron rivals.

The victory ended the Tarheels' campaign, their first undefeated season since the turn of the century. Only a 7-7 tie with William and Mary marred the record, which included nine victories.

A crowd of 26,000 spectators watched Justice carry the leather 15 times from scrimmage for 159 net yards. He completed four of six passes for 87 more yards.

TWO QUICK ONES

With the second quarter only 35 seconds old, Justice whipped a 40-yard touchdown pass to End Art Weiner. A little more than five minutes later he streaked 80 yards for another touchdown.

After Virginia's aerial game had clicked for second and third quarter touchdowns to make the score 21 to 12 in favor of North Carolina, Justice came back in to hit End Bob Cox with a 31-yard flip almost to the goal line late in the final period.

A minute later Wingback Bob Kennedy handed Dick Michel's punt to Justice on the Cavalier 47. This time Justice set sail down the west sidelines to the goal.

Mississippi Grid Club Rips Miss. State, 34 to 7

OXFORD, Miss. — (AP) — Mississippi's once-beaten Rebels defeated arch-rival Mississippi State, 34-7, yesterday in a Southeastern conference football game sparked by an array of fleet Mississippi backs.

State's star Shorty McWilliams did what he could, but the crushing power of the Rebels' line was too much.

Barney Poole, winding up a long and brilliant college football career, was impregnable at end on defense and on offense grabbed two passes that went for touchdowns. One came from Bobby Wilson for 12 yards and another from Farley Salmon for seven.

Mississippi State	0	0	0	7	—7
Mississippi	7	13	0	14	—34

State scoring: Touchdowns — Simmons. Extra point—Stainbrook (placement).
Mississippi scoring: Touchdowns—Mustin, Buchanan, B. Poole (2), Howell. Extra points—Oswalt 4 (placements).

ACCEPTS BOWL BID

MIAMI, Fla. — (AP) — The Orange Bowl committee late last night announced Georgia had accepted an invitation to play in the New Year's day football game here. An opponent has not been selected.

Georgia Rips Tech 21 to 13

By STERLING SLAPPEY

ATHENS, Ga. — (AP) — The Georgia Bulldogs, beaten only once, scented an invitation to the Orange or Sugar Bowl yesterday and pounded Georgia Tech in a convincing 21-13 victory on Sanford field.

The Southeastern conference battle also won the league championship for the Bulldogs. They are unbeaten in six conference games. About 52,000 fans saw Georgia win its eighth straight game to climax a campaign marred only by a loss to North Carolina.

Before yesterday Tech had the best defensive record in college football but Georgia may have wrecked that record. The Bulldogs gained 259 yards rushing to only 62 for Tech.

OFFENSIVE MASTER

Georgia was offensive master both on the ground and in the air. All-America quarterback candidate Johnny Rauch was the passing star and stocky Joe Geri the running master.

The Bulldogs opened the game with their most coordinated running and passing attack of the year. Rauch passed seven times in the first half with the damp, slippery ball and five were to their receivers for 66 yards. Gene Lorendo was the receiver on three passes which helped set up touchdowns.

The light, fast Yellow Jacket rush line was hampered by slippery ground and was rolled back repeatedly by Georgia's big linesmen.

LONG PASS HELPS

Georgia's first touchdown was set up by a Rauch-Lorendo pass good for 46 yards. Lorendo made a diving catch for the ball and jerked away from three Tech men before being brought down 10 yards further down field.

Tech's defense was boxed in when a few plays later Floyd Reid went around left end for the score.

Geri kicked his first of two placements during the half, which were his 34th and 35th of the year.

Within three minutes Georgia scored again in a near repeat performance of the first quarter drive. Rauch and Lorendo opened Tech's defense with passes and then the same power smashers were sent into the Tech line for consistent gains. The touchdown was bucked across by John Tillitski on a four-yard run.

BLOCKS PUNT

The first Yellow Jacket touchdown came when Tackle Clay Matthews blocked a Georgia kick and end George Broadnax covered the ball in the end zone. It was Georgia's second blocked punt of the game.

The fourth touchdown was a thriller. Bulldog Ken McCall returned a Tech kick 53 yards for the score and Geri kicked his 36th point of the year.

The best work by Tech was midway in the last quarter. The Jackets drove 61 yards and Dinky Bowen capped the drive with an end run for the touchdown. Bowen missed his last after point try.

Georgia Tech	0	0	7	6	—13
Georgia	7	7	7	0	—21

Georgia Tech scoring: Touchdowns—Broadnax, Bowen. Points after—Bowen (placement).
Georgia scoring: Touchdowns — Reid, Tillitski, McCall. Points after—Geri 3 (placements).

Hack Wilson Laid to Rest

BALTIMORE — (AP) — Funeral services were held for Hack Wilson yesterday, unnoticed by all except 50 neighbors who knew him only as a "good guy" and by reputation alone as once a mighty man with a baseball bat.

It was up to a minister who volunteered his services and not the baseball world he once ruled to pay eulogy to the slugger whose name still is in the record books.

"I come to pay respect to one of the most courageous spirits that ever graced this land," said the Rev. Robert Simms. "It's a long road from a coal mine to a quarter of a million dollars and back again. If you can travel that road then you have a commendable spirit."

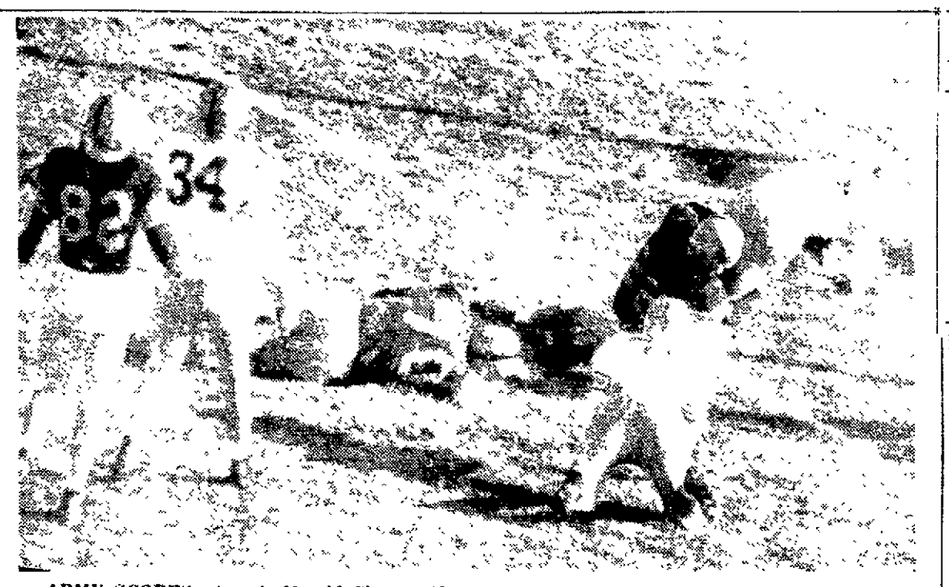
Fordham Wins

NEW YORK—(AP)—Fordham university made its 1948 football season a success yesterday by defeating its traditional Bronx rival, New York university, 26 to 0, before 26,000 at the Polo Grounds.

Benedictine Wins Charity Grid Tilt

CLEVELAND— (AP) —Cleveland Benedictine high school's football team won the annual Plain Dealer charity football game yesterday in the last 50 seconds when Fullback Jimmy McNeely caught a touchdown pass in the end zone.

The pass play started on South's 22-yard line with Gil Verderber pitching. A crowd of 45,117 watched the struggle in municipal stadium.



ARMY SCORES—Army's Harold Shultz (48) falls over goal line for the Cadets first touchdown as Pete Williams (22) of Navy drags along in a last second tackle in the second period. Stretched out behind Williams is teammate Jim Hunt. Standing at left rear are: Rudy Cosentino (34), Army and Harrison Frasier (82), Navy. (AP Wirephoto).

Tyger Basketball Squad Cut to Eleven As Friday's Opener At Elyria Nears

With the opening of the 1948-49 Mansfield Senior high school basketball season less than a week away, Coach Vern Hoffman has narrowed down his list of varsity candidates to 11 men.

The Tygers open their campaign Friday at Elyria.

Hoffman has had only one week to look at his full squad but most of the athletes reported in pretty good condition off the football squad. Among the varsity candidates only Ken Carver, first line sub last year, will not be ready Friday.

The slender senior letterman suffered a broken nose in the final football game at Martins Ferry. He will be out of action for about two weeks.

However, three reserves will miss a good portion of the season because of football injuries. Dave Guy and Ken McCally suffered broken legs in Tyger sophomore contests while Cliff Hammer received a broken collar bone in the sandlot grid encounter.

With only three varsity lettermen back, Hoffman faces quite a rebuilding job. Norb Shibinski, big 6-3 grid tackle, and Paul "Pinkie" Ferguson, the clever ball-handler, join Carver on the monogram winning list.

Shibinski is the only one of the three who has shown a tendency to score. Such good shots as Nick Gagich, the greatest pointmaker in Tyger history, Burt Lindsay and Shelley Swank are gone.

To offset the lack of shooting ability, Hoffman plans on using a shuttled system comparable to the one used by a number of college football teams. "We won't substitute separate units," he said yesterday. "But we plan to use eight or ten men regularly in each game."

The balding Senior high mentor experimented with two combinations last week. One of the quintets averaged 6-1 with the other going under the six-foot mark.

Ferguson (5-8) and Howie Tipper (5-9) were at guards on the smaller unit with Shibinski (6-3) and Jim Anderson (6-0) at forwards. A. C. Jenkins (6-0) held down the center spot.

The tall combination had Jenkins and Willie Fowler (6-0) at the guards, Shibinski at center, and Anderson and Ed Schmitt (6-1) at forwards. All except the two lettermen starred on Fred Staub's fine sophomore team last year.

Three more juniors—Jack Bargahiser (6-0), Charles Marchant (5-9) and Don Cline (5-8)—complete the varsity prospects.

VETS ARE FEW

Although the squad is rather skimpy on veteran material, Hoffman is rather optimistic. He even admits that the Bengals will win more than half of their games. The Senior high coach plans to use a shifting man-to-man defense for the most part.

The Tygers will appear on the home court four times in 1948. The first will be the annual Tyger booster club basketball clinic Tuesday, Dec. 7. Plans for the clinic are not completed but it will follow the annual parents' dinner.

Home games are with Cleveland Collinwood, Dec. 10; Tiffin Columbian, Dec. 14, and Alliance, Dec. 21. In addition to the Elyria jaunt, Mansfield has three road games set. It will battle at Bexley, Dec. 17, and in the Lima basketball carnival Dec. 29 and 30. The Tygers play Greenfield McClain the first night and Lima Central, the second. Findlay's state champions are the other contestant in the carnival, pioneer event of its kind in the state.

★

Hoffman and Jimmy Lymper, Appleseed coach, yesterday attended the state basketball clinic at Ohio State university. The clinic is being sponsored by the basketball coaches' group and the Ohio High School Athletic association.

The two mentors attended the Newark-Columbus East game last night.

SMU Ties TCU Frogs, 7-7, On Closing 99-Yard Drive

By HAROLD V. RATLIFF

DALLAS—(AP)—Gil Johnson, Southern Methodist's mighty bomber, pulled another one out of the fire yesterday as he passed the Mustangs to a 7-7 tie with Texas Christian in the season's last Southwest Conference football game for both teams.

The clock showed a minute and forty-one seconds to go and the crowd of 67,000 was filing out of the Cotton Bowl as Gimlet Gil set his sights from the Southern Methodist one-yard line. Fighting Texas Christian had outplayed SMU badly and was leading 7-0.

Johnson passed to John Milan on the Southern Methodist 19. Some of the people leaving the stadium came back. Then Johnson, who never runs with the ball, took around right end for 22 yards. All the people leaving the stadium stopped. Next the great passer pitched to Dick McKissack on the Texas Christian 35, and then, as the clock showed 22 seconds to go, the baldish man with the whipcord arm faded back and passed to Milan down on the TCU two-yard stripe. Milan gathered it in and fell across the goal line with two horned frogs hanging onto him.

WALKER'S KICK GOOD

Doak Walker, playing with an injured leg, kicked the ball through the goal posts and it was 1947 repeating itself.

Last year Texas Christian was leading Southern Methodist 19-13 with 20 seconds to go when Johnson pitched a pass to Sid Halliday for the touchdown that tied the score. Walker had run a kick-off back 58 yards to set up that touchdown.

Yesterday's tie kept Southern Methodist undefeated in two years of southwest conference play.

The Mustangs will meet Oregon in the Cotton Bowl here New Year's day. The announcement was made by Cotton Bowl officials just as the game ended. SMU lost only to Missouri over two seasons but have had three ties—the two with Texas Christian and last year's stalemate in the Cotton Bowl.

Texas Christian	0	7	0	0	—7
Southern Methodist	0	0	0	7	—7

Texas Christian scoring: Touchdown, Berry; point after touchdown Ludiker (placement).
Southern Methodist scoring, Touchdown Milam, point after touchdown, Walker (placement).

Penn Staters Slip By, 7-0

TACOMA, Wash. —(AP)— Penn State was glad to settle for a 7-0 football victory yesterday over a Washington State college team it was expected to bury in the moist earth of the Tacoma stadium.

Larry Cooney scooted around right end on a 17-yard take reverse in the second quarter to score the only touchdown of the game.

The Cougars from Pullman, Wash., egged on by a partisan crowd of 18,000, checked the east coast's Nittany Lions time and again just a breath from the goal. A penalty nullified another Penn State touchdown.

Oregon State Wins

PORTLAND, Ore. — (AP) — Oregon State power overcame the Nebraska Cornhuskers here yesterday, 28-12, on a sloppy gridiron swept by a raw wind. The Staters drove to four touchdowns, and added a safety to dominate the game from start to finish.

W. & M. Wins Over Arkansas

LITTLE ROCK, Ark. — (AP) — William and Mary utilized a bruising line and sharp punting to defeat the Arkansas Razorbacks 9 to 0 yesterday. The Indians punched over a third quarter touchdown and kept the Razorbacks hemmed against their own goal the remainder of the game.

A safety scored on a blocked Arkansas punt in the fourth period merely added to the margin by which the Indians avenged a 21-19 Dixie Bowl defeat last New Year's day.

The Razorbacks played the heavier Virginians on even terms in the first half. But the absence of the injured Clyde (Smackover) Scott, who saw no action, began to tell as the third quarter began.

A crowd of 26,000 saw William and Mary march 60 yards for the only touchdown.

Biggest Upset of Campaign

By WILL GRIMSLEY

PHILADELPHIA — (AP) —Navy caught Army with its platoons down yesterday and spoiled the cadets' perfect season with a 21-21 tie in an unbelievable turn of football fortunes.

It was a sweet-tasting moral victory for the midshipmen, beaten 13 times in a row—eight this season—and held in such poor esteem yesterday that the Cadets were solid three touchdown favorites.

The amazing deadlock was fashioned with hard, teeth-rattling football before a sell-out crowd of 102,581, including President Truman, quite an upsetter in his own right.

TWO IN OPENER

Significantly, the President and his party, including Mrs. Truman and Margaret, sat on the side of the underdog sailors and watched as the Middies stabbed for a quick touchdown in the opening period and rallied twice to hold one of the nation's great gridiron powers to a standstill.

It was Navy's day as host to have the President and it was evident almost from the start that this was Navy's day in the long and colorful service game series that now has seen Army win 26 games, Navy 19 and four wind up in ties.

	Army	Navy
Total First Downs	11	19
First Downs Rushing	8	13
First Downs Passing	3	6
Total Yards Rushing	205	287
Yards Gained Rushing	75	83
Passes Attempted	10	12
Passes Completed	3	6
Passes Intercepted	0	0
Total Yards All Kicks Returned	52	76
Number of Fumbles	0	1
Ball Lost by Fumbles	0¼	0
Yards Penalized	21	6..

The contest was less than six minutes old when Pete Williams, a phantom-hipped midshipman from Miami, Fla., took a lateral from Reaves Baysinger and dashed 59 yards to the Army 13.

In three plays Baysinger was across with a Navy score and the packed stadium braced itself for the battle that it knew was in the offing.

BOUNCES BACK QUICK

Precisionist Army bounced back with two touchdowns in the second period, set up on identical pass plays from Arnold Galiffa to Dave Parrish.

Navy tied the score at 14-14 with a Baysinger-sparked march in the third period only to see Army go ahead again with a touchdown in the first minute of the final quarter.

The Cadets' seven-point advantage at this stage looked tremendous until midway of the period. Then the Midshipmen launched a land drive that wouldn't be denied.

In short, vicious hunks, fullback Bill Hawkins and halfback Jimmy Green started pounding out yardage through Army's tiring line.

The Midshipmen moved 50 yards downfield. Hawkins scoring the tying touchdown from the eight yard line with five minutes to play.

DESPERATE DRIVE

Army took the next kickoff and desperately smashed to Navy's 35-yard line. But there the Middies' stout line pushed back the charge and the game ended with the identical score of the 1926 game at Soldier field in Chicago.

Navy had a surprisingly large edge in statistics. The Middies rolled up 19 first downs to 11 for Army and backed up 287 yards on the ground, compared with 205 for Army, the leading rushing team in the nation.

One of Army's outstanding offensive stars, Bobby Jack Stuart, suffered a groin injury early in the contest and was removed from play. His speedy teammate, Gil Stephenson, didn't see as much action as the halfbacks of the No. 2 and No. 3 platoons.

Navy's first quarter touchdown followed an 88-yard drive, the biggest contribution being Williams' 59-yard run, the fanciest individual play of the day.

WRIGGLES LOOSE

Several times during the jaunt Williams was trapped by Army

(Continued on Page 26)

Oklahoma, Carolina Get Sugar

By KRIS KREEGER

NEW ORLEANS— (AP) —Oklahoma and North Carolina will meet in the 15th annual Sugar Bowl football game here on New Year's Day.

The teams were announced last night at Sugar Bowl headquarters here after the Carolina Tarheels had finished an unbeaten, once-tied season by beating Virginia 34-12, and Oklahoma's Sooners had won their ninth straight victory, 19-15 over Oklahoma A. and M.

In matching Carolina's southern conference champions with the big seven titleholders, the annual classic came up with the two highest rated teams of the season in terms of national rankings to play in any bowl.

North Carolina was rated fourth in the Associated Press poll of the past week, and Oklahoma sixth.

Those were a shade better than the Rose Bowl participants—California at No. 5 and Northwestern at No. 7. The only teams rated above these four, Michigan, Notre Dame and Army, are not bowl "eligibles" this year.

Both Carolina and Oklahoma turned down Orange Bowl bids to come here.

North Carolina had an all-winning season except for a 7-7 tie by William and Mary on Nov. 6. The Tarheels beat Texas 34-7; Georgia's southeastern conference champions 21-14; Wake Forest 28-6; North Carolina State 14-0; Louisiana State 34-7; Tennessee 14-7; and Duke 20-0.

Oklahoma opened with a 20-17 loss to Santa Clara, then proceeded to win from Texas A. and M. 42-14; exas 20-14; Kansas State 42-7; Texas Christian 21-18; Iowa State 33-6; Missouri 41-7; Nebraska 41-14; and Kansas 60-7.

Cleveland Battles San Francisco

SAN FRANCISCO — (AP)—Two questions were uppermost in the minds of bay area pro football fans:

1. How much playing time—if any—can the Cleveland Browns' star quarterback, Otto Graham, put in when the Browns meet the San Francisco 49ers today in their All-American conference professional football crucial?

2. Can the Browns play three games in eight days and win 'em all?

Approximately 60,000 fans — a capacity crowd — is expected to turn out to find the answers.

The 49er's have been installed 2-1 favorites, or even money and six points. A 49er win will mean a playoff in Cleveland for the western division title.

Two weeks ago, in Cleveland, the Browns, undefeated in nine games, knocked off the San Franciscans, who had won 10 straight, 14-7. Since then, the Clevelanders defeated the New York Yankees 24-21, last Sunday, came back with a 31-14 Thanksgiving day win over the Los Angeles Dons.

But the Los Angeles clash may have cost them the services of the aerial-tossing Graham. He was reported to have suffered a wrenched knee in the fourth quarter. And in the last 49er contest, End Mac Speedie, one of Graham's favorite targets, suffered a shoulder separation.

The 49er's appear in top shape. They bounced back Sunday after their previous week's loss to the Browns and walloped the Brooklyn Dodgers 63-40.

In other All-America contests today, the Buffalo Bills play the New York Yankees and Brooklyn goes against Baltimore.

County Basketball League to Open Tuesday

Bellville, Lexington Tilt Features Card

By CHARLEY STINE

The Richland County basketball league—in mothballs for nine months—returns to the sport pages this week with the opening of play scheduled for Tuesday night.

The usually tight circuit will waste no time in getting off to one of its typical bitter races: Lexington, last year's league champion, and Bellville, the upstart which knocked it off in tournament play clash in one of four lid-lifters.

Schedule makers could have set no more natural opening. Lexington has five lettermen back from its league champions while six of the boys who were on the county tournament winners are still wearing Bellville flannels.

ON LEXINGTON FLOOR

The contest is set for the Lexington court with the reserve preliminary starting at 7:30 p.m.

Lexington has one advantage Tuesday, the first of two meetings set for the schools in league play. The Minutemen already have five basketball games under their belt while Bellville trained on football. The Blue Jays have practiced basketball for only two weeks since closing the grid season.

Lexington won its three games against high school opposition, losing only to an alumni team. Beaten in order were Leesville, Tiro, and the powerful Edison quintet.

Other games Tuesday send Butler to Union, Plymouth to Lucas and Shiloh to Ontario.

Ontario is expected to be the best of this group with Plymouth and even little Union having a chance to surprise.

ALL REGULARS BACK

At Ontario, Coach Dick Casad has all five regulars from last year's winning team. Ontario beat Leesville, 49-37, in its opening game a week ago Friday.

Lucas and Butler are the only other two teams to have played. Lucas beat its Alumni but was walloped by Edison, while Butler fell before both Chester and Danville.

Both have two lettermen back while Plymouth has three. Little is known about the caliber of the Shiloh team.

Second set of games will be played Friday with Union at Lexington, Plymouth at Bellville, Lucas at Shiloh and Ontario at Butler.

Four more sets Dec 10, 17, 21, and 23, will be played before the holidays.

Baylor Scores In Fourth to Tie Rice 11

HOUSTON, Tex. —(AP)— Baylor and Rice handled a slippery ball for 60 minutes here yesterday and finished in a 7-7 deadlock that also left them in a tie for third place in final Southwest Conference standings.

The Baylor team, finishing the season with five victories, three defeats and two ties, immediately received an invitation to play Wake Forest in the New Year's day Dixie Bowl at Birminghom.

Wake Forest of the Southern Conference accepted the Dixie Bowl bid two weeks ago.

FUMBLES FIGURE

Four fumbles figured in a wierd series of plays that led to Baylor's fourth period score which enabled the stubborn Bears to overcome Rice's second quarter touchdown.

Rice moved 37 yards in three plays for its score, with Braden hitting right tackle for the eight for the touchdown. James (Froggie) Williams, all-Conference end, converted.

Baylor's score came early in the fourth period after Rupert Wright, Bear tackle, made his third fumble recovery of the day on the Rice 6. On third down halfback Lyle Blackwood cut outside left tackle from the 2 for a touchdown and Henry Dickerson kicked the tying point.

Notre Damers Romp to Win Over Huskies

(Continued From Page 25)

was pounced on by Frank Gaul on the Washington 45. Brennan blasted eight yards before Tripucka passed 37 to Bill Wightkin for the fifth touchdown.

BEST IN THIRD

The Huskies made their best showing in the third period. At the outset, Notre Dame reserve sophomore Halfback Bill Gay carried the ball all five times in a 70 yard surge starting on his 26 yard runback of a punt. Gay eventually barrelled over from the one.

Washington, aided by Roland Kirkby's 20 yard pitch to Jack Seth and Hungar's 18 yards in two carries, drilled to the Notre Dame eight. It was a 58 yard uprising in seven plays. But the Huskies were shoved back 22 yards in the next three attempts and the threat fizzled.

That was the second time in the entire game they penetrated beyond midfield. The Huskies reached the Irish 25 in the second period with the help of a 15 yard penalty but Kirkby's pass was stolen by Smith.

Notre Dame's seventh touchdown came midway in the final period. Dick King's punt went out of bounds on the Washington 30 when Bob Lally, a second string Irish guard, partially blocked it. Substitute Jack Landry then bolted the distance to score. Just prior to the touchdown a 15 yard romp supported a Notre Dame drive to the 15 before the Huskies checked.

Notre Dame					25
Notre Dame scoring. Touchdowns—Panelli, Sitko, Hart, Gay, Landry. Points after touchdown Cifelli 4 (place kicks)					

Howell to Speak At Grid Banquet

LOUDONVILLE—Fritz Howell Ohio sports editor of the Associated Press, will be the guest speaker at the Loudonville high school football banquet Tuesday night at the school cafeteria.

A baked ham dinner will be served by the Hanover Grange at 6:30. Tickets for the benefit are on sale at Dean's Firestone store at $2.50 each.

West Virginia 11 Squeezes Way to 16-to-14 Victory

MORGANTOWN, W. Va.—(AP)—The toe of a 147-pound dropkicker and a costly Maryland fumble in the fourth quarter gave West Virginia a 16-14 decision over the University of Maryland in a season windup yesterday.

A crowd of 20,000 in Mountaineer stadium saw Maryland gain a 7-0 advantage within minutes of the start of the game and then stay ahead until the last five minutes.

Gene Simmons dropkicked a third quarter field goal which cut the Maryland lead to 14-9.

That led to West Virginia's big chance in the fourth Bellas punted out of bounds on the Maryland 26. Fullback Harry Bonk picked up three yards but on the next play Werner fumbled and end Frank Reno recovered for the Mountaineers.

Jim Devonshire and Vic Bonfili worked it to within inches of the goal. Three plays later Devonshire dived across and Simmons made the point.

Villanova Beats NC State, 21 to 7

RALEIGH, N. C. —(AP)— Villanova defeated North Carolina State's Wolfpack in a penalty-packed game yesterday 21-7 on a turf made soggy by an all-night rain.

The visiting Wildcats scored the first time they got their hands on the ball, taking 11 plays to march 55 yards. State scored next in the second quarter when Ogden Smith tossed seven yards to Bill Thompson in the end zone. Villanova scored again in the third and fourth quarters to clinch the game.

IRISH CHARGE—Notre Dame Back John Panelli (with ball) charges low as he picks up four yards in first quarter yesterday before being tackled by Washington Tackle John Prechek (78). In the play are Washington End Hank Melusky (1) and Back Jack Seth (45). Notre Dame men are Tackle August Cifelli (80) and End Leon Hart (82). (AP Wirephoto).

Independent Cagers Open With 8 Games

Independent basketball will get under way with a bang tomorrow night with three leagues playing full schedules.

A total of eight games are set in the City A, City American B, and the Friendly House A league. The City A plays at John Simpson and the American at Senior high.

Six of the eight Class A teams will be in action with the Urschel Insurance—Penn Auto game expected to be the best of the program. Slated for 7 p. m., it will open the three game program.

Ohio Sport Center meets Roger's Jewelry at 8 while Komitos Clothes and Yuncker's are scheduled to collide at 9.

URSCHEL'S FAVORED

Urschel's won last year's A league championship and is expected to repeat after having added such players as All-Ohio Nick Gagich, and Madison coach Ennis Walker. Penn Auto boasts of a lineup which is built around former Senior high star Ollie Cline and Ed Dayman, the high school boy who is ineligible for athletics for having missed a football practice.

In the American league, Ideal Billiards and Reese Optical, two of the favored teams, meet at 8 p. m. This contest will follow the 7 p. m. clash of Shorty's News and Ideal Electric and will precede a 9 p. m. contest between Mansfield Tire and Westinghouse.

Mansfield Tire also has a team entered in the Friendly House A league and will meet Rex Billiards at 7 p. m. in that circuit. Safety Cabs and Sons of Italy are slated to vie in the second contest at 7:45.

Navy Catches Army With Its Platoons Down

(Continued From Page 25)

tacklers but he wiggled loose to the 13. Baysinger scored from the one.

Fullback Roger Drew kicked the first of his three important extra points.

Its vaunted running game dulled by the hard-charging Navy line, Army resorted to the air to go ahead in the second period.

The first of these Cadet scoring marches went for 55 yards, Galiffa's 25-yard pass to Parrish putting the ball on the Navy 13. On the third play, Harold Shultz of Huntington, Ind., a fourth stringer, plunged over from the six.

SPARKLING HEAVE

Five minutes later Galiffa, the Donora, Pa., marksman, hit Parrish, a Whiteright, Tex., end, again with a 40-yarder that placed the ball on the three. Another sub, Rudy Cosentino of Seneca Falls, N. Y., went over from there.

Bill Yeoman, Army's 185-pounder center and captain from Austin, Tex., kicked all the extra points.

ARMY

Left Ends—Trent, Kelum.
Left Tackles—Fair, Aton, Ackerson

Army Can Blame It on 'Gallup'

PHILADELPHIA — (AP) — The Navy took temporary possession of Harry S. Truman's presidential box yesterday.

Some 200 midshipmen had trouble finding seats in the space allotted them. Finally a standee took an empty chair in the presidential box. The President was immediately surrounded by the white-hatted midshipmen.

Then the sailors brought a laugh to the crowd by unfurling a large banner: "Gallup Picks Army."

The Army responded, "Rah, Yea, Gallup."

Four Contests Open Play In Junior League

Four games yesterday opened competition in the YMCA Junior Church basketball league.

First Christian rolled up the biggest score by blasting First Presbyterian, 63 to 10. Forwards Miller and Warner scored 33 of the winners points.

In the best game on the programe, Grace Gospel edged Park Avenue Baptist, 21 to 20. The score was tied at 18 points going into the final quarter.

First Lutheran smashed First Methodist, 27 to 14 and St. Paul's defeated Central Methodist, 18 to 10.

Alabama Rallies For 34-to-28 Win

TUSCALOOSA, Ala. —(AP)— Despite two great touchdown runs by Florida's Chuck Hunsinger, Alabama rallied in the final quarter yesterday to defeat the Gators, 34 to 28. About 24,000 fans saw the Southeastern conference thriller.

Hunsinger scored three touchdowns, and played a leading role in the drive for the other. He took a five-yard pass from Doug Belden for one score, ran 77 yards from scrimmage for another and made the third on a 96-yard runback of a kickoff.

Boston College Rally Nips Holy Cross, 21-20

BOSTON — (AP) — Boston college had to come from behind for a 21-20 victory over Holy Cross' under-rated Crusaders in their football windup yesterday before a packed 46,132 crowd at Braves field.

Ernie Stautner, the dependable tackle place-kicker, booted three conversions for B. C.

Commercial B Pin Averages

Al Stirtzinger compiled the highest average in the first round of the Commercial B bowling league.

Stirtzinger chalked up 188.27 to shade Jack Hanrahan, who had 188.25. Third went to Art Hilborn with 188.22 while Cliff Forsythe had 188.1. Hanrahan had the top series of 709 while he tied with Forsythe for single game honors with 267's.

Rose had the top team individual game of 1,033 while Mansfield Rug and Linoleum had a 2,900 series.

20 Motor Bike Riders In Race.

Motorcyclists from Mansfield, Mt. Vernon and Ashland will participate in a "Hare and Hound" run today sponsored by the Mansfield Ramblers.

Approximately 20 riders will compete over the "secret" cross country run. Competitors will leave Woodie Kimes at 1 p.m. Many merchandise prizes will go to the riders.

Spectator Dies

CLEVELAND—(AP)—Charles A. Bundy, 38, of Willoughby, collapsed and died yesterday while watching the charity football game between Benedictine and South high schools.

Michigan State Gets 21-21 Tie

SAN FRANCISCO — (AP) — Michigan State's Spartans, tremendous favorites, were held to a 21 to 21 tie by an underrated University of Santa Clara football team here yesterday before 20,000 fans.

The Spartans, who had held mighty Michigan to a 13-7 win, had to come from behind twice to break even. They were favored to win by 22 points.

State started out impressively, scoring a first period touchdown with Fullback Leroy Crane getting four yards to climax a 48-yard drive.

Throughout the second quarter however, the Broncos held control of the game and crossed the Michigan State goal line twice.

After State scored on a 65-yard march in the last period the Broncos put together a 70-yard drive in five plays, Billy Sheridan passing from the 22-yard line to End Ellery Williams in the end zone. Moe Chavez placekicked his third extra point and Santa Clara was out in front, 21 to 14.

Michigan State tied it up in the last few minutes, taking the ball on its own 19 and scoring in three plays. Quarterback Eugene Glick passed to Left End Ed Sobczak, who ran 40 yards to score. Smith made the extra point to deadlock the contest.

Smith failed later, however, on a crucial field goal try from the 24-yard line. It was wide.

3 Notre Dame Men on Squad

ST. LOUIS—(AP)—Three Notre Dame players and two from Michigan were chosen on the all-star football team selected for the Sporting News by 312 football experts, the publication announced yesterday. In a separate poll by the Sporting News, Doak Walker of Southern Methodist was named the outstanding player of the year.

The first team: Leon Hart of Notre Dame and Dick Rifenburg of Michigan, ends; Leo Nomellini of Minnesota and Al Wistert of Michigan, tackles; Bill Fischer of Notre Dame and Bill Healy of Georgia Tech, guards; Charles Bednarick of Pennsylvania, center; and Walker, Charles Justice, of North Carolina, Jack Jensen of California and Emil Sitko of Notre Dame, backs.

Yale Team Tops Dinghy Regatta

CHICAGO —(AP)— Bob Coulsen's three firsts helped Yale maintain a 14-point lead in the second day's sailing of the second annual collegiate fall invitational dinghy regatta at Belmont Harbor yesterday.

Yale picked up 138 points in the 11 races sailed around a three-quarter mile course by a 14-school field for a two-day total of 255 points.

Michigan was runner-up with 241 points and host Northwestern was third with 197. Other scoring: Cornell, 194; Notre Dame, 190; Ohio State, 189; Purdue, 181; Chicago, 170; Minnesota, 163; DePauw, 161; Denison (Ohio), 161; Bowling Green (Ohio), 138; Wesleyan (Conn.), 134; and Michigan State, 91.

McQuillen Wins Association Bat Crown With .329

CHICAGO — (AP) — Glenn McQuillen, Toledo outfielder, won the 1948 American association batting crown with a .329 mark, lowest average since 1917, according to official statistics released last night.

In 1917 Beals Becker of Kansas City captured the AA title with a .323 percentage mark.

Runnerup to McQuillen is Al Rosen of Kansas City, who finished with .327. Les Felming, Indianapolis, and Dick Kimble, Minneapolis-Louisville, tied for third spot with .323.

Eric Tipton, St. Paul, topped the total base mark with 308, while Frolian Fernandez of Milwaukee collected the most hits—183. McQuillen also led in the number of doubles smashed—37.

T. Cramer Beard, Indianapolis, led the runs scored department with 131. He also rapped out the most triples, 17, and drew the highest base on balls total with 128.

Mike Natisin, Columbus, was the league's home run champion with 30, one more than Jerry Witte of Louisville. Witte led in strikeouts by whiffing 122 times. Les Fleming, Indianapolis, had the most runs-batted-in with 143.

Oklahoma Nips Aggies By 19 to 15

STILLWATER, Okla.—(AP)—An Oklahoma Aggie football team, which the experts said shouldn't be in the same stadium with the University of Oklahoma, fought the Sooners yard for yard here yesterday before losing, 19-15.

The inspired, fighting Aggies could only be called great in defeat. Thirty thousand rain-soaked spectators watched the contest which was hampered by fumbles.

Oklahoma also was brilliant in victory, turning back the second half Aggie attack which three times swept within ten yards of the Sooner goal.

SCORES TWICE

Jim Spavital, hard-hitting Aggie fullback, made both his team's scores in the second and third quarters—the final touchdown a 57-yard run.

The Sooners lefthalf, Lindell Pearson, accounted for two of the Oklahoma scores—one a 50 yard romp — and Quarterback Jack Mitchell made the other. Fumbles set up two of the touchdowns. Mitchell purposely grounded the ball in his end zone in the final five seconds of play for a safety rather than take a chance on losing the ball.
